of each month, from seven to nine o'clock P. M.

## REPORT OF THE TOWN CLERK

---

The selectmen organized March 5, 1925, choosing Elmer E. Lane chairman and Milo R. Whitaker, clerk.

The following appointments were made at this time and during the year:

Burial Agent, James C. Watson.

Sealer of Weights and Measures, Edmund H. Elliot (resigned Sept.)

Sealer of Weights and Measures, William M. Sturdy (appointed Oct. 5).

Superintendent of Streets, Albert S. Lincoln.

Fire Warden, George H. Storer (appointed Jan. 25).

Registrar of Voters three years, Josiah E. Woodward, (resigned April).

Registrar of Voters to fill vacancy, Albert F. Woodward.

Inspector of Moths, Albert S. Lincoln.

Town Accountant, George J. Traviss.

Chief of Police, Benjamin B. Scanlon.

Special Police, A. Ellery Briggs, Arthur E. Cutler, Charles J. Lent, William C. Clapp, Edmund H. Elliot, John Hyland, Russell Lincoln, Jonathan M. Alexander, Joseph W. Miner.

Inspector of Milk, Edmund H. Elliott.

Public Weigher, Walter C. S. Wood, John Russell, Frederick E. Roach, Alfred Roode.

Measurer of Wood and Lumber, William E. Haskell.

Industrial Accident Agent, George J. Traviss.

Inspector of Animals, Edward J. Firestien (resigned Oct.).

Inspector of Animals, George C. Phillips (to fill vacancy).

Inspector of Slaughtering, Edward J. Firestien (resigned Oct.)

Inspector of Slaughtering, George C. Phillips (to fill vacancy).

Assessor to Fill Vacancy, Leonard A. Witherell (Apr. 2 '25).

Takers of Census, Walter L. Healy, Raymond Adair.

Junk Collectors Licenses Issued, Israel Buchler, Central Falls, R. I., William Familant, Brockton, Sam Familant, Brockton, Sam Teacher, Attleboro, J. P. Collins, Taunton.

Moderator, Homer B. Blandin, July 18, 1925.

## TOWN MEETINGS HELD, 1925.

Annual Meeting, Monday, March 2, 1925

In conformity with the warrant, a meeting of the legal voters of the Town of Norton was held on the above date.

At six o'clock A. M. the warrant was read by the moderator R. Clyde L'Amoureux, the ballot box was publicly opened by Frank A. Clapp, Constable in charge; was shown to be empty and the key held by the constable.

The following tellers were sworn by the clerk: Clyde E. Bruce, Emma Radnor, Charles J. Busher, Ethel M. Hewins, Charles M. Goslin, Henry J. Dion.

Article 1. The polls for the election of town officers named in the warrant, were opened at 6 o'clock A. M. and were closed at 4 o'clock P. M., the box registering 474 votes and agreeing with the check lists of the tellers.

The ballots were counted in open meeting and the result announced as follows:

Selectmen for three years, Milo R. Whitaker, caucus nominee, 268; Robert W. Hewins, nomination paper, 192; Blanks, 13, Scattering 1.

Overseers of the Poor for one year, Elmer E. Lane, 363; John G. Adair 376, Milo R. Whitaker 360, scattering 12, blank 312.

Town Clerk for one year, George E. Smith 438, blanks 36.  
Town Treasurer for one year, George E. Smith 438, blanks 36.

Collector of Taxes for one year, George E. Smith 439, blanks 35.

Assessor for one year to fill vacancy, Robert W. Hewins 376, blanks 95, scattering 3.

Assessor for three years, Frederick M. Draper 405, blanks 69.

Water Commissioner for three years, Walter C. S. Wood 396, blanks 77, scattering 1.

School Committee for three years, James A. Freeman 404, blanks 69, scattering 1.

Moderator for one year, Austin M. Sweet 398, blanks 73, scattering 3.

Tree Warden for one year, Albert S. Lincoln 391, blanks 82, scattering 1.

Constables for one year, elect nine. Frank A. Clapp 345. John Dumont 271. Charles M. Goslin 294. Albert S. Lincoln 305. Benjamin B. Scanlon 258. George L. Smith 305. George O. Stuart 283. William J. Tucker 298. Arthur A. Whipple 283. Oliver E. White 243.

The following were elected by acclamation:—

Measurers of Wood: Arthur E. Sweet, Walter C. S. Wood, Lewis B. Woodward, Thomas A. Beaman, E. Clifton Becker, Oliver E. White, John H. Arnold, Albert S. Lincoln, George F. Lincoln.

Measurers of Lumber: Oliver E. White, Arthur E. Sweet, Josiah E. Woodward, Daniel A. Woodward, Albert S. Lincoln.

Pound Keeper: Frank Andrews.

Field Drivers: Arthur P. Sturdy, Benjamin B. Scanlon.

Fence Viewers: Joseph Draper, Edwin R. Lincoln.

Article 2. Voted "to accept the town reports as found printed."

Article 3. Voted that the salaries be the same as those of 1924 with the exception of the Overseers of the Poor whose salaries shall be fifty dollars each, making the salaries:—Clerk, \$200.00, Treasurer \$400.00, Selectmen \$200.00 each, Accountant \$600.00, Assessors \$300.00 each, Collector \$500.00, Overseers of the Poor \$50.00 each, Moderator \$25.00.

Article 4. Voted the following appropriations:

(a) For repairs and improvement of roads, \$11,400.00.

(b) For repairs and improvement of bridges and for tools and equipment, \$1,647.50.

Walter S. Williams stated that a majority of the finance committee were in favor of turning down the State Highway aid.

On motion of Elmer E. Lane the vote to raise \$11,400.00 was declared.

Under (b) George H. Fuller for the finance committee moved "the sum of \$1200.00 be appropriated for bridges and equipment". Albert S. Lincoln said the sum would not be sufficient and amended the motion "to raise the sum of \$1647.50." Frank A. Clapp spoke in favor of the amendment saying "the town cannot afford to economize on bridge construction; that in case of accidents thru faulty conditions, the town might become involved in damage suits to a considerable extent. The town should add a cement mixer to its equipment. All bridges must now be built heavier, and not less than 4 "hard pine covering used." Mr. Lincoln explained "that his amendment analyzed \$247.50 for equipment and \$1,400. for bridges". The amendment was carried.

(c) For the support of schools, school supplies, transportation, salary of superintendent, school physician and attendance officer, \$42,000.00.

(d) For maintenance and operating expenses of the water department, \$15,500.00.

The motion for this appropriation was made by George H. O'Brien who stated "that his motion was carrying out the recommendations of the State Auditor to appropriate the amount of estimated receipts.

- (e) For support of the Public Library, \$800.00.
- (f) For Memorial Day exercises, \$150.00.
- (g) For care of common at Center and repairs, \$250.00.
- (h) For re-imbursement to the Fire District, \$1,000.00.
- (i) For payment of State Aid, \$500.00.
- (j) For the payment of Soldiers Relief \$225.00.
- (k) For the payment of Poor and Mothers Aid, \$4,000.00.
- (l) For the expense of the Board of Health, \$1,000.00.
- (m) For interest on town debt and temporary loans, \$7,200.00.
- (n) For expense of forest fires, \$600.00.
- (o) For expense of tree warden, \$250.00.
- (p) For expense of Police Department, \$1,000.00.
- (q) For payment of town debt, \$8,000.00.
- (r) For expense and repairs of town hall \$2300.00. On this article the finance committee recommended that \$700. be raised under the article. George H. O'Brien called attention to the condition of the town hall and recommended and urged necessary repairs to roof; to paint exterior and interior and to buy seats, and amended the motion of the finance committee to \$2300.00. After discussion it was so voted.
- (s) For registration and election and salaries, \$400.00.
- (t) For salaries and expenses of town officers, \$4,325.00. (Expenses selectmen \$125. Assessors \$100. Treasurer \$100. Clerk \$275. Collector \$200. Accountant \$50.)
- (u) For allotment for the reserve fund, \$1000.00.
- (v) For the District Nursing Association (re-imbursement) \$750.
- (w) For Sealer of Weights and Measures, \$125.00.
- (x) For expense of printing and distributing town reports, \$272.20.
- (y) For insurance of public buildings employers liability and equipment of Sealer of Weights and Measures, \$600.00.
- (z) For the removal of snow, \$1000.00.

Article 5. For suppression of moths, \$1,300.00.

Article 6. For the towns share of maintenance of B. C. T. B. Hospital, \$1,505.51.

Article 7. Motion made by Robert Waterman "that Vinton I. Reynolds, Rev. Marion J. Creeger, Charles S. Randall, Charles O. Bruce, William H. Russell, Joseph W. Crowshaw, be a committee to investigate whether there is manufacture

and sale of intoxicating liquor in the Town of Norton, said committee to report at a future town meeting". So voted.

Article 8. That the town treasurer with the approval of the selectmen, be and hereby is authorized to borrow from time to time in anticipation of the revenue of the municipal year beginning January 1, 1925 to an amount not exceeding in aggregate \$68,000.00 and to issue a note or notes of the town therefor payable within one year. Any debt or debts incurred under this vote to be paid from the revenue of said municipal year.

Article 9. That the town treasurer with the approval of the selectmen be authorized to borrow on and after January 1, 1926, in anticipation of the revenue of the financial year beginning Jan. 1, 1926. (According to Sec. 5. Chap. 44, General Laws).

Article 10. Voted to commit the tax warrant to the Tax Collector and the salary voted at this meeting be paid him.

Article 11. Voted for payment of the traffic signal at the Center \$267.00.

Article 12. For legal services, \$250.00.

Article 13. Following is an abstract from the report of Miss Cornish, chairman of the reforestation committee. (The complete report is on file.)

"The reforestation work of the committee in Norton is as follows:—5000 pines and 1000 spruces were obtained free of charge from the State Dept. of Forestry last Spring.

These trees were planted on the North side of the road at the town farm. On Arbor Day many of the pupils of the public schools and a large number of girls from the House in the Pines gathered at the town farm and planted about 1000 of these trees. The chairman of the reforestation committee has recently visited the town farm and finds that most of these trees have lived and are doing well.

The trees planted in 1923 on the South side of the road are showing considerable growth."

Recommendations were made for the coming year 1st:—To appoint a committee to continue the work of reforestation.

2d. That 2000 trees be obtained from the State and be planted in scattered places on the farm.

3rd. That a fire line be cut on the R. R. track side to lessen the danger of fire. 4th. That the natural growth of young pine be trimmed after the advice of the State Forester. 5th. That investigation be made as to the possibility of adding to our town forest.

Voted to accept the report and that the recommendations therein be carried out. Voted Gertrude E. Cornish, Austin M. Sweet and Joseph W. Crowshaw be continued as the committee in charge.

Article 14. To carry out the work of the reforestation committee, \$200.00.

Article 15. Street Lighting: Voted "that the town contract with the Norton Electric Light and Power Company to light certain streets or parts thereof as follows: including the lights now at Chartley and continuing on Main street as far as the electric light line now extends; on Mansfield Avenue and on Taunton Avenue as far as the electric light line now extends; extra lights around the Common at the Center; a light at Chartley corner; a light at Valentines corner and continue through Harveys corner, through Barrowsville, totalling 190 lights at \$16.50 per light per year, and to raise and appropriate the sum of \$1,850.00 therefor.

Article 16. Voted the sum of \$1,650.00 to settle the claim of Willis Goslin.

Article 17. Voted the sum of \$10,000.00 from surplus revenue to reduce taxation.

Article 18. Voted that the money received from the State in accordance with Chapter 480 Acts of 1924 amounting to \$1,365.21 be set aside as a special fund to be held until plans for a memorial to World War Veterans shall be made and accepted, and that this fund shall be applied for this purpose.

Article 19. This article regarding additional fees for slaughtering, was accepted and it was so voted.

Article 20. Voted to present the Attleboro Fireman's Relief Association, \$100.00 and to the Mansfield Fireman's Relief Association \$50.00.

Article 21. For the construction of a cement bridge on Plain St., \$2,500.00.

Article 22. Lena C. Whitaker chairman of the committee on investigation of the needs of schools made a report, and also the following motion that was signed by Lena C. Whitaker, James J. Flaherty, Raymond F. Briggs, James A. Freeman, Robert W. Hewins, Mabel H. Perry.

"moved that the joint committee recommends that a four room building be made of the Sturdy School and that the sum of \$500.00 be appropriated for securing plans and estimates therefor and that a committee be appointed to obtain plans and estimates and report at a special or adjourned town meeting as early in April 1925 as expedient."

Moved by Walter S. Williams and so voted "that the present committee be continued and that the sum of \$500.00 be appropriated as recommended and that the committee report at the next town meeting."

Article 23. Chairman George H. O'Brien of the town hall committee stated that "under the circumstances the committee had no further report to make."

Articles 24 and 25 regarding the sale of the car barn and personal property of the N. T. & A. R. R., were both dismissed from the warrant.

The moderator now announced the appointment of the finance committee as follows:

For one year: George B. Clements, John G. Adair, Clarence N. Davis, Clarence F. Wiley, Jennie L. Sturdy.

For two years: Thomas W. Curran, Alfred W. Clapp, George H. Fuller, Arthur L. Valentine, Ethel M. Hewins.

For three years: Edwin R. Lincoln, Raymond F. Briggs, Robert W. Hewins, Vinton I. Reynolds, Gertrude E. Cornish.  
Meeting adjourned.

Attest: GEORGE E. SMITH, Town Clerk

**Special Town Meeting, May 12, 1925, at 8  
o'clock P. M.**

Article 1. To choose a moderator to preside at said meeting.

Article 2. To hear the report of the committee appointed "to investigate the need for enlarged school accommodations at the Barrowsville and Sturdy schools and to report thereon at a future meeting."

Article 3. To raise and appropriate a sum of money and to authorize the issuing of notes or bonds of the town to carry out the recommendations of the said committee or take any action thereon.

The above meeting was called to order by the town clerk and the warrant read by him. Homer Blandin was elected Moderator of the meeting, and Article 2 of the warrant was taken up, and report of committee called for.

Mrs. Lena Whitaker for the committee reviewed the school situation at Barrowsville and Chartley, in a paper signed by members of the committee:—Lena C. Whitaker, James J. Flaherty, James A. Freeman, Mabel H. Perry.

Motion was made that the report of the committee be accepted, and the committee be retained pending action under Article 3, and it was so voted.

George H. Fuller for the finance committee, stated that the finance committee was unanimous in the recommendation of the expenditure of twenty thousand dollars in the improvement of the Chartley school and sixteen thousand eight hundred seventy-five dollars for the Barrowsville school, and made the following motion that was seconded by Vinton Reynold. Moved—"that for the purpose of carrying out the recommendations of the committee appointed to investigate the needs for enlarged school accomodations at the Barrowsville and Sturdy Schools, there be raised and appropriated the sum of twenty thousand dollars, for the purpose of acquiring a lot of land consisting of 12,000 square feet, more or less, on the Northerly or Attleboro side of the Sturdy school building, so called, and for construction and original equipping of a building on the present school lot or on the land acquired as above, or on either or both of said lots; and that there be raised and appropriated the sum of \$16,875, for the purpose of building an addition to the Barrowsville school, so called, said addition to increase the floor space of said building, and for the original equipping and furnishing of said addition, and to make certain minor changes in the old school building; and for the purpose of meeting the appropriation made for acquiring land and for the new school building, there be raised in the tax levy of the current year the sum of \$650.00 and \$19,350.00 to be raised by a loan, and for making changes in the old Barrowsville school building there be raised in the tax levy of the current year the sum of \$1575.00, and for the addition to the Barrowsville school building there be raised in the tax levy of the current year the sum of \$650.00; and that there be borrowed the sum of \$14,650.00. The total amount to be borrowed under this vote shall not exceed \$34,000 and the treasurer with the approval of the selectmen is hereby authorized to borrow this sum and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19, Chapter 44 of the general laws, so that the whole loan shall be paid in not more than twenty years from the date of issue of the first bond or note, or at such earlier dates as the treasurer and the selectmen may determine."

The moderator invited discussion on this motion but no one seemed inclined to discuss or comment, and the following tellers were appointed by the moderator and qualified by the clerk, Alfred Clapp, Charles Randall, Joseph E. Gilman.

A ballot was ordered and eighty-seven votes were cast, fifty-eight were necessary for choice, and it was found that seventy-three had voted in the affirmative and fourteen in the negative, and the motion was declared carried. Motion was made by Mr. Reynolds "that the same committee that has

had the matter in hand be empowered to carry out the above vote". This motion was seconded and so voted. Voted to adjourn.

Attest: GEORGE E. SMITH, Clerk.

May 12, 1925.

**Special Town Meeting July 18, 1925, at eight  
o'clock P. M.**

Article 1. To choose a moderator to preside at said meeting.

Article 2. To see if the town will vote to raise and appropriate an additional sum of money in order to complete the new school building at Chartley, granted by vote of the town May 12, 1925, and to authorize the issue of notes or bonds in payment of the same.

Article 3. To see if the town will vote to raise and appropriate a sum of money for a two room addition to the present Sturdy School Building.

Article 4. To see if the town will vote to rescind that part of the vote of May 12, 1925 whereby the town voted to raise and appropriate the sum of \$20,000. for a new school building at Chartley.

The selectmen appointed Homer Blandin moderator, and his appointment was confirmed by vote of the house.

Article 2 was now taken up and Mrs. Lena Whitaker for the building committee explained "that it had been found that the \$20,000.00 voted by the town was insufficient to complete the building plans at Chartley", and argued "the advisability of the substitute plan: that of an addition, to the present building, thus having the entire school under one roof.

Mrs. Whitaker requested that article 3 be first considered. Vinton I. Reynolds argued that the plan under article 3 had not been submitted to the finance committee and it would be illegal to act under these circumstances.

James A. Freeman replied "that it was put before a meeting of the finance committee but not considered."

Mr. Reynolds:—"The proposition in itself has never been considered."

Mr. Freeman:—"It was brought up at an informal meeting and discussed."

Mr. Reynolds:—"The only legal vote that can be taken is one to raise an additional sum of money."

W. C. S. Wood:—"Should we vote this we would have two votes; one to build and one to build an addition. I think it will be illegal."

Walter S. Williams:—"I agree with Mr. Wood."

The moderator ruled "that the finance committee may pass on articles, but should they fail to do so the action of the town will not be affected. The motion to take up article 3 first, was the put to vote and declared lost.

It was then moved by Walter S. Williams "to take up article 4" and so voted. After a debate it was ruled by the moderator that the vote of May 12, 1925 could be rescinded, and motion was made by W. C. S. Wood "to rescind the vote under article 4 whereby the town voted \$20,000.00 for a new building at Chartley" Declared carried without an opposing voice.

Motion was made by Walter S. Williams "that article 1, 2, and 3 of the warrant be laid on the table." Vote was taken and the chair being in doubt, a standing vote was counted 36 being in favor and 50 opposed.

Moved and voted that article 2, be dismissed from the warrant.

Article 3 was now taken up, and the following motion made by Mrs. Whitaker: "that there be appropriated the sum of \$26,000. for the purpose of remodelling and building an addition to the Sturdy school building, and to meet the expense of remodelling the Sturdy school building, there be raised in the tax levy of the current year the sum of \$5000.00, and for the purpose of building an addition to the Sturdy school building, and for the original equipment and furnishing for said addition. The Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$21,000.00, and to issue bonds or notes of the town therefor; said bonds or notes to be payable in accordance with the provisions of Sec. 19 Chap. 44 of the General Laws, so that the whole loan shall be paid in not more than 20 years from the date of issue of the first bond or note, or at such earlier date as the Treasurer may determine. The above appropriation to be expended under the direction of the present building committee;

Speakers in favor of the motion were Laurence J. Nourse, superintendent of schools, Mabel H. Perry, Jennie L. Sturdy, James A. Freeman. Speakers who argued for a postponement of decision of this school problem were George H. O'Brien, Vinton I. Reynolds, Walter S. Williams, Clarence N. Davis, Walter C. S. Wood.

A motion made to adjourn was lost.

A ballot was now ordered and the following tellers qualified: Thomas W. Curran, Alfred W. Clapp, Arthur T. Sturdy. The vote was whole number 96, necessary for choice 64, "yes" 53. "No" 43.

Motion declared lost and meeting adjourned.

Attest: GEO. E. SMITH, Clerk.

### Special Town Meeting July 29, 1925

Article 1. To see if the town will vote to raise and appropriate a sum of money for a two room addition to the present school building.

Article 2. To see if the town will vote to purchase a portable school building and raise and appropriate a sum of money to pay for the same.

Article 3. To see if the town will vote to transfer any surplus that may be left over from the building of the new cement bridge on Plain St. to the regular appropriation for bridges.

Article 4. To see if the town will vote to authorize the selectmen to cut a small portion from the southwest corner of the Common (Library Square) to widen the street.

Under Article 1 motion was offered by Robert W. Hewins "that there be appropriated the sum of \$26,000.00 for the purpose of remodelling and building an addition to the Sturdy school building; and that to meet the expense of remodelling the Sturdy school building there be raised in the tax levy of the current year the sum of \$5000.00 and for the purpose of building an addition to the Sturdy school building and for the original equipment and furnishing of said addition the treasurer with the approval of the selectmen be and hereby is authorized to borrow the sum of \$21,000.00 and to issue bonds or notes of the town therefor; said bonds or notes to be payable in accordance with the provision of Sec. 19. Chap. 44 of the General Laws; so that the whole loan shall be paid in not more than 20 years from the date of issue of the first bond or note, or at such earlier date as the treasurer and selectmen may determine."

George H. Fuller for the finance com. stated that the motion as read was approved by them.

Robert W. Hewins was recognized by the moderator and stated "that some were not informed and may want to know about the proposed plans and what their fulfillment means to the children and to the parents." Mr. Hewins then sketched the events up to the present time and called attention to the congested condition of the Chartley school. "The making of a four room building seems to be the only practical way, and we have found it can be done for \$26,000.00 complete. The economy in heating and in other ways is greater under one roof."

Vinton I. Reynolds: "The building committee has acknowledged that it has received some education. In three ways we have a right to differ with them. The committee tells us to spend the money at a certain place, at a certain time,

and in a certain way. As to the place we differ for we do not believe in adding to a building where there is not sufficient playground at present. It is not the time to make these changes, and I beg to differ from the architect as to the way, for the addition of two rooms will cut off light, and the arrangement of sanitation will not be satisfactory."

Mr. Hewins explained that the committee had been over this ground, and how the heating engineers had overcome these objections referred to.

J. W. Alexander protested against the increased tax levy the current year.

A ballot was ordered with the following qualified tellers to check the list and to count the ballots.

Thomas W. Curran, Alfred W. Clapp, Arthur T. Sturdy.

230 ballots were cast, necessary for choice 154, "yes" 96, "no" 134.

Article 2 Dismissed from the warrant.

Article 3 Voted to make the transfer.

Article 4 Frank A. Clapp spoke in opposition to the motion "that the selectmen be so authorized" saying "at the present time Electric R. R. rails encroach upon the highway, and if the rails were straightened at that point, or in case the road was abandoned, were taken up, the highway would be sufficiently widened." Mr. Clapp estimated that to make the change would cost upwards of a thousand dollars.

Albert S. Lincoln said "when the electric road stops the State will take the matter in hand without expense to the town".

The motion now put to vote, was declared lost.

Meeting now adjourned.

(Homer Blandin Moderator.)

Attest: GEORGE E. SMITH, Clerk.

## TOWN CENSUS RETURNS 1925

August 20, 1925, certified and took individual oaths of Elmer E. Lane, John G. Adair, Milo R. Whitaker, Selectmen of Norton, to the census returns of 1925. Population as certified:—2769.

GEORGE E. SMITH,

Justice of the Peace.

---

April 28—Lloyd A. Field Trust Fund.

May 6—John Kaye Trust Fund.

August 5—Charles C. Hagerty Trust Fund.

August 5—Hodges & Field Trust Fund.

November 11—Edgar A. Freeman Trust Fund.

December 17—Isaac W. Wilcox Trust Fund.

---

## REGISTRARS OF VOTERS

Mr. Josiah E. Woodward after thirty years service on the Board of Registrars wished to be relieved of the work, and Albert S. Woodward was appointed for the unexpired term.

Meetings have been held at convenient places for certifying nomination papers, adding names to the list and for revision.

On April 1st, the whole number of registered voters certified to the State Secretary was nine hundred sixty eight, (968).

The registration was increased in 1924, by students dwelling in town who wished to exercise their right to vote at State and National election. The present revised list of registered voters is now a reasonably accurate statement of permanent dwellers.

GEORGE E. SMITH, Clerk.

HOMER L. LANE,

THOMAS W. CURRAN,

ALBERT S. WOODWARD,

Registrars.

## LIST OF JURORS

| Horses.....                                 | 195            |                |
| Cows.....                                   | 379            |                |
| Other neat cattle.....                      | 50             |                |
| Swine.....                                  | 75             |                |
| Sheep and Goats.....                        | 10             |                |
| Fowl.....                                   | 7,321          |                |
| Value of fowl assessed.....                 |                | \$8,057.00     |
| Number of dwelling houses.....              | 672            |                |
| Number of acres of land.....                | 16,880         |                |

Attention is called to the following items:—

1. Increase in value of real estate of \$32,250.00. This increase is due to new houses and other small buildings.
2. Decrease in value of personal estate of \$27,675.00 due mainly to the depreciation in value of used automobiles. The value of new cars being insufficient to offset the loss by depreciation of the old ones.

3. Increase in gross to be raised \$14,667.77 due to increase in the following items:—\$12,776.16 in appropriations, \$1,640.00 State tax, \$246.01 County tax and \$5.60 State tax under Section 41 Chapter 44 and Sections 17 and 29 Chapter 132.

4. Increase of estimated receipts of \$5,217.02 due to \$5,000.00 more being applied from town surplus than in 1924 and other small differences.

5. Increase in net to be raised by taxation was \$9,450.75 due to increased appropriations and higher State and County tax.

The State has increased the valuation, on its books, of about forty towns to the \$3,000,000.00 mark or more which means these towns will receive no more School or State Highway aid from the State.

The towns have appointed a committee to try and get a bill through the legislature that will give them some means of relief. If this is not accomplished it will mean the Town of Norton will lose about \$10,000.00 in State aid in 1926 and thereafter.

## TOWN ACCOUNTANT'S REPORT

In presenting my report for 1925 it seems appropriate to review the years business of the Water Department, it being the only revenue producing department of the Town. A brief summary of operations is as follows:—

### Income

|                           |             |
|---------------------------|-------------|
| Water Service billed..... | \$16,724.88 |
| Less abatements.....      | 156.99      |
|                           | \$16,567.89 |

### Expense

|                           |             |
|---------------------------|-------------|
| Department expense.....   | \$8,953.51  |
| Payment of Loan.....      | 2,141.00    |
| Payment of interest ..... | 4,908.80    |
|                           | \$16,003.31 |

It will be noted that over fifteen thousand dollars have been added to the Surplus which, at first glance, would seem to indicate a prosperous condition. A deeper analysis, however, will show that over thirteen thousand dollars of this came from unexpended balances of appropriations showing that a considerable amount was raised by Taxation unnecessarily, and I draw this situation to the attention of the Finance Committee and the heads of all departments.

After two years close contact with your Town Government I offer for your serious consideration the following suggestions.

The election of Overseers of Poor who would conduct this department and act as Board of Health, with no other duties to perform, thus separating these departments from the Selectmen's. This arrangement would, I believe, add greatly to the efficiency of the departments.

That more complete records of the Poor and Health departments be kept.

The collection and binding into convenient volumes of the Town Reports of past years so that a permanent record will be available at all times.

Unpaid bills incurred in 1925 in my hands at the close of business were as follows:—

|                                                       |         |
|-------------------------------------------------------|---------|
| Soldiers Relief.....                                  | \$88.00 |
| Board of Health.....                                  | 129.00  |
| Police.....                                           | 201.60  |
| Street Lighting.....                                  | 261.25  |
| Committee Expense Chartley School Addition....        | 549.60  |
| The last item has not been approved by the Committee. |         |

G. J. TRAVISS  
Town Accountant.

## REPORT OF SCHOOL COMMITTEE

For the Year 1925

### SCHOOL OFFICERS

#### Committee

- ROBERT W. HEWINS, Chairman      Term expires 1926  
Telephone—Norton 25-3
- MISS MABEL H. PERRY, Secretary      Term expires 1927  
Telephone—Norton 101-2
- JAMES A. FREEMAN      Term expires 1928  
Telephone—Attleboro 254-R-4

The committee meets in the High School on the first Monday of each month at 8 P. M.

Union Superintendent of Schools  
Norton and Plainville

LAURENCE G. NOURSE, Telephone Norton 59-4  
Office Norton 19-3

Authorized to issue labor certificates

CHARLES S. RANDALL

Telephone Norton 28-3

Attendance Officer

GEORGE H. STORER  
Telephone 18-11

## SCHOOL CALENDAR 1925-1926

## Elementary Schools

Fall term begins Sept. 8, 1925.  
Fall term closes Dec. 18, 1925.  
Winter term begins Jan. 4, 1926.  
Winter term closes Mar. 26, 1926.  
Spring term begins April 5, 1926  
Spring term closes June 18, 1926.

## High School

Fall term begins Sept. 8, 1925.  
Fall term closes Dec. 24, 1925.  
Winter term begins Jan. 4, 1926.  
Winter term closes Mar. 26, 1926.  
Spring term begins April 5, 1926.  
Spring term closes June 25, 1926.  
High School graduation June 24, 1926.

## SCHOOL SESSION

High School, 8 A. M. to 1 P. M.

Elementary Schools, 9 A. M. to 12 Noon and 1 P. M., to 3 P. M.

## HOLIDAYS

January 1, February 22, April 19, Memorial Day, October 12,  
Thanksgiving Day and the day following.

## NO SCHOOL SIGNALS

7.10 A. M. Three double blasts of the whistles at the plants of Sprague and Reynolds, Talbot Wool Combing Co. and Defiance Mfg. Co. signify no morning session for any school.

7.45 A. M. Same signal signifies no morning session in the elementary schools.

11.45 A. M. Same signal signifies no afternoon session in the elementary schools.

Note. There will be an afternoon session in the elementary schools unless the 11.45 A. M. signal is given.

## REPORT OF THE SCHOOL COMMITTEE

---

To the Citizens of Norton:

The annual report of the School Committee of Norton, for the year ending December 31, 1925, is herewith submitted.

Our town is to be complimented in securing the services of Supt. Laurence G. Nourse, who has worked faithfully in the interests of education, and who is a real leader of school affairs. Under Supt. Nourse's able direction, many changes have been wrought in school management, courses of study, methods of teaching, and improvement of the professional spirit of our teachers.

Your Committee recognizes and appreciates the willing co-operation of Mr. Randall, Principal of the High School, other principals, and all teachers in taking on extra work, necessitated by a higher standard of instruction. There have been few changes in the teaching corps this year. We are fortunate in keeping many of our teachers of experience, and the new members of our teaching force are proving themselves worthy. One new position has been created this year—that of Supervisor of Penmanship, Miss Helen J. Caffrey of the High School, appointed to that position, has given teachers and pupils helpful instruction in the Palmer System; and great progress is constantly being made along this line.

The school year is short enough at its best. When one considers that the greatest number of days any school in town was in session last year was one hundred and eighty-eight, and the amount of money necessary for the up-keep of our educational plant, it behooves all parents and guardians to do all in their power to send the children in their charge regularly to school. We are pleased to note a decrease in tardiness and dismissal and a higher percentage of attendance, than in previous years, which has been stimulated by the awarding of perfect attendance certificates in June, by the Supt. of Schools. Good attendance has been due to greater effort on the part of the home, in establishing a regular routine for the child, and to the watchful care of the pupils, by our School Nurse, Miss Duval, by our new School Physician, Dr. Clarke, and by our Attendance Officer, Mr. Storer. Above all, it is the teacher, who makes the school. If she makes it interesting, a pupil never wishes to be absent; he well knows a day lost never can

be regained. Last, but not least, we commend the work of our faithful janitors, who maintain clean, well-ventilated buildings of even temperature, healthful school homes for our future citizens.

The transportation problem will ever be with us, as Norton has a large area and a scattered population. This one item alone greatly reduces your generous appropriation to the schools, but it is unavoidable. This past year, transportation contracts between your Committee and barge owners or drivers have been duly executed. The men in charge of the school barges are careful and competent and have shown great willingness to comply with all requirements in the operation of their motor vehicles, for the safety of their charges.

The School Committee, acting with three other persons as a Joint Committee, has thoroughly investigated the overcrowded condition of your schools, recommended additional accommodations at Barrowsville and Chartley, and has seen the erection of an addition at the Barrowsville School, this year. We regret our inability to improve the serious congested conditions at Chartley, due to the lack of sufficient funds in the special appropriation for such work. We take the liberty of quoting extracts from the report of the agents of the State Board of Education, regarding school accommodations in Norton ten years ago. On (p. 11) of the Annual Report, dated Jan. 1, 1915, we read, "In our opinion additional accommodations are needed also at Chartley. The present building is badly over-crowded. Furthermore, the Chartley section of the town is constantly increasing in population. Consequently, the conditions at Chartley will grow worse from year to year if not relieved. In our opinion it will be necessary in order to provide the needed additional accommodations, to erect in that part of the town a two-room building which can be enlarged when necessary, said building to be located so as to be convenient to the largest number of children." This recommendation, made ten years ago, has not been taken seriously by you. Isn't it time to awaken? Such conditions have not improved with age. Now, we are face to face with the problem of still more inadequate seating capacity at Chartley and overcrowding of the Norton Center School.

All feel the burden of taxation. Your Committee appreciates your confidence in voting the generous appropriation of \$42,000 to the School Department last year and has aimed to organize and conduct the work of the schools, on an economical basis, having an unexpended balance of \$995.29 Jan. 1, 1926. We ask even greater, financial support this year. President Coolidge says, "Expenditures for education are to be looked upon as public investments. The man of trained intelligence

is a public asset. The training and the intelligence may belong to him, but the results belong to us. We go forward only through the trained intelligence of individuals, but we, not the individuals, are the beneficiaries of that trained intelligence. In the very nature of things we cannot all have the training but we can all have the benefits."

Our school system is the product of social responsibility. The schools supported by taxation are public enterprises, which concern all. Dr. Walter E. Ranger, State Commissioner of Education of Rhode Island, speaking before a Rotary Club remarked, "Investment in schools, through taxation, means public advantage, intelligent citizenry of the future and advancement through education. The safety of a free and democratic government rests on intelligence".

We, as a Committee, respectfully ask you to consider the above statements. When an increased appropriation for the maintenance of your schools, or a special appropriation for a new school is asked, be willing to pay the increased tax, so that the youth of our town can have the very best chance for an education, in commodious school houses of ample seating capacity, which contribute so largely to the physical well-being and mental progress of our children.

In concluding this report, we ask your further attention and careful consideration of the reports of the Superintendent of Schools, supervisors, and teachers in charge of special departments of the work.

The review of the year gives evidence, while much remains unaccomplished, that satisfactory progress has been made. We are confident with your helpful and intelligent support and with the broader vision, that comes from greater knowledge and experience, that progress will be continued.

Your Committee wishes to express its sincere appreciation of the work and interest of all, who share in the privilege of promoting the welfare of the children of Norton, through the public schools.

Respectfully submitted,

Robert W. Hewins, Chairman.  
Mabel H. Perry, Secretary.  
James A. Freeman.

Norton, Mass., January 1, 1926.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

Jan. 1, 1926.

To the School Committee of Norton:

I have the honor of submitting my second annual report on the Norton Schools and the thirty-second in the series of reports.

### SCHOLASTIC PROGRESS

#### I. Course of Study

The course of study in the elementary schools which has been in use was made in 1914. This is very brief. It needs a thorough revision and enlargement. At the present time a committee of superintendents is at work on the revision of the curriculum under the direction of the State Department of Education. Copies of the courses which have been formulated in Norton have been sent to this committee. The work of comparison and revision of courses of study which have been submitted from all over the state will take some time but we can look forward to some definite help and suggestions as the results of this state-wide committee.

Following the adoption of new textbooks in arithmetic definite standards for each grade were set up. Therefore each grade in all schools has the same amount and kind of work to be done. On the basis of this course of study I gave a test in arithmetic in all schools. Several grades made a median score of 100%. I considered the results satisfactory and commend the efforts of the teachers. The average for all grades in Norton was 80%: by schools, Center School 77%, Sturdy School 86%, Barrowsville School 87%, Number Eight School 71%.

In teaching Spelling the course of study is the Horn-Ashbaugh series. I find good results. I have regularly given a term review test in all schools. The table showing the scores made is given below under tests.

Interest in physical education was greatly stimulated by the visit of Mr. Carl Schrader of the State Department of Education. Following his visit I asked a committee of teachers and principals under the chairmanship of Mr. Charles Randall to formulate a definite program in physical education for each grade using the state pamphlet written by Mr. Schrader as the foundation for the work. This plan was very successfully carried out. As a direct result of this effort a very interesting May Day program was given on the playground near each school.

During the past year the language instruction, which has been for several years based on the Pearson-Kirchwey series of books, has been stimulated by the emphasis on oral and written compositions. Methods of instruction, aims, and standards have been established. At the teachers' meeting on this topic, many helpful suggestions were given by Miss Mabel H. Perry. I note improvement in the classrooms. The aim of clear, forceful expression in oral and written form must be constantly kept before the pupils. Training in this type of instruction is started in the first grade. An excellent start during the past year was made by the primary grades. Samples of written work are occasionally sent to the office. Further attention to grammar instruction and the organization of new standards are under way at present.

## II. Tests.

A test of thirty-one most common language errors was composed by the school of education of Boston University. This was used in a large number of towns and cities in Massachusetts last year. Six weeks after the giving of this test I gave another one covering the same errors. The improvement made may be seen in the following table. The figures are the number of errors corrected of which there were thirty-one.

The highest average gain of any grade was 11 points or about 33%. In averages for all schools the grade gain was from no change (in one case) to 5 points. The scores in Plainville are included for the purpose of comparison.

## Language Correction Tests

Feb. 12 and Mar.  
27, 1925

## Median Scores

| Schools       | Grades |    |    |    |    |    |    | High School |    |    |    |
|---------------|--------|----|----|----|----|----|----|-------------|----|----|----|
|               |        | 3  | 4  | 5  | 6  | 7  | 8  | 9           | 10 | 11 | 12 |
| Norton-Center | Feb.   | 3  | 10 | 14 | 21 | 19 | 23 | 25          | 24 | 26 | 27 |
|               | Mar.   | 12 | 13 | 18 | 24 | 27 | 29 | 29          | 28 | 29 | 29 |
| Sturdy        | Feb.   | 22 | 18 | 23 | 21 | 24 | 24 | —           | —  | —  | —  |
|               | Mar.   | 20 | 29 | 27 | 21 | 25 | 24 | —           | —  | —  | —  |
| Barrows-ville | Feb.   | 2  | 6  | 12 | 10 | 18 | 17 | —           | —  | —  | —  |
|               | Mar.   | 9  | 9  | 12 | 21 | 23 | 26 | —           | —  | —  | —  |
| No. 8         | Feb.   | 4  | —  | 22 | 15 | —  | —  | —           | —  | —  | —  |
|               | Mar.   | 7  | —  | 14 | 20 | —  | —  | —           | —  | —  | —  |
| Plainville    | Feb.   | 8  | 16 | 18 | 19 | 20 | 23 | 25          | 26 | 25 | 25 |
|               | Mar.   | 14 | 16 | 19 | 24 | 25 | 25 | 27          | 26 | 27 | 29 |
| Average       | Feb.   | 8  | 13 | 18 | 17 | 20 | 22 | 25          | 25 | 26 | 26 |
|               | Mar.   | 12 | 17 | 18 | 22 | 25 | 26 | 28          | 27 | 28 | 29 |

Perfect score was 31 points.

In Arithmetic the testing work of last year has been reported above under courses of study. This last month we took part in a state-wide test on fundamentals in Arithmetic. A comparison of results will be available in a few weeks.

The teaching of Reading has been much under consideration at teachers' meetings. This discussion has been followed by the use of the Stanford Achievement Tests in Reading which I gave personally to all pupils on Nov. 17 and 18, 1925. These tests are similar in form to many psychological tests and thus furnish some help in judging the pupil's background. Grade IX in the table is the Freshman Class of the high school. Tests for the first and second grade are being given now.

The following table gives the total score for the three tests in paragraph, sentence, and word meaning. The figures are the average scores for each grade in each school. These may be compared with the standards in the last row. The papers are on file in the office for reference.

This undertaking has taken much time and effort but has given data that is very valuable in the interpretation of the work of individual pupils, not only in reading but in all school work and will be important in considering promotion.

## Stanford Achievement Tests in Reading.

| School       | Grade |     |     |     |     |      |     |
|--------------|-------|-----|-----|-----|-----|------|-----|
|              | III   | IV  | V   | VI  | VII | VIII | IX  |
| Norton       | 75    | 92  | 114 | 153 | 149 | 179  | 201 |
| Center       | 55    | 110 | 122 | 165 | 161 | 214  | —   |
| Sturdy       | 33    | 79  | 94  | 89  | 131 | 143  | —   |
| Barrowsville | 29    | 93  | —   | 125 | —   | —    | —   |
| No. 8        | 45    | 103 | 121 | 110 | 153 | 183  | 194 |
| Plainville   | 49    | 88  | 122 | 149 | 169 | 186  | 203 |
| Standards    |       |     |     |     |     |      |     |

The results of the term tests in Spelling for December, March, and June of the last school year follow. They show gratifying results and steady progress in general during the year.

## Spelling Results of Term Tests

## Average Percentages for Grades and Schools

| School            | Grade | 8  | 7  | 6  | 5   | 4   | 3   | 2  | Average for<br>1 School |    |

|                   | June  | —  | —  | 83 | 95  | —   | 95  | 84 | 95                      | 90 |

## III. Teachers' Meetings.

Teachers' meetings are held monthly. At these I outline the plans which I have for the improvement of instruction and the establishment of standards to be secured. Nearly all of the above efforts have had their beginning at these meetings. The mutual understanding and cooperation that is thus secured is absolutely necessary for the most efficient functioning of the schools. The time taken requires extra effort on the part of all but results justify it. I wish here to commend the cooperation and efforts of the teachers.

#### IV. Supervision of Penmanship.

Your sanction to the establishment of supervision of penmanship under Miss Helen J. Caffrey has been amply justified. I commend for careful consideration the report which is included this year for the first time. Nearly every town uses the Palmer system in penmanship but, however, very few reach the standards. This is usually because of lack of full use of the system or through lack of proper organization of the work. Last spring I invited a representative of the company to speak at a teachers' meeting. Methods and aims were clearly outlined and demonstrated. A sample of the work of all pupils was collected and sent to the company for correction. A number of pupils won awards. From this start Miss Caffrey has gone steadily forward with very satisfactory results. With a continuance of this supervision I believe that in a short time we can feel proud of the results in penmanship.

### HIGH SCHOOL

With no change from last year in its teaching staff the high school has progressed well under the direction of Mr. Charles S. Randall, the principal. The continuity of the work because of no changes in the teachers is very essential. The high school is profiting very much from this fact. I believe the spirit of the school has improved. This is a very intangible factor but an extremely important one. Various school activities have helped in giving the pupils an opportunity for fuller expression of their interests along worth-while lines. I commend the report of the principal for details of the activities of the high school.

### SCHOOL BUILDINGS

#### I. Barrowsville School.

The addition of a third classroom and the remodeling of the old building have made an excellent school building. The new room is an ideal classroom. The general arrangement is very satisfactory. The increase in the time of the janitor is working for increased efficiency of the school plant. When increased accommodations are necessary—which is probable within a few years—this can be easily furnished.

#### II. Sturdy School.

The failure to secure enlarged accommodations in this school finds this building more crowded than last year. The facilities at this school are not satisfactory for the number of pupils. Because the number of pupils exceeded the number

permitted by law for one teacher some change was necessary in the Center School and in this school. As the primary room was the only one where more desks could be placed this was done in that room. The transfer of a few pupils from the Center School and the regrouping of the grades in the Sturdy School with the addition of a new teacher has been carried out. This has relieved the worst condition in both schools. I believe the results are justifying the approval which you gave to this plan. Now, each teacher has but two grades under her charge. This is a step in the right direction. The two primary teachers have to use the same large primary room together. Many people have not realized that several teachers have more than one grade of pupils. The above change is an improvement in the teaching conditions but the physical conditions can be considered at all satisfactory only on the grounds of a temporary necessity. A well-equipped school of four rooms is necessary next September.

### III. Center School.

The school plant is in good condition and is well cared for by the janitor, Mr. Thomas Gale, who has given so many years of faithful efforts for that purpose. There is no prospect of any crowding in the high school. Two grade rooms have this fall been badly overcrowded—the room for the 5th and 6th grades and the room for the 3rd and 4th grades. These rooms have been filled with desks until they are beyond the legal number. The legal number of pupils was made possible by the adoption of the plan of reorganization with a new teacher at the Sturdy School. If enlarged accommodations are not made possible elsewhere allowing the transfer of some of the pupils who come the greatest distances, one or two additional rooms will be necessary within a year.

### IV. Number Eight School.

The plan of a one room school can not be considered desirable. There are of necessity too many disadvantages. This school is doing good work under its conditions.

The reports of those charged with special responsibilities in the school staff are attached. I believe they give a careful statement of the status of these special lines of work. I commend them to your thoughtful consideration.

Several tables of school statistics follow. These give much valuable information. The increase in the percentage of attendance for the whole town from 92% to 94.4% was very exceptional. Weather conditions favored this increase. Also the plan of awarding certificates for perfect attendance helped

to increase the interest in good attendance. The list of pupils receiving certificates is included with this report. Also of special interest is the table giving the enrolments at the present time and at the same time last year.

I wish to thank the members of the school committee for their support and encouragement in the administration of the school work.

Respectfully,

LAURENCE G. NOURSE.

## HIGH SCHOOL PRINCIPAL

---

Norton, Mass., Dec. 31, 1925

Mr. Laurence Nourse,

Superintendent of Norton Schools.

Dear Sir:

I herewith submit the annual report of the Principal of Norton High School.

During the past year, the teachers have made marked progress in teaching from the modern point of view. The logical arrangement of subject matter, which has been in use for many years in all schools, is fast being replaced by the developmental type of education. The teachers are trying to tie up the school work with the pupils' every day life. In other words practical applications are discussed. The teachers are adopting the scientific method of thinking for the pupils, which is the search for truth. This search is carried out by means of projects, problems and laboratory work. I believe that in the next school year our classes will be more socialized and consequently more attractive to the pupils.

In order to make the best use of our school day, and to allow time for physical education, beginning September 1925 we put into operation a six period day rather than the seven period day which has been in operation for some years. The teachers now have a full forty minute period for class work. At the end of the second period, fifteen minutes for physical education are used; at the end of the fourth period a fifteen minute recess is held. This division is in accord with the modern curriculum and is of great benefit to the pupil.

Physical education in the Center school has taken on new life. All teachers are doing more this year than last. More educational games will be introduced next year. Teachers in the grades are now assigned to the play ground during recess periods.

In the high school physical training is held out of doors when possible. During cold or stormy weather it is held inside, with windows opened. Miss MacDiarmid has charge of the girls and the principal has charge of the boys. Much interest is shown by all. More games are to be introduced during the recess period. Basket ball, volley ball and soccer ball are a few of the games to be used next spring.

The demand for advanced Latin is not as great as formally so the junior and senior latin classes were consolidated. Senior Latin is the course now being given. Stenography I was omitted on account of no demand for the course.

The lack of outside preparation is still too noticeable. The principal again asks for the cooperation of the parents. The time for the pupils to lay the foundation for the future is now in the schools, where proper facilities are provided, I believe this should receive more serious consideration by both parents and pupils.

The school paper, "The Parrot" is in flourishing condition. The number of copies sold at each issue is increasing. Much interest is being shown by the pupils in this worth while project. A small net profit is shown by the treasurer. It is hoped that in time, enough money will be accumulated to purchase some gift for the school. The last issue contained thirteen pages and one hundred forty copies were printed. All alumni should secure this paper and follow the school doings.

The Latin Club and the French Club have both held several meetings. The Latin Club had a very profitable meeting in October. The Superintendent and wife and Principal and wife and faculty were made honorary members. Roman customs were carried out and Roman food was served as refreshment.

On December 18, 1925 the French Club presented a one act French play. This was given in the high school hall. Following this, games were enjoyed. We believe that greater interest in these languages can be secured through these activities.

The base ball team of last spring was practically a new team. In spite of this fact we had a good team and look forward to a better season next year. I believe it will be possible for our school to form a league with Plainville and Wrentham and some other school of our size. This will develop school spirit which any school needs to progress.

The annual speaking contest was held in the Unitarian Church, December 11, 1925 at 8 o'clock. Many parents and friends took advantage of seeing some of the training being given by the school. The class of 1929 was represented by Eunice Morgan and Herbert Hyland. The class of 1928 by Ellen Nygren and Arthur Rubin. The class of 1927 by Mildred Whithill and Stewart Phillips. The class of 1926 by Charlotte Swan and Alma Burgess. The winners were Ellen Nygren and Arthur Rubin. The contest was under the direction of the English department.

The class of 1925 presented the school with a beautiful Seth Thomas Clock. The clock is run by weights instead of springs. Arthur Ross '25 won the Washington and Franklin

medal for excellence in the study of American History. This medal has been presented to this school for the past three years by the Massachusetts Society Sons of the American Revolution of Boston, Mass.

The following are some of the things I believe would be of great benefit to the school. The school library is small and contains many old books. If our school problems and projects are to be of aid to pupils we must increase our library with many reference books. Visual education should occupy some of the school time. For this a portable moving picture machine should be available. Many free films and films at small expense can be secured from many sources. A debating team would put our school before the public and at the same time provide worth while training which pupils could not otherwise obtain. Annual debates with other schools could be scheduled. If a few musical instruments could be secured for the school and loaned to pupils, the school orchestra might be enlarged. A school lunch where pupils can secure a bowl of soup or a sandwich or cocoa at recess would be of great help to those who have an early breakfast.

Miss Helen Caffrey head of the commercial department has been elected supervisor of penmanship in the Norton school system. A certificate from the A. N. Palmer Company of New York is the standard set. Much improvement is already noticeable.

Mrs. Alice Illingworth, supervisor of music, is forming a high school orchestra. Several rehearsals have been held, and much spirit shown. The orchestra will appear before the public soon and will be on the next graduation program.

This year the school has again been fortunate in securing a large number of awards, given by the typewriting companies for proficiency in speed and accuracy on the different typewriters. Below is the list of awards:

### UNDERWOOD

First Award—Certificate—awarded for 30-40 net words per minute

Lucien Foucault

Frances Thurber

Second Award—Bronze Pin—awarded for 40-50 net words per minute

Lois Whipple

Frances Thurber

Third Award—Silver Pin—awarded for 50-60 net words per minute

Lois Whipple

Hazel White

## REMINGTON

First Award—Certificate—25—40 words per minute.

Frances Thurber

Annie Watterson

Second Award—Silver Pin—awarded for 40—50 net words per minute.

Frances Thurber

## L. C. SMITH

First Award—Certificate—awarded for 30-40 net words per minute.

Mabel Foster

Annie Watterson

Helen Wheeler

Second Award—Bronze Pin—40-50 net words per minute.

Gertrude Pike

Frances Thurber

Annie Watterson

Lois Whipple

Third Award—Silver Pin—Awarded for 50-60 net words per minute.

Gertrude Pike

Lois Whipple

Hazel White

The nineteenth graduation of the Norton High School was held at the Trinitarian Church June 25, 1925. There were twenty-one graduates, the second largest class in recent years. Ten members of the class are seeking higher education in other institutions; three in the State Normal Schools, three in an engineering school, one in nurse-training, one in a pre-medical school, one in a physical training school, one in an agricultural school. Following is the program for the nineteenth graduation.

## GRADUATION EXERCISES OF THE NORTON HIGH SCHOOL

### PROGRAM

Processional

Invocation.....Rev. Walter A. Tuttle

Address of Welcome.....William Edgar Fales

Song: Music of Spring.....Baum and Ivanovici

Class History.....Wilfred Joseph Yelle, Jr.

Class Prophecy.....Eleanor Florence Nygren

Class Poem.....Mytrice Louise Fuller

Class Will.....Mary Evangeline Healy

Address

Mr. Harry E. Gardner

Agent for Massachusetts Department of Education

Song: Happy Song.....Gaines

Presentation of Washington and Franklin

American History Medal

Principal Charles S. Randall

Presentation of Diplomas

Mr. Robert W. Hewins

Chairman of the School Committee

Benediction.....Rev. G. Stanley Helps

Recessional

Colors: Green and White

Motto: Nobility, Honesty, Sincerity

Flower: White Rose

### OFFICERS

William E. Fales, President

E. Florence Nygren, Vice-President

Arthur S. Ross, Secretary and Treasurer

### GRADUATES

#### CLASSICAL COURSE

Helen May Andrews

Mary Evangeline Healy

Mytrice Louise Fuller

Hazel Sanborn L'Amoureux

#### COMMERCIAL COURSE

Gertrude May Pike

Hazel Caroline White

Lois Alberta Whipple

#### GENERAL COURSE

Neil Burgess

\*Wilfred Henry Paille

Alexander Stewart, Jr.

Eleanor Florence Nygren

\*Adelaide Louise Whitman

Karl Mitchell Paddock

Wilfred Joseph Yelle, Jr.

\*Completed course in three years.

I wish to take this opportunity to thank the school committee, you, and the teachers of the Center School for the hearty support I have received during the past year. It is this team work that we must have in order to progress.

Sincerely yours,

CHARLES S. RANDALL.

## SUPERVISOR OF MUSIC

---

December 14, 1925

Mr. Laurence G. Nourse, Supt.

Dear Sir:

Following is my report as Supervisor of Music in the Norton schools for the year ending December 31, 1925.

This past year has been a most successful one in our study of music in our schools.

In our first grades the work is practically all rote with just the simplest forms of notations for them to learn by rote. In our second and third grades, they begin to reason, finding out for themselves the "whys" of a few simple technical expressions and representations, in other words learning to read notes.

This year we have started something new in the second grade, Norton. By the use of home made or toy instruments we are trying to develop the rhythmic sense in the individual child. We are using bells, triangle, drums (oatmeal boxes) sandpaper blocks, cymbals and tambourine. When the children have shown ability in following the rhythm then we have them out front, two instruments of a kind, forming what is known as a Kindergarten Orchestra. The child's idea of time and rhythms develops much more quickly with these sound producing instruments than with imaginary instruments not producing sound. We have been able to try this out only at Norton, for at Chartley and Barrowsville we have too many grades in a room for it to work successfully.

This year we have given two school concerts, one at Chartley and one at Norton, both a success musically and financially clearing over fifty dollars on each one. Much credit is due the teachers, for it is they who do the work.

We have started a school orchestra, mostly from the High School, but with a few from the upper grammar grades. We have two first violins, one second violin, cornet, saxophone, mandolin, drums, and piano. The boys and girls have been most faithful in attending rehearsals and the results are gratifying. We have subscribed to an orchestra magazine which comes monthly.

In the High School the first lesson in each month I have turned over to the students, they choosing and arranging the program for that day. It is with pleasure that I note that "Jazz" does not mean as much to them as they thought, for we are having many individual solos both instrumental and vocal.

The first part of the school year is always taken up in the technical work, using the New Educational Music Course books, the latter part in study of a cantata, and we are already looking forward to our concert in the spring.

We are working for new records for the Grafonola, play ground apparatus, orchestra music and new rote song books.

I appreciate the attitude of the teachers who help so much in making a special teacher's work a success, and thank you for your interest and cooperation.

Respectfully submitted,

ALICE P. ILLINGWORTH.

## SUPERVISOR OF PENMANSHIP

---

Mr. Laurence G. Nourse,

Superintendent of Schools.

Dear Sir:

Following is my report on what has been accomplished thus far this year in supervised penmanship.

In the high school the object is to have every Freshman before the end of the year win all the awards given by the A. N. Palmer Company, the Final Certificate being the ultimate goal. When the drills required for an award are completed the examinations are written up and sent to New York. Two of these sets have already been submitted with satisfactory results. After this year it is hoped that most of the pupils will receive the final certificate in the seventh or eighth grade, thus making penmanship in the high school unnecessary.

Teachers' meetings were held in the fall at which time teaching plans and standards in the work were outlined. Specimen papers are sent to me each month from every pupil in town. These are filed and it is thus possible to watch the progress in the different grades during the year. Bulletins are sent out each month outlining the requirements for these specimens and giving any other necessary information. Each room has been supplied with a set of alphabet wall cards and a position poster.

The awards system is being followed as a standard of accomplishment. In the first three grades each pupil should be prepared to win the award required for his grade before the end of the year. In Grades IV-VIII each pupil is expected to win all preliminary awards as well as the one required for his grade. If this plan is followed penmanship in Norton will be on a standardized basis at the end of this year. Examinations for the first award have already been submitted by all the grammar grades with satisfactory results.

Each room at the Center School is visited one period a week and much progress is evident in all the classes. A banner is given for a week to the room showing the best position and muscular movement. Under present conditions I am not able to visit Chartley, Barrowsville and No. 8, but through the specimen papers and examinations submitted for awards decided improvement in the quality of the work is noticeable.

In the primary grades the work is made interesting through games and stories whenever possible, and even in the upper grades the monotony of drill is somewhat lessened by introducing interesting facts and stories about the different letters.

Every grade teacher is taking the free normal course offered by the A. N. Palmer Company, and it is hoped that all who are availing themselves of this opportunity will get their teachers' certificates before June.

I wish to take this opportunity to thank the teachers for their cooperation and to congratulate them upon the progress made.

Respectfully submitted,

HELEN J. CAFFREY,

Supervisor of Penmanship.

## SUPERVISOR OF DRAWING

---

Mr. Laurence G. Nourse,  
Superintendent of Schools.

During the time from March until November the work in art, in the public schools of Norton and Plainville was as follows:

The time allowed for art varied with the grade, the length of a lesson in the first grade being about twenty minutes and increasing with the grade to an hour in the eighth grade. The high school classes were two periods, both for mechanical drawing and freehand.

Art in the lower grades followed the usual course; object drawing during the winter months then nature drawing in the spring months. In the seventh and eighth grades posters were made. The Norton Center School took for a subject one suggested by the S. P. C. A. "Be Kind to Animals". The Plainville classes used "Health" for their subject. This required some time and study but the results seemed well worth the effort.

The high school freehand classes also made posters. They used "Safety" as a subject. Each one had his own idea and worked it out himself, using a simple color scheme and bold lettering as best fits a poster.

In the fall the art work continued with nature drawing in all grades and the high school as there is always an abundance of material at that time. Pencil, crayon and water color sketches were made from flowers, leaves and fruit sprays. Especially good work in this line was done by the seventh and eighth grades at the Sturdy School in Norton and the seventh and eighth grades at Plainville.

May I take this time to thank the superintendent and teachers of Norton and Plainville for making my work so very pleasant during the time I was there.

Respectfully submitted,

MADELINE L. TAYLOR.

December 23, 1925.

## SCHOOL NURSE

---

Mr. Laurence Nourse,  
Superintendent of Schools,  
Norton, Massachusetts.

Dear Sir:

I hereby submit my fifth report as school nurse.

The chief aim of the work has been to protect and improve the health of the child in school.

At the opening of the school, I made a superficial examination of all pupils and notices of any existing troubles were sent to parents. This gave them an opportunity to remedy the difficulty. These routine examinations for cleanliness and the weighing and measuring of children were made at different intervals during the year.

I have assisted the school physician in all of his physical examinations and a record of each child was made and kept in the school.

The annual examinations show a marked improvement in both health and nutrition. Note was made that children who had defects corrected, referring to tonsils especially, had made steady gain in weight and had also caught up with their respective grades.

125 visits were made to the schools for various reasons such as: determining the matter of unfitness or fatigue among children, getting to the root of Johnny's laziness, and examining every child the teachers sent to me for various reasons, to render first aid in emergency cases occurring in school, and to see that every sick or injured child was taken to its home.

135 visits were made to homes of children. I have excluded with permission all those who in any way were endangering the health of the other pupils with whom they came in contact. This careful watching and exclusion has been effective in preventing diseases from becoming epidemic.

Again notices were sent to the homes about the selling of cocoa. The co-operation of the parents is greatly appreciated because their interest and help is essential. This morning lunch is inexpensive and is a most important factor in keeping up the vitality of the child.

Due to the large number of children taking their lunches, it has been necessary to add some tables and benches. This was done at very little expense to the school board.

I have been in the lunch room at different times when the children were eating their dinners, and I was pleasantly surprised to see that most of them had a substantial lunch, none had tea or coffee, they had milk or cocoa. This was even true among the foreigners who are heavy tea and coffee drinkers.

The teachers are to be congratulated on their splendid co-operation in watching the health of the children. It is gratifying to find that there is a better understanding and appreciation of what good health means. The degree of success attained depends largely on the ready assistance of the school committee, the superintendent of schools, the principal, teachers, and especially on the excellent work of the school physician.

Respectfully submitted,

LEOCADIE DUVAL, R. N.

School Nurse.

## SCHOOL PHYSICIAN

---

December 31, 1925

Mr. Laurence G. Nourse,  
Norton, Mass.

Dear Sir:

Herein is contained my first report of my work as school physician.

Eighty-one visits were made to the various schools in the year of 1925. Such visits were for the purpose of making the regular examinations; investigating suspected cases of scarlet fever, measles, whooping-cough and scabies, treating victims of accidents who were unable to report to my office, and inspecting the buildings.

The regular examination showed in many instances the value of attention in the past to tonsils and adenoids. It is hoped that in the near future all parents who have received notices in regard to tonsils and adenoids will have medical attention given to their children. The underweight children, those with defective teeth, tonsils, and adenoids were checked up and the parents notified. A few cases of insipient heart disease, tuberculosis, and rickets were discovered, parents notified, and advice given. Children suspected of suffering from contagious diseases were examined specially and treated according to the findings. The victims of accidents suffered only minor injuries such as: contusions, lacerations, finger dislocations and sprains and with two exceptions were able to return to their studies promptly. I find the Norton School Building to be in first class condition in nearly every respect. However, I have recommended a few improvements which can be taken care of during the coming summer.

The school nurse is to be congratulated for the splendid results of her untiring efforts to improve the health conditions in the various places where children congregate in school and out.

Parents should be informed of the kind offer of the Sturdy Memorial Hospital to give the Schick test and the diphtheria prevention treatment to the Norton School children who wish to take advantage of this recent contribution to medical science. I personally recommend that the school children take advantage of this offer.

I wish also to make mention of the generous offer of the Red Cross to help provide funds for the establishment of a dental clinic for the school children. Plans are already under way to this end.

In closing this report I wish to thank Miss Duval, the school committee, the Red Cross, the teachers and janitors and the school children themselves for their splendid efforts to prevent the spread of disease and to improve health conditions.

Respectfully submitted,

ELMER W. CLARKE, M. D.

School Physician.

---

\$195,907.13

I hereby certify that I have examined the books of George E. Smith, Town Treasurer, verified cash on deposit, counted cash on hand, and that the above is a true statement of receipts and disbursements for the year ending Dec. 31, 1925.

G. J. TRAVISS,

Town Accountant.

### The Hicks Funds

It seems proper that there should be a brief statement of the facts about these funds other than can be seen from the annual statement that is later presented.

In the year 1883, by an act of legislature the town of Norton was authorized to receive and hold certain property in trust. The late Cyrus Hicks was the donor and the sum specified was the sum of \$4,000.00 to be "forever held in trust for the purpose named"—one half the income to care for the Hicks burial lot in the Center cemetery, and the other half to be turned over to the town treasury for ordinary town expenses.

On the 30th of June, 1883, Mr. Hicks delivered to the selectmen \$4,000.00 Town of Danville Ill. bonds, specifying in a deed of trust that "they were to be well and securely invested" and as in his opinion one half the income would not be required to care for his lot, the balance remaining should be set apart from the trust fund and be known as "The Hicks Reserved Fund."

This constituted the principal of the fund "to be forever held in trust and never to be disturbed". He further specified that "when the income amounts to \$5000. annually then \$100. of said income shall be paid to the town and \$100. for the care and adornment of the Hicks lot and the whole cemetery as well. When the income amounts to \$10,000., \$200. to the town and \$200. to the cemetery;" both town and cemetery are to receive \$100. for each increase in income of \$5000. until the annual income shall reach the sum of \$100,000., when the town shall receive \$20,000., and the cemetery \$3000. When the income is \$200,000.00 the cemetery shall receive \$5000. and for every \$100,000. increase, the town shall receive \$20,000.

The sum of \$100. was turned in from the Trust Fund as the beginning of the Reserve, and to it was added yearly the small residue left from the half income, when on the decease of Mr. Hicks several years later it was found that in a will dated Feb. 1st, 1886, he had bequeathed to this Reserved Fund, the rest and residue of his estate. On the settlement of the estate the principal assets inventoried \$22,210.43, consisting of R. R. stocks, town bonds and mortgage notes. This was in A. D. 1893, and in thirty two years this sum has increased three and one half times to the present inventory of \$77,404.18.

By simple subtraction it will be seen that net increase in capital assets for 1925 was \$3,560.58; the increase in 1924 \$3,154.40 and in 1923, \$2,943.00, and unless the State insists that the investments of trust funds be strictly those legal for Massachusetts savings banks, in which case the income would be considerably lowered, the first milestone of \$5000.00 income will be reached in four years.

The wise policy of the successive boards of selectmen who are the trustees is "safety first" in the investments and care of the securities. The treasurers of the town have always furnished bonds; those of the present treasurer being \$30,000.00. The cost of these bonds is charged to the Reserved Fund, instead of to the tax payers as it seemed righteous to do. The present generation will pass away before any material income can possibly accrue to the town. The State Auditors carefully considered the terms of the bequest, and withdrew all objection to a reasonable expense for the care of the fund being charged to the fund.

The three key entrance to the securities was a plan on which the State insisted to further safeguard them, and thus it is that a Boston vault possessing this arrangement has been of necessity used. It is now possible that this facility may be had in a nearer city, in which case if the Trustees so decide, a transfer may be made.

The annual statement and inventory follows:

### SPECIAL FUNDS

#### War Memorial Special Fund

## WATER COMMISSIONERS

---

The second annual report of the Water Commissioners is hereby offered.

The PUMPING PLANT has been kept in good condition, and No. 1 engine, which was not in first class shape, has had cylinder rebored and new piston rings fitted.

The WATER SUPPLY, with exception of shut-offs due to minor repairs, has had no interruptions. The meters purchased in 1925 have been installed and commencing March 1, 1926 all metered services will be run on a metered basis. Owing to a scarcity of money no new meters have been purchased this year, but the Commissioners urge strongly that all services be metered as soon as possible. The taking of water by a neighboring city, mentioned in 1925 report, has been taken care of by legislative act, and danger from that source is eliminated. All of the wells were cleaned and flushed in July, 1925, and an increased flow averaging 40% was noted.

The MAINS have presented no difficulties. One hydrant was destroyed by improper use of automobile, and up to the present time the Commissioners have been unable to collect damages, the party living in another state. Another hydrant was damaged in the same manner, but was repaired without re-setting. The East Norton extension was completed well within the appropriation and is in successful operation.

The FIRE SERVICE had a severe test at the recent fire at the Sweet Paper Box Co. and was not found wanting. Pump were started promptly and the local and two out-of-town departments poured water on the flames without diminution of supply. The stand pipe and tank were scraped and painted two coats, inside and out, in July, and will probably need no further repairs for a term of years.

The COLLECTION OF BILLS is a continual source of trouble and annoyance. No money is collected by the Superintendent or the Commissioners and bills are payable ONLY to the Town Treasurer. Customers when paying Bills will please send checks or money orders direct to the TOWN TREASURER, and not to the Water Department, and thus save the Commissioners the trouble of re-mailing or delivering to the

Treasurer. There seems to be a tendency to delay in paying water charges, and while in the past year only three customers have been shut off for non payment, the Commissioners will be obliged to take drastic action if bills are not settled more promptly.

The Department seems to be in good condition and self supporting. While this year it has had the benefit of the premium on the bonds toward paying the indebtedness, no such help will be available in 1926, and if able to get through on the income and take care of all charges, the margin will be a narrow one.

The Commissioners wish to thank the Treasurer and Accountant and the citizens in general for their support and co-operation.

GEORGE H. O'BRIEN  
WALTER C. S. WOOD

Water Commissioners

## SUMMARY OF APPROPRIATIONS &amp; EXPENDITURES

| Account                   | Appropriation | Transferred from Reserve Fund | Total        | Expended     | Bal. |

---

An effort to increase the love of reading among the children has been made by means of the story hours conducted on Wednesday afternoons at three o'clock in the children's room. The attendance has varied from five to forty but all have listened attentively and enjoyed the stories told by Wheaton College girls and the librarian. Further encouragement for more and better reading has been given by the presentation of certificates for the reading and reviewing of books recommended by the Massachusetts state reading lists. In order to make the volumes easily accessible, baskets of books have been deposited at the Center, Barrowsville, and Sturdy Schools.

For the benefit of people in the eastern part of the town, books have been transported each month by Mrs. M. Florence Williams to the East Norton Post Office where they have been circulated under the careful supervision of Mrs. Hicks.

MARION E. CLAPP,

Librarian.

W. C. S. WOOD, Treas.

Feb. 1, 1926

I regret that in spite of repeated efforts to arrange with the Treasurer for an audit of the books no appointment could be arranged and therefore no audit has been made. I note, however, that the amount shown as received from Geo. E. Smith, account of 1925 Tax is incorrect. The correct amount is \$3,401.16. I have also conferred with the Clerk of the Fire District, Geo. E. Smith, and I fail to find any authority for payment of \$50.00 to Chief Oliver E. White.

G. J. TRAVISS,  
Auditor of Fire District.

# WARRANT

## FOR THE

### ANNUAL TOWN MEETING

---

Bristol, S. S.

To Frank A. Clapp or either of the Constables of the Town of  
Norton, Greeting:

In the name of the Commonwealth you are hereby directed to notify and warn the legal voters of the Town of Norton to meet in the Town Hall in said Norton on Monday the first day of March, 1926, at six o'clock A. M. then and there to act upon the following articles, to wit:

Article 1. To elect one Selectman for three years, one Assessor for three years, one member of the School Committee for three years, one member of the board of Water Commissioners for three years, also a Town Clerk, a Town Treasurer, three Overseers of the Poor, a Collector of Taxes, nine Constables, a Tree Warden, and a Moderator, all to serve for one year, votes for the above named officers to be upon one ballot, also to choose all other town officers required by law. The polls will be opened at six o'clock A. M. and may be closed at two o'clock P. M.

Article 2. To see if the town will vote to accept the report of the Town Officers.

Article 3. To determine the salaries of the Town Officials for the ensuing year in accordance with Chapter 591 Section 8 Acts of 1920, viz., Town Clerk, Treasurer, Selectmen, Overseers of the Poor, Assessors, Collector of Taxes, Moderator, Tree Warden and Constables.

Article 4. To raise and appropriate money to defray the expenses of the Town for the ensuing year.

(a) For the repairs and improvements of roads.

(b) For the repairs and improvements of bridges and for necessary tools or other equipment and to build a cement bridge.

(c) For the support of Schools, School Supplies, transportation, salary of the Superintendent, School Physician and Attendance Officer.

(d) For the maintenance and operating expenses of the Water Co.

(e) For the support of the Public Library.

(f) For Memorial Day exercises.

(g) For the care of the Common at the Center and repairs.

(h) For reimbursement to the Norton Fire District for Water supplied to Schools, Public Buildings, Fountains, and for fire protection.

(i) For payment of State Aid.

(j) For payment of Soldiers' Relief.

(k) For Poor and Mothers' Aid, including repairs at the Town Farm.

(l) For the expense of the Board of Health.

(m) For payment of Town Debt.

(n) For interest on Town Debt and Temporary Loans.

(o) For expense of Forest Fires.

(p) For expense of Police Department.

(q) For expense of the Tree Warden.

(r) For expense of the Town Hall.

(s) For registration and election expenses including salaries.

(t) For general Government including salaries and expenses of the following Town Officers: Town Clerk, Treasurer, Selectmen, Overseers of the Poor, Assessors, Collector of Taxes, Accountant and Moderator.

(u) For an allotment for a reserve fund.

(v) For reimbursement to Norton District Nursing Association for the work of the Nurse in the Public Schools for the current year.

(w) For the expense of the Sealer of Weights and Measures.

(x) For expense of printing and distributing Town Reports.

(y) For insurance of all public buildings which expires this year and Employers' Liability Insurance.

(z) For the removal of snow.

Article 5. To raise and appropriate money for the suppression of the Gypsy and Brown-tail Moths.

Article 6. To raise and appropriate money for the Town's proportion of the Annual Maintenance of the Bristol County Tuberculosis Hospital.

Article 7. To see what action the Town will take to suppress the illegal sale of intoxicating liquor in the Town and to raise and appropriate money therefor.

Article 8. To see if the Town will authorize the Treasurer with the approval of the Selectmen to borrow money in anticipation of the revenue of the present financial year.

Article 9. To determine the manner of collecting their taxes.

Article 10. To raise and appropriate money for legal services.

Article 11. To raise and appropriate a sum of money for street lighting according to the contract with the Norton Power and Electric Company.

Article 12. To see if the Town will vote to appropriate a sum of money from the surplus revenue now in the Treasury to reduce the Tax Rate of 1926.

Article 13. To hear the report of the Committee on Reforestation and take any action thereon.

Article 14. To see if the Town will vote to raise and appropriate a sum of money to carry out the recommendations of the Reforestation Committee.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$110.00 to reimburse the City of Attleboro for Fire Hose rendered useless at the Fire of the Sweet Paper Box Co.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$300.00 to erect a suitable railing at the dam near Sturdy's shops.

Article 17. To hear the report of the joint committee appointed at a special Town Meeting held January 15, 1926, regarding the Sturdy School at Chartley and to raise and appropriate a sum of money to carry out the recommendation of said committee or otherwise provide for the same.

Article 18. To see if the Town will vote to raise and appropriate the sum of \$200.00 to purchase a Piano to be placed in the Town Hall.

Article 19. To see if the Town will vote to raise and appropriate a sum of money for necessary repairs and painting the Engine House at Chartley.

Article 20. To see if the Town will vote to raise and appropriate a sum of money to paint and otherwise complete the building now known as the Town Garage.

Article 21. To raise and appropriate a sum of money to complete the installation of the Fire Signal.

Article 22. To see if the Town will vote to raise and appropriate a sum of money to present the Firemen's Relief Associations of Attleboro and Mansfield for services rendered Norton by the Fire Departments of Attleboro and Mansfield.

Article 23. To hear the report of any committee and to take action thereon.

Article 24. To see if the Town will vote to instruct the Selectmen to request the Division of Fisheries and Game State Department of Conservation to restock Winnecunnet Pond according to Chapter 130, Sec. 28, G. L.

Article 25. To see if the Town will vote to reimburse the Timothy Plain Cemetery Burial Funds for money used for fire insurance and make an appropriation therefor.

Article 26. To see if the Town will vote not to use any of the income of the Timothy Plain Cemetery Burial Funds for fire insurance upon the Chapel.

And you are hereby directed to serve this warrant by posting up attested copies of the body of the same at each of the Public Meeting Houses in said town seven days at least before the time of holding said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at time and place of holding said meeting.

Given under our hands and the Seal of the Town of Norton this twenty-ninth day of January in the year Nineteen Hundred and Twenty-six.

ELMER E. LANE  
JOHN G. ADAIR  
MILO R. WHITAKER

Selectmen of Norton.

## TOWN MEETINGS, 1926.

---

### Special Meeting, January 15, 1926.

Article 1. To see if the town will vote to appoint a committee to investigate the need of increased school accommodations in Chartley; said committee to report at the annual town meeting to be held March 1, 1926; with complete information including detailed plans and specifications accompanied by bona fide bids for the completion of the work.

Article 2. To see if the town will vote to raise and appropriate the sum of one thousand dollars to enable said committee to procure plans in accordance with Article 1.

Moderator Homer B. Blandin presided at this meeting. Robert W. Hewins moved "that a committee of seven, consisting of the school board and four citizens be appointed by the chair under Article 1."

This motion was seconded and Mr. Hewins was recognized by the chair, and said "that the school situation had not changed since the last meetings were held, and that the school board felt that the situation should be discussed and plans made early that they might be fully prepared to act at the annual town meeting. They felt they would not be performing their duty if they did not. It seems that 119 pupils are now enrolled in the two rooms at Chartley.

The certificate of inspection had now expired, and no comment was made by the inspector other than the Sturdy School might receive a renewal or might not."

William McLehose inquired as to the number of vacant seats?

Laurence G. Nourse, superintendent, replied "that two years ago there were 56 seats occupied upstairs and 42 down, and at the present time there are 62 down stairs full and 65 upstairs full likewise."

Vinton I. Reynolds "thought conditions had been unfairly represented to the State authorities and that pupils had been transferred to Chartley to purposely make the condition a worse showing to the State."

Mr. Nourse responded, "that one teacher at the Center had 53 pupils whereas the State limited the number to 49 and thus four were transferred. Something had

to be done and this was the only thing; it relieved congestion at the Center School and did not make a difference in the general condition at Sturdy's. The overcrowding has been going on for ten years."

Comments were made by other speakers, and the vote was taken and was declared in the affirmative.

The four citizens appointed by the moderator were George B. Clements, Gertrude E. Cornish, Clarence F. Wiley, Arthur T. Sturdy. (Mr. Clements and Miss Cornish were notified of their appointment on the following day, and found it impossible to serve on this committee, and the moderator appointed Miss Winifred Flaherty and Charles Regan.)

Article 2. Motion was made and seconded "that the town raise and appropriate one thousand dollars for the use of the committee." This motion was amended by Vinton I. Reynolds, "to raise and appropriate the sum of two hundred dollars instead", stating that the town now has three good and satisfactory sets of plans.

R. S. L'Amoureux stated, "that he held no briefs for the committee but thought it wrong to put the committee on the defensive when they were doing all they could."

Mr. Hewins said, "it was possible that the committee might abandon all the plans and seek a new location with land sufficient for athletics."

Question on the amendment by hand vote was declared lost; Yes 36—No 40.

Question on the motion declared in the affirmative; Yes 50—No 14.

Attest: GEORGE E. SMITH, Clerk.

### **Annual Town Meeting, March 1, 1926.**

The warrant was read by Moderator Homer B. Blandin at six o'clock A. M. and the ballot box publicly opened, shown to be empty, locked and the key held by Frank A. Clapp, constable.

The polls closed at 3.50 P. M., the register showing that 447 ballots had been cast, agreeing with the check lists of the ballot clerks.

The following tellers were qualified: Clyde E. Bruce, Henry J. Dion, Charles M. Goslin, Emma Radnor, Ethel Hewins, Thomas W. Curran

The result of the balloting was as follows:

Moderator for one year, Homer B. Blandin 363, blanks 84.

Town Clerk for one year, George E. Smith 391, blanks 56.

Town Treasurer for one year, George E. Smith 385, blanks 62.

Collector of Taxes for one year, George E. Smith 383, blanks 64.

Selectmen for three years, Elmer E. Lane 223, Vinton I. Reynolds 207, blanks 17.

Assessors for three years, Vinton I. Reynolds 193, Leonard A. Witherell 217, blanks 37.

Overseers of the Poor, John G. Adair 356, Elmer E. Lane 243, Vinton I. Reynolds 212, Milo R. Whitaker 315, blanks 73.

Water Commissioner for three years, Bertram F. Fales 372, scattering 2, blanks 73.

Tree Warden for one year, Albert S. Lincoln 358, blanks 89.

Constables for one year, Frank A. Clapp 370, John Dumont 326, Charles M. Goslin 328, Albert S. Lincoln 333, Benjamin B. Scanlon 318, George L. Smith 340, George O. Stuart 323, William J. Tucker 341, Arthur A. Whipple 338, Oliver White 3, blanks 1,003.

School Committee for three years, Robert W. Hewins 334, blanks 112, scattering 1.

The following were elected by acclamation:

Measurers of Wood: Arthur E. Sweet, Walter C. S. Wood, Lewis B. Woodward, Thomas A. Beaman, E. Clifton Becker, Oliver E. White, John A. Arnold, Albert S. Lincoln, George F. Lincoln.

Measurers of Lumber: Oliver E. White, Arthur E. Sweet, Josiah E. Woodward, Daniel A. Woodward, Albert S. Lincoln.

Pound Keeper: Frank Andrews.

Field Drivers: Benjamin B. Scanlon, Julius Leonard.

Fence Viewers: Joseph Draper, Edwin R. Lincoln.

Article 3. Voted that the salaries of the town officers be the same as last year, viz:—Clerk \$200.00, Treasurer \$400.00, Selectmen \$200.00 each, Accountant \$600.00, Assessors \$300.00 each, Collector of Taxes \$500.00, Overseers of the Poor \$50.00 each, Moderator \$25.00.

Article 4. Voted to raise and appropriate the following sums:—

(a) For repair and improvements of roads, \$8,-125.00.

(b) For the repair and improvement of bridges and for necessary tools and other equipment, and to build a cement bridge, \$5,425.00; this sum to be used thus: \$2,000.00 for cement bridge, \$2,400.00 for snow plow and tractor, \$1,000.00 for repairs. The finance committee recommended and moved that the sum of \$4,-625.00 be raised and appropriated for the purpose of which sum \$2,425.00 was to be spent for a snow plow and tractor. This motion was amended by Frank A. Clapp to \$5,425.00. Mr. Clapp said that there was evidently a misunderstanding as to the amount actually needed, for this sum would leave but \$200.00 for bridges. Mr. Fuller for the finance committee stated, "they did not recommend the building of a cement bridge at this time." Mr. Clapp explained the views of the department on the building of bridges, and Vinton I. Reynolds spoke in favor of the building of a cement bridge.

The motion as amended was voted unanimously.

(c) For support of schools under this article, \$44,-700.00.

(d) For maintenance and operating expenses of the water department, \$8,000.00.

(e) For the support of the Public Library, \$800.00.

(f) For Memorial Day Exercises, \$150.00.

(g) For care of the Common at the Center and repairs, \$75.00.

(h) For re-imbursement to Fire District for water supplied to schools, \$1,000.00.

(i) For payment of State Aid, \$300.00.

(j) For payment of Soldiers' Relief, \$700.00.

(k) For Poor and Mothers' Aid, etc., and repairs on the Town Farm, \$4,000.00.

(l) For the expense of the Board of Health, \$1,-800.00.

(m) For the payment of town debt, \$9,500.00.

(n) For interest on town debt and temporary loans, \$7,700.00.

(o) For expense of forest fires, \$600.00.

(p) For expense of Police Department, \$1,000.00.

(q) For expense of tree warden, \$200.00.

(r) For expense of Town Hall, \$1,000.00.

(s) For registration and election and salaries, \$450.00.

(t) For general government including salaries and expenses of the following officers, \$4,325.00. (The expenses are: Selectmen \$200.00, Assessors \$100.00, Treasurer \$100.00, Clerk \$200.00, Collector \$200.00, Accountant \$50.00).

(u) For reserve fund, \$1,000.00.

(v) For re-imbursement District Nursing Association for schools, \$750.00.

(w) For expense of Sealer of Weights and Measurers, \$125.00.

(x) For printing and distributing town reports, \$272.59.

(y) For insurance on public buildings, expiring policies and Employers' Liability Insurance, \$2,700.00.

(z) For the removal of snow, \$4,200.00.

(Motion by the Finance Committee to raise the sum of \$4,000.00. Motion amended by V. I. Reynolds and seconded by F. A. Clapp to raise \$4,200.00. Motion as amended was voted.)

Article 5. For the suppression of moths, \$1,424.37.

Article 6. For maintenance of T. B. Hospital, \$1,687.89.

Article 7. For the suppression of the sale of intoxicants. (Voted to consider in conjunction with article 23.)

Article 8. Voted that the town treasurer with the approval of the selectmen be and hereby is authorized to borrow from time to time in anticipation of the revenue of the municipal year beginning January 1st, 1926, to an amount not exceeding in aggregate, \$91,855.75.

Any debt or debts incurred under this vote to be paid from the revenue of said municipal year.

Article 9. Voted to commit the tax warrant to the tax collector and that the salary voted at this meeting be paid him.

Article 10. Voted for the payment for legal service, \$250.00.

Article 11. Voted for street lighting as per contract with Norton Power and Electric Co., \$3,135.00.

Article 12. Voted to appropriate from surplus revenue to reduce taxes, \$15,000.00.

Article 13. Voted to accept the report of the reforestation committee and that the same committee be continued. (Gertrude E. Cornish, Joseph W. Crowshaw and Austin M. Sweet.) The thanks of the town were extended Miss Gertrude E. Cornish for her excellent work

in this connection, and it was also voted that the recommendations in the report submitted by her be adopted. (The full report will be found at the end of the town meeting record.)

Article 14. Voted to carry out the recommendations of this committee \$200.00.

Article 15. On motion of R. Clyde L'Amoureux, the Attleboro Fire Department was instructed to purchase fire hose to the amount of \$110.00, to replace that rendered useless at the Sweet Paper Box fire, and send the bill to the Town of Norton.

Article 16. Voted for a railing at Sturdy Bros. shop dam, \$300.00.

Article 17. To hear the report of the joint committee appointed at the special town meeting of Jan. 15, 1926, regarding a new school house at Chartley and to raise and appropriate a sum of money to carry out the recommendations of this committee or otherwise provide for the same.

Moved by the finance committee that the sum of \$36,000.00 be raised and appropriated to purchase land at the corner of Union and Worcester Streets with 300 feet frontage on each street, and to construct and originally equip a school building.

This motion after a discussion was referred to a ballot and the check list used. The result of the ballot was:—Whole number of votes, 153; Necessary for choice, 102; "Yes" ballots, 95; "No" ballots, 58; and the motion was declared lost.

Article 18. Voted for the purchase of a piano, \$200.00.

Article 19. Voted for repairs and painting of Engine House at Chartley, \$225.00.

Article 20. Voted to complete the town garage, \$280.00.

Article 21. Voted to complete the installation of the Fire Signal, \$150.00.

Article 22. Voted for Firemen's Relief Associations as per article, \$150.00.

Article 23. (In conjunction with Art 7.)

Vinton I. Reynolds, chairman of the committee to investigate liquor conditions in town stated "that theirs was an independent report and that the committee was not investigating for the police." He called attention to the cases in court where it was alleged that liquor had been bought in Norton. "Our report is that liquor is

made and sold in Norton." John G. Adair stated, "this committee has told us nothing that is not known to every one."

Dr. A. M. Round moved to dismiss the article, but this motion was lost. Elmer E. Lane inquired, "how many of the committee signed this report?"

Mr. Reynolds replied, "all."

After remarks by several citizens the article was passed without action.

Article 24. Voted the selectmen instruct the Div. of Fisheries and Game to restock Winnecunnet pond according to Chapter 130, Sec. 28, Gen. Laws.

Article 25. Voted the sum of \$100.00 to reimburse Timothy Plain burial funds.

Article 26. Voted that the town officers be and are hereby instructed not to use any of the Timothy Plain Cemetery burial funds income for insurance on the chapel.

Meeting adjourned.

Attest: GEORGE E. SMITH, Clerk.

### **Special Meeting, April 27, 1926.**

Article 1. To see what action the town will take for increasing the school accommodations at Chartley, including the purchase of land necessary therefor, and to raise and appropriate a sum of money and to authorize the issuing of notes or bonds therefor.

Moderator Homer B. Blandin presided at this meeting.

George H. Fuller introduced a motion "that there be appropriated the sum of \$36,000.00 for the purpose of acquiring a lot of land at the corner of Worcester and Union Streets, with a frontage of not less than 300 feet on each street, and for the construction and original equipping of a new school building on the land as acquired above; and to meet said appropriation there be raised in the tax levy of the current year the sum of \$1,000.00—the sum of \$35,000.00 to be raised by bonds or notes under the provisions of Sec. 19, Chap. 44, Gen. Laws—and that three citizens be appointed by the moderator to serve with the school committee as a building committee." This motion being seconded was discussed, after which a ballot was ordered, and the following tellers

qualified: Charles S. Randall, Albert F. Woodward, Joseph Crowshaw. Whole number of ballots cast 301, necessary for choice 201, "yes" 197, "no" 104. The motion was declared lost and the meeting adjourned.

Attest: GEORGE E. SMITH, Clerk.

### **Special Meeting, May 14, 1926.**

Article 1. To see if the town will vote to purchase a lot of land at the corner of Worcester and Union streets, and to erect a four room brick school building and to equip and furnish the same, and to raise and appropriate a sum of money and to authorize the issuing of notes or bonds of the town therefor.

Moderator Homer B. Blandin presided at this meeting.

George H. Fuller made the following motion, first stating that the plan was approved by the finance committee; "that there be appropriated the sum of \$36,000.00 for the purpose of acquiring a lot of land at the corner of Union and South Worcester Streets, containing not less than two acres and for the construction and original equipping and furnishing of a new four room brick school building on the land as acquired above, and to meet said appropriation there be raised in the tax levy of the current year the sum of \$1,000.00 and to borrow the sum of \$35,000.00 under the provisions of Sec. 19, Chap. 44, Gen. Laws, and that five citizens be appointed by the moderator to serve as a building committee to carry out the vote."

J. J. Flaherty supported this motion and after a prolonged discussion a ballot was ordered and the following tellers qualified: Charles O. Bruce, Joseph E. Gilman, Joseph W. Whitaker. The whole number of votes cast 418, necessary for choice 279, "yes" 245, "no" 173. The motion was declared lost and meeting adjourned.

Attest: GEORGE E. SMITH, Clerk.

### **Special Meeting, June 11, 1926.**

Article 1. To see if the town will vote to raise and appropriate the sum of \$5,700.00 to be expended for the

general repairs of the highways in Norton in accordance with Chap. 81, General Laws.

Article 2. To see if the town will vote to transfer the sum of \$530.00 now in the treasury, to pay for work done by Olstin M. Higgins, architect, in 1925, said sum being a balance left over from the sum of \$1,000.00 voted at a special town meeting of January 15, 1926, and to raise and appropriate a sum sufficient to pay the balance of said bill or take any other action thereon.

Homer B. Blandin, Moderator, presided at this meeting.

Article 1. Moved by Elmer E. Lane that the sum of \$5,700.00 be raised and appropriated to carry out the provisions of this article. This motion was seconded and so voted without dissent.

Article 2. Voted, on motion of James Freeman amended by Elmer E. Lane, "that a sum sufficient be raised and appropriated and added to the sum of \$530.00 that will satisfy the bill without interest of Olstin M. Higgins, Architect. (The balance to be raised under this vote was reported to the clerk to be \$101.42.)

Meeting now adjourned.

Attest: GEORGE E. SMITH, Clerk.

### **Special Meeting, December 1, 1926.**

Article 1. To see if the town will vote to appropriate from the surplus funds now in the treasury, a sum of money sufficient to defray the expenses of the Poor Department for 1926.

Article 2. To see if the town will vote to appropriate a sum of money to defray the expenses of the Soldiers' Relief Department, money to be taken from the surplus in the treasury.

Article 3. To see if the town will vote to appropriate a sum of money for the expense of the Police Department, money to be taken from the surplus in the treasury.

Article 4. To see if the town will vote to appropriate from money in the treasury a sum sufficient for defraying the expenses of the Forest Fire Warden.

Article 5. To see if the town will vote to pay George H. Storer the sum of \$25.00 alleged to be due

him for services as Forest Fire Warden in 1925; money to be taken from the surplus.

Homer B. Blandin, Moderator, presided at this meeting.

Article 1. George H. Fuller moved that the sum of \$500.00 be appropriated for the purpose specified. This motion was seconded and the sum was voted without dissent.

Article 2. George H. Fuller moved that the sum of \$150.00 be appropriated to carry out the provisions of this article, and the motion was seconded and so voted without dissent.

Article 3. George H. Fuller moved that the sum of \$150.00 be appropriated to carry out the provisions of this article, and on the motion being seconded it was so voted without dissent.

Article 4. George H. Fuller moved that the sum of \$25.00 be appropriated to carry out the provisions of this article and the motion was seconded and it was so voted without dissent.

Article 5. George H. Fuller moved that the sum of \$25.00 be appropriated to carry out the provisions of this article.

George H. Traviss, who was town accountant at the time the bill was first presented, said in explanation, "this bill was presented as salary, and as this salary was already drawn, I declined to consider it.

"I have no doubt that Mr. Storer has put in sufficient time to be entitled to the amount demanded."

Mr. Reynolds inquired, "if a bill for fifty hours work had been presented, would it have been approved?"

Mr. Traviss replied, "probably."

Mr. Reynolds then offered an amendment, "that the sum of \$25.00 be appropriated to pay George H. Storer for fifty hours of labor."

This amendment was accepted by Mr. Fuller and the motion as amended was voted without dissent.

The meeting was then adjourned.

Attest: GEORGE E. SMITH, Clerk.

## REPORT OF REFORESTATION COMMITTEE

---

March 1, 1926.

The year 1926 marks the fiftieth year since the United States Government took its first steps in forestry. Especially during the later part of these years, much progress has been made in the conservation of our forests and in reforestation, but when we pause and look forward to 1976,—which marks the 200th anniversary of our national independence, we wonder whether that date marking the forestry centennial will also mark our economic independence in the forestry sense. There is much to be done and we must not forget that we are constantly using four times as much timber as we are producing because we have failed to realize earlier that timber is a crop to be continually replanted.

The American Tree Association of Washington, D. C., is making a tremendous effort to develop a greater public interest in reforestation,—whether the project be national, state, town, or individual. To become a member of the American Tree Association you have only to plant a tree and register it with the Association. There are no dues. When I had the pleasure of speaking to the High School pupils on Conservation Day last fall, I urged every boy and girl to become a member of this Association, and I hope that all citizens of the town, and especially the parents of school children, will encourage this interest in tree planting.

The town forest movement in Massachusetts is growing. Twenty-four new towns have established forests during 1925, making a total of sixty-five in the state. The appropriation and number of acres planted have been nearly doubled during the year. The Massachusetts Forestry Association has renewed its offer for 1926,—namely to plant 5,000 trees free of charge for any town establishing a forest of one hundred acres. This offer is duplicated by two different organizations.

1st. The New England Box Company to the towns of Franklin County.

2nd. The Middlesex Forestry Committee to the towns of Middlesex County.

The Berkshire Forestry Association will give \$150.00 to any town in Berkshire county that establishes a town forest of hundred acres.

The pamphlet distributed will give additional data concerning the town forest.

In Norton the work of your reforestation committee is as follows:

1,000 four year old pines and 1,000 five year old spruces were obtained from the State Department of Forestry. These trees were planted in small scattered areas on the Town Farm,—about 500 of the pines being planted by the children of the Hedges. The spruces were planted mostly on the north side of the road in wet places.

The fire-line started last year on the south side of the road has been completed. A space about 12 feet wide has been cleared on the east and partly across the south side of this part of the town forest, thus protecting it from fires caused by the railroad.

On the north side of the road, a good start has been made in trimming out the young pines but this work is not yet completed. \$20.00 has been turned into the town treasury from the sale of scattered hard wood and some timber has been used from the town farm for town purposes, such as the repair of bridges. Of last year's appropriation \$118.50 has been spent, and \$81.50 returned.

A state forester has visited our forest, and recommended the cutting of some of our largest pines on the north side of the road. Your committee asked for bids from Mr. West, Mr. Lincoln, and from Sprague and Reynolds. The committee voted to accept the bid of Sprague and Reynolds to cut by the cord such pines as should be marked by the committee. This will not clear the lot, but remove such pines as are large enough for cutting, and give a chance for the younger pines to develop more rapidly. Work will be begun as soon as weather conditions permit.

The committee makes the following recommendations for the coming year:

1. That the town appoint a committee to continue the work of reforestation.
2. That this spring 3,000 white pines be obtained from the state to plant on the north side of the road toward the north boundary line, where there is a large sandy section partly bare and partly burned over last spring by fire.
3. That the trimming out of the young pines on the north side be completed, and any dead trees cut that are a detriment to the town forest.

4. That during the coming year, investigation be made as to the possibility of adding to our town forest by acquiring a tract or tracts in other sections of the town, with the hope of making up at some future time a town forest of 100 acres.
5. Lastly that the committee encourage individual planting in the community in every possible way.

GERTRUDE E. CORNISH,

Chairman, Reforestation Committee.

## WARRANT FOR STATE PRIMARY

### COMMONWEALTH OF MASSACHUSETTS

Bristol ss.: To Frank A. Clapp or either of the Constables of the Town of Norton,

Greeting:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Primaries to meet in the Town Hall, Norton, Tuesday the fourteenth day of September, 1926, at twelve o'clock M., for the following purposes:

To bring in their votes to the Primary Officers for the nomination of Candidates of Political Parties for the following offices:

Governor for this Commonwealth.

Lieutenant Governor for this Commonwealth.

Secretary of the Commonwealth for this Commonwealth.

Treasurer Receiver-General for this Commonwealth.

Auditor of the Commonwealth for this Commonwealth.

Attorney-General for this Commonwealth.

Senator in Congress (to fill vacancy) for this Commonwealth.

Representative in Congress—15th Congressional District.

Councillor—2nd Bristol Councilor District.

Senator—First Bristol Senatorial District.

Representative in General Court—Second Bristol Representative District.

County Commissioner for Bristol County.

Two Associate County Commissioners for Bristol County.

District Attorney for the Southern District.

Sheriff for Bristol County.

And for the election of the following officers:—

District Member of the State Committee for each Political Party—First Bristol District.

Members of the Republican Town Committee.

Members of the Democratic Town Committee.

Delegates to the State Convention of the Republican Party.

Delegates to the State Convention of the Democratic Party.

All of the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 12 o'clock M., to 8 o'clock P. M.

And you are directed to serve this warrant by posting attested copies thereof seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this second day of September, 1926 A. D.

ELMER E. LANE,

JOHN G. ADAIR,

MILO R. WHITAKER,

Selectmen of Norton.

Bristol ss.

Norton, September 14, 1926.

I have served this warrant by posting up attested copies of the same at each of the public meeting houses in said town seven days at least before the time of holding said meeting.

FRANK A. CLAPP, Constable of Norton.

The polls were opened at 12 m., the following were qualified as tellers and ballot clerks by the Town Clerk:

Ethel M. Hewins

Thomas W. Curran

Emma Radnor

Charles M. Goslin

Charles J. Busher

Clyde E. Bruce

The ballot box was put in charge of Constable Frank A. Clapp and declared empty. The warrant was read by Elmer E. Lane, chairman of the selectmen.

The polls were closed at 8 o'clock P. M., the ballot box and tellers count registering 364 votes. The check list of political affiliation registered 348 republicans and 16 democrats.

The count was completed at 1 o'clock A. M. and announced as follows:

### REPUBLICAN PARTY.

Governor, Alvan T. Fuller, 81 Appleton Street, Malden, 302, blanks 46.

Lieutenant Governor, Frank G. Allen, 289 Walpole Street, Norwood, 279, blanks 69.

Secretary, Frank W. Cook, 75 Denton Road, Somerville, 273, blanks 75.

Treasurer, William S. Youngman, 39 Wollaston Rd., Brookline, 260, blanks 88.

Auditor, Alonzo B. Cook, 27 Wales Street, Boston, 254, blanks 94.

Attorney General, Elijah Adlow, 35 Elm Hill Park, Boston, 63; Alexander Lincoln, 265 Beacon Street, Boston, 109; Arthur K. Reading, 57 Francis Avenue, Cambridge, 105, blanks 71.

Senator in Congress, William M. Butler, 231 Commonwealth Ave., Boston, 255, blanks 93.

Congressman, 15th Dist., Joseph W. Martin, Jr., 54 Grove Street, North Attleboro, 274, blanks 74.

Councillor, 1st District, Frederick K. Bartlett, 14 Broad Street, North Attleboro, 124; Edmund Cote, 236 Eastern Ave., Fall River, 53; Mark M. Duff, 695 County Street, New Bedford, 110, blanks 61.

Senator, 1st Bristol District, James G. Moran, 59 Union Street, Mansfield, 173; Thomas G. Morton, 50 Cedar Street, Taunton, 161, blanks 14.

Representative in General Court, Clinton E. Austin, 115 West Street, Mansfield, 150; Frank W. Barnard, 309 South Street, Mansfield, 76; Albert R. Tibbetts, 45 Chilson Ave., Mansfield, 76, blanks 46.

County Commissioner, Arthur M. Read, Westport, 257, blanks 91.

Associate Commissioners, Bristol County, Joseph A. Desaulmers, 250 Princeton Street, New Bedford, 35;

James M. Hughes, 43 Clifford Street, New Bedford, 156; Warren S. Leach, Pleasant Street, Raynham, 195, blanks 310.

Dist. Attorney, Southern District, William S. Crossley, Fall River, 132; Edward L. Murphy, Fall River, 165, blanks 51.

Sheriff for Bristol County, Isaac E. Willets, New Bedford, 253, blanks 195.

### **Warrant for State Election, 1926.**

Bristol ss.: To Frank A. Clapp or any of the constables of the Town of Norton.

Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of the Town of Norton to meet in the town Hall in said Norton on Tuesday, the second day of November, 1926, it being the Tuesday after the first Monday in said month, at six o'clock A. M., then and there to bring in their votes to the Selectmen for the Governor of this Commonwealth; a Lieutenant Governor of this Commonwealth; a Secretary of this Commonwealth; and Treasurer and Receiver-General; an Auditor and Attorney-General for the Commonwealth; and for a Senator in Congress (to fill a vacancy); a Representative in Congress, 15th District; a Councillor for the 1st District; a Senator for the First Bristol Senatorial District; a Representative in General Court for the second Bristol District; a County Commissioner for Bristol County; two Associate Commissioners for Bristol County; a District Attorney for the Southern District, and a Sheriff for Bristol County; and also to vote "yes" or "no" on the following referendum questions.

Question No. 1. Shall an amendment to the Constitution which authorizes the General Court to establish in any corporate town containing more than 6,000 in-

habitants, a form of town government providing for town meetings limited to such inhabitants of the town as may be elected for the purpose, which received in a joint session of the two houses held May 29, 1924, 189 votes in the affirmative and 40 in the negative, and at a joint session of the two houses held March 18, 1925, received 262 votes in the affirmative and 4 in the negative, be approved?

Question No. 2. Shall a law which amends existing law by striking out provisions that veterans which passed Civil Service examination shall be placed on the eligible list above all other applicants; that disabled veterans shall be placed above all other veterans and that disabled veterans shall be appointed and employed in preference to all other persons; and by providing in place thereof that five points shall be added to the mark of veterans who pass such examinations, and ten points to the mark of disabled veterans, which law was disapproved in the Senate by a vote of none in the affirmative and 34 in the negative and in the House of Representatives by a vote of 11 in the affirmative and 181 in the negative, be approved?

All votes for candidates and on the questions are to be upon one ballot.

The polls will be open at 6 o'clock A. M., and may be closed at 2 o'clock P. M.

And you are hereby directed to serve this warrant by posting up attested copies of the body of the same at each of the public meeting houses in the said town, seven days at least before the time of holding the said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen at the time and place of holding said meeting.

Given under our hands and the seal of the Town of Norton, this 23rd day of October in the year one thousand nine hundred and twenty-six, A. D.

ELMER E. LANE,  
JOHN G. ADAIR,  
MILO R. WHITAKER,  
Selectmen of Norton.

Bristol ss.

Norton, November 2, 1926.

I have served this warrant by posting up attested copies of the body of the same at each of the public

meeting houses in said town, seven days at least before the time of holding said meeting.

Signed, FRANK A. CLAPP,  
Constable of Town of Norton.

Pursuant to the above warrant the polls were open for voting at 6 o'clock A. M. The warrant was read by the Town Clerk in the absence of the Selectmen. Constable F. A. Clapp was placed in charge of the ballot box that was publicly opened and shown to be empty. The following tellers were sworn: Clyde E. Bruce, Charles J. Busher, Charles M. Goslin, Thomas W. Curran, Ethel M. Hewins, Emma Radnor.

The ballots were delivered to the tellers by the Town Clerk.

The polls were closed at 3.05 P. M., and the box registry and the check of the tellers agreed that 580 ballots had been cast.

The declaration of the vote was as follows:

| Number of Polls assessed .....              | 811            |                |
| Horses .....                                | 194            |                |
| Cows .....                                  | 336            |                |
| Other neat cattle .....                     | 69             |                |
| Swine .....                                 | 75             |                |
| Sheep .....                                 | 1              |                |
| Fowl .....                                  | 5,574          |                |
| Value of fowl assessed .....                |                | \$ 6,243.00    |
| Number of dwelling houses .....             | 675            |                |
| Number of acres of land .....               | 16,922         |                |

The Assessors' figures in the last three years have not shown any radical change but rather a gradual increase or decrease as the case may be.

Attention is called to the following items:—

1. Increased value of real estate in the last three years has been \$380,950.00.

2. Decreased value of personal estate in the last three years has been \$86,325.00.

3. Decrease in the number of fowl in the last three years has been 4,272.

4. Increased appropriations at town meetings in 1926 over the year 1923 was \$26,979.81.

ELMER E. LANE,  
LEONARD A. WITHERELL,  
FREDERICK M. DRAPER,  
Board of Assessors.

|                          | 1,719 |
| Consumed in Norton ..... | 1,702 |

Oleomargarine Certificates given to—

J. C. Pratt, Norton  
A. & P. Store, Norton  
Collected \$11.50

GEORGE L. SMITH.

## ANNUAL REPORT OF THE WATER DEPARTMENT

The third annual report of the Water Department is hereby submitted.

The pumping plant is in good condition. In October, a bolt on the crankshaft of No. 1 pump broke, the nut falling inside, causing the breaking of the crankshaft and pump base. This has been repaired at a cost of approximately \$700.00.

The WATER SUPPLY has had no interruptions except the usual for minor repairs. There has been pumped during the year 54,819,000 gallons of water, the greatest amount pumped in any one day being 191,000 gallons.

The MAINS have gone through the year without breaks or leakage and are apparently in good condition. The FIRE SERVICE showed its worth at the Clapp stable fire and elicited favorable comment from the firemen of Attleboro and Mansfield.

The COLLECTION OF BILLS is still a continual source of trouble. If customers would address their letters containing checks or money orders to the TOWN TREASURER, and those containing complaints or requests to the WATER DEPARTMENT, a great deal of annoyance would be eliminated. While in previous years one of the Commissioners has acted as Clerk of the Board, the past year the Commissioners have employed an outside man and the results have been much more satisfactory. A checking system for service work and the pumping station has been put into effect and it is expected that the results will be beneficial and tend to keep the Commissioners in closer touch with the affairs of the Department.

The FINANCIAL REPORT shows that the Department is better than self supporting. While the following may be found in other places in the Town Report, a condensed statement will no doubt be acceptable.

|                                       |             |
|---------------------------------------|-------------|
| Balance water bills unpaid January 1, |             |
| 1926 .....                            | \$ 1,711.28 |
| Commitments for year 1926 .....       | 16,821.43   |
|                                       | <hr/>       |
|                                       | \$18,532.71 |
| Abatements .....                      | 389.36      |
|                                       | <hr/>       |
|                                       | \$18,143.35 |

Amount collected year 1926 ..... 17,000.13

Unpaid water bills January 1, 1927.....\$ 1,143.22

Total expense of the Water Department:

Labor and maintenance .....\$ 6,969.39

Bond, main loan ..... 4,000.00

Bonds, E. Norton extension ..... 500.00

The sending of books to East Norton last year met with such appreciation that we are continuing this custom again this year with Mr. Walter Wood taking charge of the circulation. Books have also been sent to the Barrowsville and Winnecunnet Schools.

The story telling hour re-opened this fall and was met with hearty enthusiasm by the children.

LORA HOPKINS, Librarian.

GEORGE E. SMITH, Treasurer.

## THE BOARD OF REGISTRARS.

---

Twelve meetings have been held for the purpose of certifying nomination papers and for the registration of voters.

The majority of these meetings have been held at the town hall for general convenience.

The dates, place and registration follow:—

|             |                       |    |
|-------------|-----------------------|----|
| January 6   | Chartley Engine House | 18 |
| February 3  | Town Hall             | 9  |
| February 17 | Town Hall             | 19 |
| April 26    | Town Clerk's Office   | 13 |
| May 13      | Town Clerk's Office   | 23 |
| July 16     | Town Hall             | 2  |
| July 30     | Town Hall             | 2  |
| August 6    | Town Hall             | 1  |
| August 20   | Town Hall             | 1  |
| September 3 | Town Hall             | 4  |
| October 13  | Town Hall             | 3  |
| October 20  | Town Hall             | 9  |

At the close of registration, October 20, the list showed a total of 955 registered voters; 559 male and 396 female.

Number of assessed polls, 811.

HOMER L. LANE,  
THOMAS W. CURRAN,  
ALBERT F. WOODWARD,  
GEORGE E. SMITH,  
Registrars of Voters.

A request for a recount of ballots cast for Vinton I. Reynolds for Selectman, Overseer of the Poor, and Assessor of Taxes, at the Annual Town Meeting of March 1, 1926 was received at the Town Clerk's office March 3, 1926 at 5.30 o'clock P. M.

This request was signed by Vinton I. Reynolds, Morris E. Reynolds, Selina Reynolds and fifteen other citizens.

The Registrars of Voters were notified of this petition, and the evening of March 10, 1926 was designated for a recount.

With the full board of registrars present together with the principals and their representatives present the recount was made with the following results:

Selectmen: No change in the results as announced March 1.

Assessors: No change as announced March 1.

Overseers of the Poor: John G. Adair, 355; Elmer E. Lane, 241; Vinton I. Reynolds, 212; Milo R. Whitaker, 314; blanks, 219.

Attest: GEORGE E. SMITH,

Clerk of Registrars.

I hereby certify that I have audited the books of George E. Smith, Town Treasurer, verified cash on deposit, and on hand and certify that the above is a true statement of cash received and paid out for the year ending Dec. 31, 1926.

G. H. FULLER, Town Accountant.

GEORGE E. SMITH, Treasurer.

**WARRANT**  
**for the**  
**ANNUAL TOWN MEETING**

---

Bristol, S. S.

To Frank A. Clapp or either of the Constables of the  
Town of Norton, Greeting:

In the name of the Commonwealth you are hereby directed to notify and warn the legal voters of the Town of Norton to meet in the Town Hall in said Norton on Monday, the seventh day of March, 1927, at six o'clock, A. M., then and there to act upon the following articles, to wit:

Article 1. To elect one Selectman for three years, one Assessor for three years, one member of the School Committee for three years, one member of the board of Water Commissioners for three years, also a Town Clerk, a Treasurer, three Overseers of the Poor, a Collector of Taxes, nine Constables, a Tree Warden, and a Moderator, all to serve for one year. Votes for the above named officers to be upon one ballot. Also to choose all other town officers required by the law. The Polls will be opened at six o'clock A. M. and may be closed at two o'clock P. M.

Article 2. To see if the town will vote to accept the report of the Town Officers.

Article 3. To determine the salaries of the Town Officials for the ensuing year in accordance with Chapter 591, Section 8, Acts of 1920, viz., Town Clerk, Treasurer, Selectmen, Overseers of the Poor, Assessors, Collector of Taxes, Moderator, Tree Warden, and Constables, Water Commissioners, and School Committee.

Article 4. To raise and appropriate money to defray the expenses of the Town for the ensuing year:

- (a) For the repairs and improvement of roads.
- (b) For the repairs and improvements of bridges and railings, a new cement bridge, a street sweeper, cabs for tractors, and other necessary tools.

(c) For the support of schools, school supplies, transportation, salary of the superintendent, School Physician and Attendance Officer.

(d) For the maintenance and operating expenses of the Water Company.

(e) For the support of the Public Library.

(f) For the Memorial Day exercises.

(g) For the care and repairs of the Common at the Center.

(h) For reimbursement to the Norton Fire District for Water supplied to schools, Public Buildings, Fountains, and for fire protection.

(i) For payment of state aid.

(j) For payment of Soldiers' Relief.

(k) For Poor and Mothers' Aid including repairs at the Town Farm.

(l) For the expense of the Board of Health.

(m) For payment of Town Debt.

(n) For interest on Town Debt and Temporary Loans.

(o) For expense of Forest Fires.

(p) For expense of the Police Department.

(q) For expense of the Tree Warden.

(r) For expense of Town Hall.

(s) For registration and election expenses including salaries.

(t) For General Government including salaries and expenses of the following Town Officers: Town Clerk, Treasurer, Selectmen, Overseers of the Poor, Assessors, Collector of Taxes, Accountant and Moderator.

(u) For an allotment for a reserve fund.

(v) For reimbursement to the Norton District Nursing Association for the work of the Nurse in the Public Schools for the current year.

(w) For the expense of the Sealer of Weights and Measures.

(x) For the expense of printing and distributing the Annual Town Reports.

(y) For insurance of Public Buildings which expires this year and Employers' Liability Insurance.

(z) For the removal of snow.

Article 5. To raise and appropriate money for the suppression of the Gypsy and Brown-tail moths.

Article 6. To raise and appropriate money for the Town's proportion of the Annual Maintenance of the Bristol County Tuberculosis Hospital.

Article 7. To see what action the Town will take to suppress the illegal sale of intoxicating liquor in the town and to raise and appropriate in anticipation of the revenue of the present financial year.

Article 8. To see if the Town will authorize the Treasurer with the approval of the Selectmen to borrow money in anticipation of the revenue of the present financial year.

Article 9. To determine the manner of collecting their taxes.

Article 10. To raise and appropriate money for legal services.

Article 11. To raise and appropriate a sum of money for street lighting according to the contract with the Norton Power and Electric Company.

Article 12. To see if the town will vote to appropriate a sum of money from the surplus revenue to reduce the Tax Rate of 1927.

Article 13. To hear the report of the Committee on Reforestation and take any action thereon.

Article 14. To see if the Town will vote to raise and appropriate a sum of money to carry out the recommendation of the Reforestation Committee.

Article 15. To see if the Town will vote to accept Chapter 391, Acts of 1923, it being an amendment to Chapter 40, of the General Laws relating to the collection of water bills.

Article 16. To see if the Town will vote to raise and appropriate the sum of two thousand dollars (2,000.00) or any other sum as the town's proportion of the building of a permanent road from the end of the present State Road on Main street to the Easton Town line, providing the State and County will appropriate the necessary amount to complete said road, by petition.

Article 17. To see if the Town will vote to raise and appropriate money for the purchase of a new truck for the use of the Forest Fire Warden in fighting Forest Fires.

Article 18. To see if the town will vote to appoint a committee of nine to investigate the need for enlarged school accommodations in Chartley, and to raise and appropriate a sum of money to carry out the work of the committee or take any other action thereon.

Article 19. To see if the Town will vote to contract with the Norton Power and Electric Company to install street lights on Leonard, Plain and Bay Streets

and to raise and appropriate such sum of money therefor as the Finance Committee shall recommend by petition.

Article 20. To see if the Town will vote to raise and appropriate the sum of four hundred dollars (\$400) for installing Electric lights on Oak street for about one mile commencing at Main Street, by petition. .

Article 21. To see if the town will vote to authorize the Moderator to appoint a committee to consist of five members to consider the purchase of a Memorial Tablet to be erected in honor of the Veterans of Norton who served in the World War and to report at the next annual or special Town Meeting.

Article 22. To see if the Town will vote to name the square at the Center, Healy Square in memory of Harold Healy who lost his life while serving in the World War and to install one or more markers on the Common.

Article 23. To see if the Town will vote to raise and appropriate a sum of money to care for the burial place of the first settlers of Norton.

Article 24. To see what action the Town will take to improve a small cemetery on Bay Street near the Winnecunnett Cemetery and raise and appropriate money for that purpose.

Article 25. To hear the report of any committee and to take action thereon.

And you are hereby directed to serve this warrant by posting up attested copies of the body of the same at each of the Public Meeting Houses in said town seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at time and place of holding said meeting.

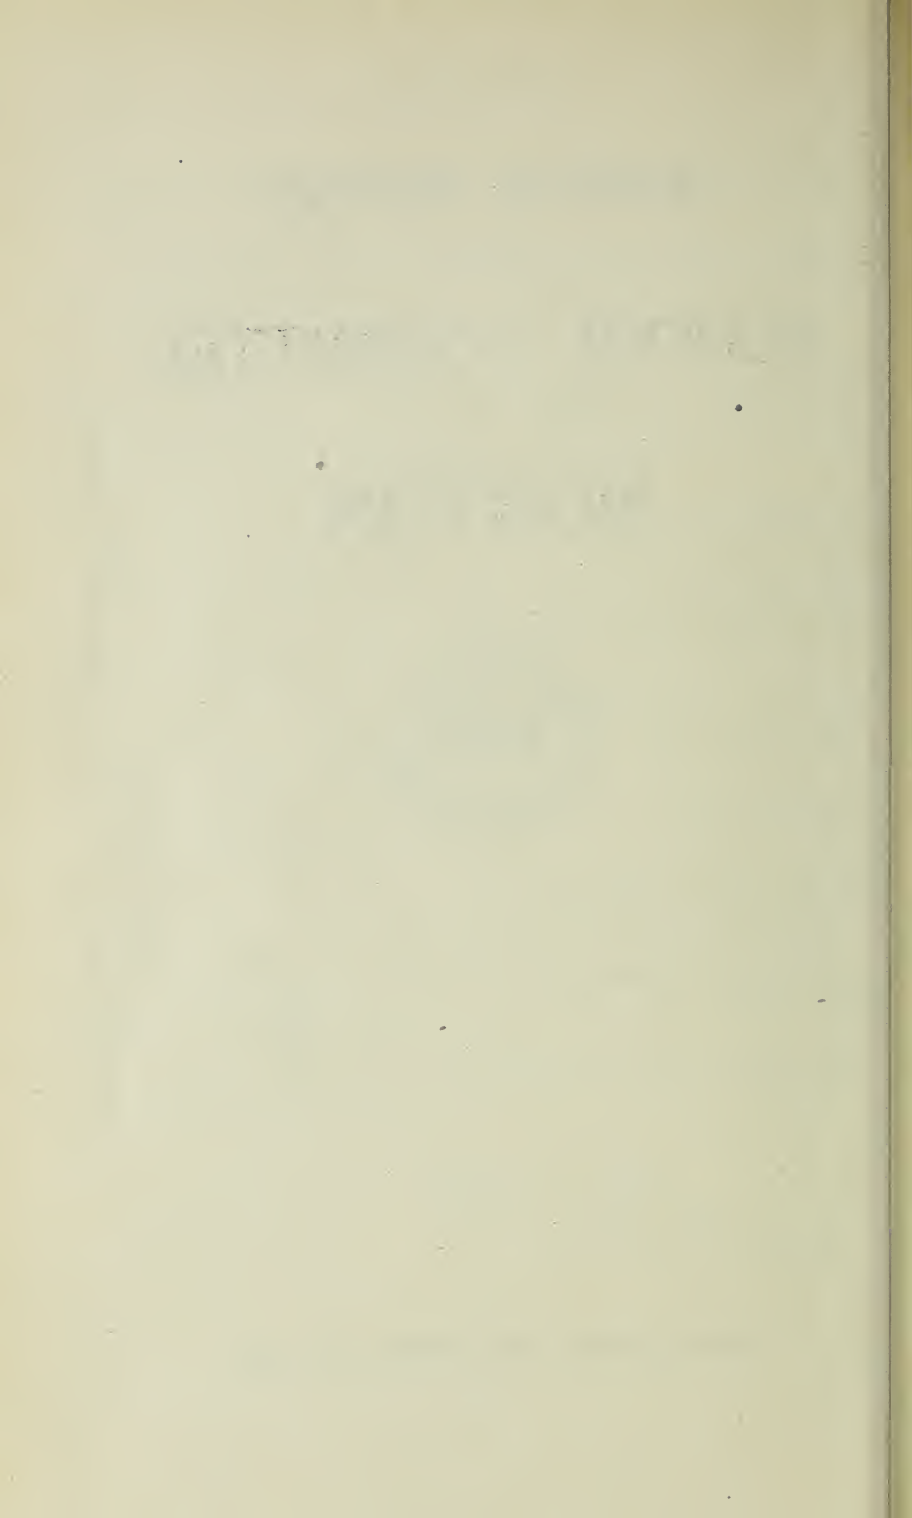

Given under our hands and the seal of the Town of Norton this first day of February in the year nineteen hundred and twenty-seven.

ELMER E. LANE,  
JOHN G. ADAIR,  
MILO R. WHITAKER,  
Selectmen of Norton.

## **School Calendar 1926-1927**

### **Elementary Schools**

Fall term begins Sept. 7, 1926.  
Fall term closes Dec. 17, 1926.  
Winter term begins Jan. 3, 1927.  
Winter term closes Mar. 25, 1927.  
Spring term begins April 4, 1927.  
Spring term closes June 17, 1927.

### **High School**

Fall term begins Sept. 7, 1926.  
Fall term closes Dec. 23, 1926.  
Winter term begins Jan. 3, 1927.  
Winter term closes Mar. 25, 1927.  
Spring term begins April 4, 1927.  
Spring term closes June 24, 1927.  
High School graduation June 24, 1927.

### **School Session**

High School, 8 A. M. to 1 P. M.  
Elementary Schools, 9 A. M. to 12 Noon and 1 P. M. to  
3 P. M.

### **Holidays**

January 1, February 22, April 19, Memorial Day, Oct.  
12, Thanksgiving Day and the day following.

### **No School Signals**

7.10 A. M. Three double blasts of the whistles at the plants of Sprague and Reynolds, Talbot Wool Combining Co., Defiance Mfg. Co., and the siren of the fire department, signify no session for any school for the day.  
7.45 A. M. Same signal signifies no session in the elementary schools for the day.

## REPORT OF THE SCHOOL COMMITTEE

---

To the Citizens of Norton:

The annual report of the School Committee of Norton, for the year ending December 31, 1926, is herewith submitted.

As Superintendent Laurence G. Nourse has well covered in his report all the activities of the past school year, this report will be brief.

Statistics are generally considered dull reading, but your committee feels that the following figures will be of interest to all tax payers who so generously support our schools. Of the appropriation of \$44,700.00 for the schools, \$42,698.89 has been spent, leaving a balance of \$2,001.11, January 1, 1927. The objective of your committee has been to get the greatest possible value out of the school dollar, but in no-wise to curtail the advancement of education which should always be progressive, not only enabling the pupil to earn a better living than his grandfather, but to have a wider range of interests, and to become a more desirable member of his community.

Comparing the figures of this year, with those of last year, you will note that the expenditure for support, per pupil, in the elementary schools in Massachusetts has increased \$1.01 and in the high schools, \$.88; while in Norton, we have reduced the expenditure per pupil, in the elementary schools, by \$4.18, and in the high school, by \$17.45. This has been accomplished by a careful system of budgeting, estimating, and balancing our accounts every month. To date, we have spent less than a year ago for transportation, fuel and light, books and supplies, general expenses, and new equipment. The expense of the School Physician remains the same. Increases have been necessary for superintendent, janitors, tuition, repairs, and janitors' supplies. At this time, your Committee is glad to state that it has carefully estimated the school expenses for the coming year and will ask the Town for no larger appropriation; but can manage the school plant with no decrease of efficiency, on a slightly lower amount.

Superintendent Laurence G. Nourse, a man of rare executive ability, has devoted himself with close appli-

cation and energy, to the work of the schools, which have shown marked progress under his careful supervision.

The teachers, some in service many years, others new in the profession, have shown a commendable spirit of co-operation with authorities. Whenever a vacancy has occurred, it has been our aim to fill the position with the best available candidate in experience and scholastic training. Do we always appreciate teachers? Read what Herbert Hoover said:

"The public school teacher cannot live apart; he cannot separate his teaching from his daily walk and conversation. He lives among his pupils during school hours, and among them and their parents all the time. He is peculiarly a public character under the most searching scrutiny of watchful and critical eyes. His life is an open book. His habits are known to all. His office like that of a minister of religion, demands of him an exceptional standard of conduct. And how rarely does a teacher fall below that standard! How seldom does a teacher figure in a sensational headline in a newspaper! It is truly remarkable, I think, that so vast an army of people—approximately eight hundred thousand—so uniformly meets its obligations, so effectively does its job, so decently behaves itself, as to be almost utterly inconspicuous in a sensation-loving country. It implies a wealth of character, of tact, of patience, of quiet competence, to achieve such a record."

The school buildings have received needed repairs and are in good condition.

Words are inadequate to express the educational needs at the Sturdy School which should have been replaced, ere this, by a modern, four-room building. Four teachers must be employed to care for the pupils. This means that two teachers are obliged to be teaching in one room, at the same time, which is most distracting to young minds that need an environment of peace and quietness in order to concentrate on the work at hand. Your Committee again recommends the alleviation of the crowded accommodations at the Sturdy School, by the erection of a suitable building this year.

In closing, we thank all individuals and organizations that have contributed directly or indirectly in maintaining the high standards attained by our Norton schools.

Respectfully submitted,

ROBERTS W. HEWINS, Chairman,  
MABEL H. PERRY, Secretary,  
JAMES A. FREEMAN.

Norton, Massachusetts,  
January 1, 1927.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the Norton School Committee:

I have the pleasure of submitting to you my third annual report as superintendent of schools and the thirty-third in the series of reports.

### **General Statement**

Scholastic progress in all schools has been satisfactory. Several lines of effort for higher results or investigation of the accomplishments which are being secured will be reported in detail. The maintenance of the school plants has been carried on as economically as consistent with sound judgment and good foresight. No exceptional undertaking or departure from the general policies of past procedure has been attempted. Increasing effectiveness in the present lines of endeavor has been the aim.

### **Progress in Instruction**

The work in reformulating the aims, methods, and objectives in several of the subjects taught in the elementary schools has gone forward steadily. The monthly teachers' meetings have been the chief means for carrying on this work. The study and effort by the teachers has been very helpful. The co-operative work of the teachers, principals, and superintendent has produced some very satisfactory courses of study. The subject of English in grades 1 to 8 was the major work of the spring term. On May 12, 1926, the course of study in English was definitely formulated. Part I gives for each grade the outcomes or results to be attained in (1) all uses of English; (2) spoken English; (3) written English. This part was the work of national committees as reported in the 4th year book of the department of superintendence. The broad and fundamental aims of all instruction in English are clearly set forth for each grade. Part II covers special projects in English which are being carried out by each teacher. The work of the past year is organized in written form for use of all teachers and the future work is suggested. During November all the grades were

tested on the basis of the course of study which was formulated last May. The test for the 5th and 6th grades is given as an illustration of general plan.

### score

- 5 % . Write correctly the following:  
yes i will come with you
- 5 % Fill the blank with one of the given or suggested words: .....I leave the room? (may, can)
- 5 % John.....the bell yesterday. (use correct form of "to ring")
- 5 % This morning I .....in bed. (correct form of verb "to lie")
- 10 % Use the word "their" in a sentence.
- 10 % Write a sentence in which there is a passive.
- 50 % Write a composition about something which interests you.

### Composition:

- |                |      |
|----------------|------|
| 1. Title       | 10 % |
| 2. Structure   | 20 % |
| Punctuation    |      |
| Indenting      |      |
| Length         |      |
| Closing, etc.  |      |
| 3. Substance   | 20 % |
| Interest       |      |
| Say Anything   |      |
| Real Situation |      |

---

Total 50 %

- 10 % Neatness, form, legibility, etc.

The results in all the Norton and Plainville schools are given below in the average percent for each grade. This is the first time this type of testing has been attempted. The scores are in most instances a fair representation of the work of the grade and taking all conditions into account satisfactory for the first test.

## English Test

| School            | Averages in Percents |    |    |    |    |    |    | Average for<br>the school |
|-------------------|----------------------|----|----|----|----|----|----|---------------------------|
|                   | Grade                |    |    |    |    |    |    |                           |
| Norton            | 2                    | 3  | 4  | 5  | 6  | 7  | 8  |                           |
| Center            | 80                   | 88 | 80 | 62 | 76 | 87 | 91 | 81                        |
| Sturdy            | 95                   | 94 | 77 | 81 | 85 | 82 | 84 | 85                        |
| Barrows-<br>ville | 59                   | 82 | 71 | 70 | 64 | 69 | 69 | 69                        |
| No. 8             | 72                   | 70 | 73 | 61 | —  | —  | —  | 69                        |
| Plainville        | 81                   | 87 | 74 | 88 | 73 | 80 | 87 | 81                        |

Instruction in spelling is on a very fine basis. Individual as well as class instruction is constantly given. Weekly reviews are held. Charts giving the progress of all pupils are on the walls in each room as an incentive to the pupils and an easy means for any visitor to see the progress being made. The same plan for general testing as in the past is continuing. The average scores for each school for the winter and spring terms of last year were: Center School, March 89%, June 93%; Sturdy School, March 93%, June 95%; Barrowsville School, March 87%, June 89%; Number 8 School, March 84%, June 87%. The scores for the two tests during this fall term are given below for each grade. The improvement this fall in the Barrowsville school is especially noteworthy. The other schools have maintained their usual high or satisfactory record.

## Spelling Tests

|              | Averages in Percents |    |    |    |    |    |    |    | Average |
|--------------|----------------------|----|----|----|----|----|----|----|---------|

Instruction in Arithmetic is receiving careful study and investigation. Each grade has definite standards and objectives. The work in algebra for part of the year in the 8th grade is definitely outlined for each school and all schools tested in June. The record of the pupils in each school is checked and compared when they continue this subject in the high school.

The School of Education of Boston University started last year a study of the teaching of the fundamentals in arithmetic in our state. A test for grades 5, 6, and 7 was made. This gave examples in addition, subtraction, multiplication, division and fractions. The object was to find out the present condition and then aim for a perfect score in the fundamental operations on reasonably simple and practical work by the majority of each grade. The result of the first test in 98 towns in Massachusetts is given below. The table shows a clear comparison between the whole group of towns and the Norton-Plainville schools.

Much credit is due our teachers for the excellent comparison. The figures are the median percents of accuracy. The median is the middle score or approximately the same as the more usually used score—the average.

**Tabulation of results in test of fundamentals in Arithmetic as determined by Boston University in a contest of 98 towns in Massachusetts**

|           |       | Add. | Subt. | Mult. | Div. | Fract. |
|-----------|-------|------|-------|-------|------|--------|
| 5th grade | State | 54.6 | 34.9  | 15.0  | 14.8 | 00.0   |
|           | N. P. | 69.8 | 45.5  | 19.8  | 18.1 | 00.0   |
| 6th grade | State | 66.6 | 47.1  | 21.1  | 30.2 | 5.5    |
|           | N. P. | 69.7 | 42.9  | 39.3  | 26.8 | 3.5    |
| 7th grade | State | 72.0 | 54.5  | 26.3  | 40.0 | 8.6    |
|           | N. P. | 66.6 | 56.2  | 41.8  | 64.5 | 25.0   |

Average amount the  
N-P Schools were

|                 |       |       |       |       |       |
|-----------------|-------|-------|-------|-------|-------|
| above the State | .9    | 2.7   | 12.8  | 8.1   | 7.8   |
| score           | above | above | above | above | above |

The same plan is again in use this year. The tests were given on December 8, 1926. The contest was open to all towns in New England this year. The results will be announced by Boston University in a few weeks.

Oral or mental arithmetic has received much attention during the past year. Drill in this type of mathematics used to receive much emphasis several years ago in all schools. Machines may be used in practical business to do routine work but they can never be advantageously used to take the place of quick, accurate thinking with simple numbers or determining the mathematical procedure. I have set forth the purpose of this work in the first draft of the course of study which I gave to the teachers on Sept. 14, 1926—as follows—

“The object of mental arithmetic is to develop the ability to do ‘in the head’ **quickly** and **accurately** many everyday, practical examples and problems instead of using the slower method of written work with paper and pencil. The attainment of reasonable speed in the handling of numbers in the everyday uses of the office, store, shop, and the home is a most valuable objective for the teaching of mental arithmetic. This application of mathematics is the most extensive one that is made by the large majority of people in ordinary activities. This use will come under our term—mental arithmetic.”

I gave personally in each grade in all schools tests in October and again in December. The tabulated results show an average increase of 18% per pupil. Emphasis on mental arithmetic will be continued.

Instruction in Penmanship has improved very decidedly in the past year. The plan of having a supervisor for this subject has worked out successfully. Definite standards for each grade, frequent visits of the supervisor, systematic submitting of papers by all pupils to the Palmer Company and the working for a teacher's Certificate in penmanship by each elementary school teacher have been factors in producing this result. The following teachers have secured their certificate in penmanship: Center School—Miss Rita A. McDermott, Miss Florence I. Bagg, Mrs. Mildred B. Greene, Miss Mildred N. Smith; Barrowsville School—Miss Alice E. Tucker, Miss Anna B. Cobb. Several other teachers have completed the course and are writing their final examination. It is expected that all will secure certificates by the end of this school year. The results in the work of the pupils are definitely increased by this work on the part of the teachers.

The Massachusetts department of Education has recently issued Courses of Study in Geography and History for certain grades. These outlines have been put in each school for guidance and assistance to the teachers.

No organized plan of instruction in Nature study has been made in the past. This fall a start was made with definite suggestions for each grade as an encouragement to each teacher to undertake the study of this subject with her pupils.

The results of the work in drawing have been of exceptionally high quality. The systematic organization of the plans has been well carried out. The interest in art has been very great in both the elementary and high schools. The publication of the art magazine—Student Art—was a splendid accomplishment and a great credit to the pupils, teachers, and the supervisor.

### High School

The progress in the high school has been good. Teachers have given excellent devotion to their special subjects. The pupils have shown increased interest and application to their studies. The general morale of the school is good. Mr. Randall gives in his report a full statement of the activities of the high school.

### The School Plant

The Center School and High School building has received its customary excellent care. Few repairs have been necessary. Much more will probably be necessary this coming summer.

The Sturdy School has had minor repairs during the past year. Certain changes will soon be necessary by order of the state building inspector in order to comply with regulations governing aisles and exits. The installation of electric lights which is being done at the present time will make the work of the pupils and teachers more efficient during the short days of the winter months.

Barrowsville School is in excellent condition. Its operation is very satisfactory. This school has become, since the recent addition, a most modern and well equipped school plant.

Number Eight School. Because of the extensive repairs which were authorized by the school committee

last summer, this school is now in very satisfactory condition. This improvement will make more and better work possible on the part of the teachers and pupils.

National Education week was again observed with special invitation to all parents and citizens to visit the schools. An encouraging response was shown. The following number of visitors were reported in the schools during that week: Center School 49, Sturdy School 88, Barrowsville School 33, Number Eight School 6. The meeting in the Town Hall on Friday evening of that week was well attended. Dr. J. Edgar Park, President of Wheaton College, gave an interesting address which was also most practical for parents and teachers.

Several instances of good co-operation between the public school and various departments of Wheaton College have taken place during the year. These have been, I think mutually advantageous.

### Crowded Conditions

The enrollment figures showing the crowded conditions last year have remained nearly the same. Data by schools follows:—

| School       | Dec. 1924 | Dec. 1925 | Dec. 1926 | Largest Number in Fall Term |
|--------------|-----------|-----------|-----------|-----------------------------|
| High         | 73        | 75        | 81        | 82                          |
| Center       | 188       | 194       | 200       | 208                         |
| Sturdy       | 99        | 119       | 104       | 106                         |
| Barrowsville | 97        | 102       | 94        | 99                          |
| Number 8     | 22        | 25        | 34        | 46                          |
| Total        | 479       | 515       | 513       | 541                         |

A comparison of the tables at the end of this report with similar tables in the report of last year shows that there is an increase of 56 pupils in membership of April 1, 1926 over the year previous. Likewise the total enrollment for the year had increased 67 pupils.

The high school is equipped to instruct from 100 to 110 pupils.

The Center School can seat 214 pupils. But in order to do this, two rooms either have two seats together or one more row in front of the room than the plan of the

room intended. These conditions are detrimental to the proper instruction and safety of the pupils. This school is crowded.

The condition of the Barrowsville School is good.

Number 8 School is badly overcrowded. At one time it was impossible to give desks to three pupils even with several extra desks placed in the classroom. Twenty-five pupils are as many as any rural school should have. No teacher, when she is expected to do the same quality of work as in the other schools, can do justice to her pupils if she has more than twenty-five pupils divided among five or six grades. This school should be limited to three or four grades. It is impossible, however, at present to bring any more pupils to the Center School. Unless some plan of relief is found this school will, next fall, have to be divided and each group given a half session.

Conditions remain practically the same at the Sturdy School. A small entering grade is the only change. The school census of October, 1926, however, shows that a first grade of twenty pupils is probable next fall. Four grades with two teachers in the same room can be considered only a temporary condition. It has now been in operation over a year. The proper education and health interests of the pupils require that a change be made.

Following this report there are the usual tables of statistics which are worthy of thoughtful consideration.

I thank the members of the school committee for their hearty support in the administration of the schools.

Respectfully,

LAURENCE G. NOURSE.

## HIGH SCHOOL PRINCIPAL

---

Norton, Mass., December 31, 1926.

Mr. Laurence Nourse,  
Superintendent of School,  
Norton, Massachusetts.

Dear Sir:

I herewith submit the annual report of the Principal of the Norton High School.

The High School opened on September 7, 1926, with an increase of nine over the preceding year, the entering class of thirty-four pupils being the largest since I became principal. The prospects are favorable for a large entering class in September, 1927.

The teachers are making good progress along the developmental type of education. Problems, projects and outside readings are being used to supplement the text books. I believe that in a short period of years the present text books will become only manuals rather than something to be followed page by page. The General Science and History classes are handling problems and projects frequently. I realize that projects are more difficult for the foreign languages but are possible. Laboratory English is one of the next projects for this school to work out. The difficulty lies in getting double periods for this laboratory work. A solution is possible and may be arrived at soon.

The standards of the school may be compared favorably with other high schools. The teachers have definite aims for visiting day and frequently check their work with teachers of other school systems. The College Entrance Board established a minimum of work to be done each school year. This minimum is reached and sometimes surpassed.

Physical exercise is held fifteen minutes per day. The exercises are held out of doors when possible. When the exercises are held indoors crowding is evident. More time should be used for this type of education.

Baseball is going nicely. A new team is being built up at present. Last year we had Foxboro, Attleboro 2nd,

Wrentham, Plainville, and Mansfield High Schools on our schedule. Suits were furnished by funds solicited from the townspeople.

The school paper, "The Parrot" has finished its third year. Each issue has some improvement over the preceeding issues. The December, 1926, issue has advertising in it. This is a departure from the policy of having a literary paper only. The receipts will be somewhat larger and we hope to build a good foundation for the future. Subscriptions were taken for the paper this year and a reduction in price was given. The paper is highly successful and educational. Practically everything is done by the pupils. Miss Sullivan of the English department is the faculty advisor for the paper.

Our school orchestra suffered many changes, due to graduation. However, many new members have been added and the orchestra is larger than ever. We now have five violins, two saxophones, one cornet, one set of drums, one mandolin, and one piano. The orchestra has already played on December 10, 1926, and will appear again later. I am pleased with the results and credit is due to Mrs. Illingworth for her faithful work.

On December 10, 1926, our annual interclass speaking contest was held in the Town Hall. Two contestants from each class spoke, three of which were selected for the triangular contest with Wrentham, and Plainville High Schools in May. This work will be of great benefit to all of the pupils, especially to the contestants, in the future activities in life. To be able to express oneself at the proper time, regardless of the size of the group, will finally result.

In many high schools of our size and some smaller, lunch counters are found. Luncheon is served during the recess period by a woman capable of operating the lunch room. We now have cocoa for the grades but this is not accessible to the pupils of the High School. Many of the pupils have early breakfasts and a good substantial sandwich and a cup of cocoa would be of great benefit at 11.30 A. M. I cannot guarantee the success of this project at first but I do believe that after we get started the project will pay its way. I think a trial should be made. Food can be sold at a low price, the price to permit a minimum profit to the manager. The lady in charge should act as manager, and monthly reports should be made.

The average time consumed in emptying the Center School during a fire drill is about 47 seconds. The teachers

are stationed to keep the files moving. A boy has been assigned the duty of caring for each fire extinguisher in the building.

In June, 1926, the drawing supervisor, Miss Frail, held an exhibit of the high school drawings. During the year besides the mechanical drawing, the free-hand drawing class drew wall paper designs, cover designs, poster designs, flowers and worked on complimentary colors. Miss Ruth Holmes, '27, won first prize from the Prevention of Cruelty to Animals League for her poster. Our drawing classes are now in fine shape due to the efforts of Miss Dempsey.

The grade of music being used is a credit to our music teacher. The last music lesson of each month is occasionally assigned to one of the four classes. This has brought out the musical talent in the school. During the year we have received 60 copies of the Ditson Chorus Book for High Schools which we believe will save the town money by not purchasing sheet music as frequently.

The commercial department has accomplished much good work this year. Our programs, school paper and some outside work has been done here. The department has purchased a file with their profits, as well as a set of records for typewriting and penmanship to music.

The class of 1926 gave the school an oak desk and chair for the English room. The committee purchased an oak desk and chair for the Commercial room. The French room and Laboratory need better desk facilities for the teachers.

Visual education has not been introduced as yet. I hope that soon some means will be found whereby the schools can have the use of a portable moving picture machine. Many educational films can be gotten for little or no expense. The state will furnish many upon request.

The students in typewriting have received the following awards during the year 1926:

| <b>L. C. Smith Typewriter</b> | <b>Award</b> | <b>Net words per min.</b> |
|-------------------------------|--------------|---------------------------|
| Frances Thurber               | Silver Pin   | 51.0                      |
| Lucien Foucault               | Bronze Pin   | 48.7                      |
| Lucien Foucault               | Certificate  | 37.2                      |
| Mildred Whithill              | Certificate  | 36.6                      |
| Marguerite Mondor             | Certificate  | 30.1                      |

|                      |             | Net words per |

I wish to thank the School Committee, our Superintendent, the teachers and the pupils for the whole-hearted support which I have received during the past year. The spirit of working for the good of the High School reigns high.

Respectfully submitted,

CHARLES S. RANDALL,  
Principal of the Norton High School

## SUPERVISOR OF MUSIC.

---

Taunton, Mass., December 31, 1926

Mr. Laurence G. Nourse, Supt.

Dear Sir:

Following is my report as Supervisor of Music in the Norton schools for the year ending December 31, 1926.

As long as we still use the New Educational Music Series our work each year follows along the same line; we vary it by presenting the same problems in a different way.

The change in the grading of the rooms at Chartley in the spring, delayed us somewhat in our music, although this fall the children have adjusted themselves and our work goes on smoother, but the conditions are not conducive to the best results.

We gave a school concert at Barrowsville, Chartley and Norton, "The Childhood of Hiawatha." The schools used the proceeds from the cantata for play-ground apparatus or other necessary things. At Norton the grammar grades gave "Spring Rapture" by Gaul at the graduation.

The new books we have for High School work—The Ditson Chorus Book—are splendid and the results can readily be seen and heard by visiting the class at music period. They surely have been an incentive to work.

Our High School orchestra is progressing favorably. We need money for music. We are taking an Orchestra Monthly Magazine but that gives us but two selections a month. We had planned to give a concert in the fall to raise money, but we have not had a chance to enlarge our repertoire enough to warrant it.

We are anticipating starting a grade orchestra at the Center School and I would like very much to be able to put the Intermediate Music Book in the upper grades of all the schools for supplementary singing material.

The co-operation of the teachers is what makes a special teacher's work show results, and as we start on this new year, may we enter into our work with just a little more interest and zeal.

Respectfully submitted,

ALICE M. ILLINGWORTH.

**SUPERVISOR OF ART**

---

Norton, Mass., December 31, 1926

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton and Plainville, Mass.

Dear Sir:

I herewith submit my report of the Art Department for the fall term of 1926. Having been in the schools of Norton and Plainville for such a short time the report is necessarily incomplete.

A thoughtful consideration of what modern life would be if all art were taken away will often prove a surprise. This imaginary removal would include every curve, line, or groove whose sole purpose is improvement of appearance. The moment an object of any kind is treated beyond the point of utility alone it has acquired an element of art.

Today the type of art education in the public schools furnishes the child with a means of self-expression. It develops muscular skill of hand and cultivates truth in observation. It stimulates the imagination and develops appreciation of beauty.

It is constantly necessary for each of us to make good or poor selections in our dress, in our homes, and at our work. A knowledge of color harmony, correct design, and orderly arrangement enables the child to use good taste in his selections.

In September, Nature furnishes abundant material for pupils to study plant life. The classes did splendid flower, fruit, and landscape drawing, using crayons, pencil, brush and ink, water color, and colored chalk.

The month of October was devoted to color study. The theory of color was taught and the pupils learned the "how" and "why" of combining colors.

During November and December the pupils of all grades gave their efforts toward printing, measuring, and constructing for Thanksgiving and Christmas problems. Each child worked out two or three projects for use as Christmas gifts at home.

In Norton, about November first, we began assembling drawings for our new art magazine which is called Student Art. Pupils from each room contributed drawings and the pages were mimeographed. The cover was designed by a high school student. The first issue of this little magazine was completed just before the Christmas recess, and over one hundred and fifty copies were sold.

Student Art contains drawings done by the pupils during the fall term. The plan is to have three issues of the magazine during the school year. The money received from sales will be used for the art department.

It is to be regretted that the students of the high schools of Plainville and Norton, a number of whom are especially talented, have so little time to devote to drawing.

I wish to express my appreciation to you, Mr. Nourse, for the splendid support you have given my work; and to the teachers of Norton and Plainville for their very kind co-operation.

Respectfully submitted,

CHARLOTTE A. DEMPSEY.

## SUPERVISOR OF PENMANSHIP

---

Norton, Mass., January 3, 1927

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Mass.

Dear Sir:

Following is my report as supervisor of penmanship in the Norton schools for the past year.

Since the work was started in September, 1925, much progress has been made in bringing the penmanship work up to the required standard. The results may be noted in the papers received from high school pupils in all their written work, as there are few poor writers in the first and second year classes at present, whereas good writers were in the minority a short time ago.

Specimen papers from every child in town were exhibited in June to show the progress made during the year. Many parents availed themselves of the opportunity to see exactly what their children had accomplished in writing, and were pleased to note the remarkable improvement which was evident. This year specimen papers are submitted at the beginning of the year and at the end of each term. In June these four specimens from each child will be on exhibition at the high school, and all parents are invited to examine them and thus see just what has been accomplished by their children during the year.

The awards system has been followed as a standard of accomplishment ever since the work was started. In June the record of awards received during the year 1925-1926 showed a total of 697. A letter was received from the head of the awards department of the A. N. Palmer Company at the end of the year congratulating us upon this record.

The Final Certificate is required from every pupil entering high school before he is excused from penmanship. Twenty-two of these certificates were won by seventh and eighth grade pupils in June; nevertheless, there are twenty high school pupils taking the subject this year. It is hoped that in the future no child will enter

high school without this certificate, thus eliminating the necessity of a high school penmanship class. This certificate was won by twenty-six in the high school, sixteen in the Center School and six in the Sturdy School during 1925-26.

There are two advanced awards which may be obtained by those who wish to work for them after the obligation to obtain the Final Certificate has been fulfilled. Ten of the high school class won the Business and High School Certificate and four the American Penman Certificate. Three pupils in grade eight of the Center School have won the Business and High School Certificate during the fall term. A very high standard of work is required before these awards may be won.

A penmanship bulletin is printed and sent to each teacher every two months, outlining the work and giving general instructions. A visit is made to every room in the Center, Sturdy and Barrowsville schools once in two weeks, and the work is found to be progressing nicely. Changes in the teaching force naturally tend to retard progress somewhat, but each new teacher registers for the free normal training course which is offered by the A. N. Palmer Company, and is soon able to meet the required standard.

Several of the grade teachers have already obtained their Teacher's Certificate; four have finished the course and are writing the examination for the certificate; and four are taking the course. Of the latter group three joined the teaching staff during the fall term, so have not been able to cover a great deal of the work of the course as yet. It is hoped that before June every grade teacher will hold this certificate, and thus qualify herself for the high grade of work which is expected.

I wish to thank all the teachers who by their effort and co-operation have made supervised penmanship in Norton a success.

Respectfully submitted,

HELEN J. CAFFREY,

Supervisor of Penmanship.

## SCHOOL PHYSICIAN

---

Norton, Mass., December 30, 1926.

From: E. W. Clarke, M. D.  
To: L. G. Nourse, Superintendent of Schools.  
Subject: Report of School Physician.

The students in each of the schools in the Norton district have been given as thorough a physical examination as is practical under the existing conditions.

Cases which seemed to require unusual study were given that study and were benefited, I believe.

Special care was given to student's showing tonsil and adenoid disease as well as carious teeth, and heart disease.

The Sturdy Memorial Hospital authorities offered to give free treatment for diseased tonsils and adenoids, and advantage was taken of this kind offer by those who could ill afford to pay regular charges.

Investigation was made of reports given me regarding the beginning of a possible epidemic of chicken pox.

One case of impetigo contagion was diagnosed and removed from the school until recovery took place.

Various injuries such as dislocations, sprains, lacerations, and contusions have come to my attention, and were treated.

Medical cases including tonsillitis, measles, whooping cough, chicken pox, and grippe were diagnosed and removed from the school.

Certain minor surgical cases such as: infected cervical glands, boils, and abscesses were incised and taken care of.

Inspection of the buildings discloses nothing of serious moment to the health of the children.

I wish to thank personally the school nurse, the teachers, janitors and all who have been instrumental in keeping the school in a healthy condition.

Very truly yours,

ELMER W. CLARKE.

## SCHOOL NURSE

---

Norton, Mass., December 31, 1926

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Mass.

Dear Sir:

Herein is contained my fifth annual report as school nurse. At the beginning of the school term the children were given a preliminary examination, the procedure being as follows:

A rapid group of inspection was made in all schools to determine the matter of fitness of children to remain in school. All the first grades were examined for vaccination. Those found unvaccinated were requested to do so immediately. Every case complied with the regulation.

Later on a private inspection of each individual child was made and has been repeated at different times in the year. The main purpose of these inspections has been to detect contagion of all kinds, to observe cleanliness, also to see those who appear to be in subnormal condition, or are absent from school.

I have visited the homes of excluded and sick absent children and have been the direct means of having them returned to school at the earliest possible moment. I have called on families to explain the reason for exclusion or to give preventive measures in contagion.

We have had five cases of whooping cough, measles and chicken pox. Considering these few cases, the general health in the school is exceptional. Two contact cases of tuberculosis and one badly underweight child were sent to the health camp for a period of one month each. Every one returned improved.

There are many cases of extreme dental neglect coming daily to the attention of the teachers with swollen cheeks, and tearful eyes. They are given a treatment with oil of cloves. Dental work should follow, but rarely is the case. There are many parents whose income barely covers the necessities of food, clothing, rent and fuel, and in such cases a dental clinic would prove very valuable.

The milk and cocoa has continued to be sold in schools. I would like to see hot soups served at noon especially at Norton School where so many have to eat a cold lunch.

In closing, I wish to thank our superintendent, school physician and teachers for their co-operation.

The number of visits are as follows:

|                             |     |
|-----------------------------|-----|
| Schools visits .....        | 138 |
| Children refused by teacher | 88  |
| Excluded for pediculi ..... | 14  |
| Homes visited .....         | 92  |
| Health talks given .....    | 15  |
| First aid treatment .....   | 20  |

Respectfully submitted,

L. DUVAL,

School Nurse.

### TOWN CAUCUS, FEB. 9, 1927

A caucus of qualified voters of the Town of Norton was called and held in accordance with the provisions of law relating thereto, at the town hall on the 9th day of February, and the following nominations for town office were made:—Moderator for one year, Homer B. Blandin; Town Clerk for one year, George E. Smith; Town treasurer for one year, George E. Smith; collector of taxes for one year, George E. Smith; selectmen for three years, John G. Adair; assessor for three years, Elmer E. Lane; overseers of poor for one year, Elmer E. Lane, John G. Adair, Milo R. Whitaker; water commissioner for three years, George H. O'Brien (Mr. O'Brien in a letter addressed to the town clerk declined the nomination and the town committee being duly notified chose Alfred W. Clapp to fill the vacancy; tree warden Albert S. Lincoln; nine constables: Frank A. Clapp, Albert S. Lincoln, Benjamin B. Scanlon, John Dumont, Charles M. Goslin, George L. Smith, William J. Tucker, Arthur A. Whipple, George O. Stuart; school committee for three years, Mabel H. Perry; citizens committee for one year, Frank A. Clapp, Alden G. Walker, Arthur L. Valentine.

Frank A. Clapp was chairman of the caucus and George E. Smith was clerk.

Nomination papers for constables were filed by John Bertinshaw, John Fitzgerald, Julius Leonard and Solomon Haskell.

### Annual Town Meeting, March 7, 1927.

The warrant was read by Homer B. Blandin, moderator, and the following tellers and ballot clerks were qualified by the town clerk: Clyde E. Bruce, Thomas W. Curran, James Watson, Charles M. Goslin, Ethel M. Hewins, Emma Radnor.

The ballot box was publicly opened, shown to be empty, and the keys given to Frank A. Clapp, constable in charge. On motion of Frank A. Clapp it was voted to take up Article 1 of the Warrant.

The polls were opened for voting at 6 o'clock A. M. and were closed at 3.54 P. M.

The number of ballots registered were two hundred sixty-five, and the vote was declared as follows:

Moderator, Homer B. Blandin 222, blanks 43.

Pound Keeper: Frank Andrews.

Field Drivers: Benjamin B. Scanlon, Julius Leonard

Fence Viewers: Joseph Draper, Edwin R. Lincoln.

Article 2. On motion of Dr. A. M. Round it was voted to accept the reports of town officers.

Article 3. On motion of Vinton I. Reynolds it was voted that the salaries of town officers be the same as last year namely—Clerk \$200; Treasurer \$400; Selectmen \$200 each; Accountant \$600; Assessors \$300. each; Collector of Taxes \$500; Overseers of Poor \$50 each; Moderator \$25.

Article 4. On motion of Vinton I. Reynolds for the finance committee the following appropriations were voted:

(a) For the repairs and improvement of roads, \$12,825.00. Dr. A. M. Round offered an amendment "that from the sum appropriated, a sufficient amount be used to level and rock ballast the electric road bed. Elmer E. Lane doubted if the State would permit a diversion of funds under the joint appropriation. Frank A. Clapp said if filling was made it would interfere with the electric road snow plow, and the ties were in many cases so rotten that they would probably break up under rock ballast. Vinton I. Reynolds claimed a point of order inasmuch as fully 70% was not under town supervision. Chair ruled that the amendment should prevail. Vote was then taken and amendment declared lost.

(b) For repairs and improvement of bridges etc., \$3,775.00.

(c) For support of schools under this article, \$44,500.00.

(d) For maintenance and operating expenses of the water department, \$8,000.00.

(e) For support of the Public Library, \$900.00

(f) For Memorial Day exercises, \$150.00.

(g) For care and repairs of Library Square, \$50.00.

(h) For reimbursement to the Norton Fire District for water supplied to schools public buildings, fountains and for fire protection, \$1,500.00.

(i) For State Aid, \$225.00.

(j) For Soldiers Relief, \$1,200.00.

(k) For poor, Mothers Aid and town farm, \$4,500.00.

(l) For Board of Health, \$1,500.00.

(m) For payment of town debt, \$9,500.00.

(n) For interest on town debt and temporary loans, \$7,700.

(o) For expense of forest fires, \$600.00.

(p) For expense of police department, \$1,200.00.

(q) For expense of tree warden, \$400.00.

(r) For expense of town hall including purchase of chairs, \$850.00.

(s) For registration and election expenses including salaries, \$350.00.

(t) For general government including salaries of town officers, \$4,700.00.

(u) For allotment for a reserve fund, \$1,500.00.

(v) For re-imbursement to Norton Dist. Nursing Assn., \$750.00.

(w) For expense of Sealer of Weights & Measures, \$175.00.

(x) For expense of printing and distributing town reports, (\$294.76.

(y) For insurance on public buildings policy expirations and for employers liability, \$1,500.00.

(z) For removal of snow, \$1,800.00.

Article 5. For suppression of gypsy & brown tail moth, \$1,424.37.

Article 6. For annual maintenance of B. C. T. B. Hospital, \$1,971.54.

Article 7. For suppression of sale of intoxicating liquor. This article was dismissed from the warrant by vote.

Article 8. Voted that the town treasurer with the approval of the selectmen be and hereby is authorized to borrow from time to time in anticipation of the revenue of the present municipal year beginning January 1, 1927 to an amount not exceeding in aggregate \$91,539.34, any debt or debts incurred under this vote to be paid from the revenue of said municipal year.

Article 9. Voted to commit the tax warrant to the Collector for collection and that the salary voted at this meeting be paid him as usual.

Article 10. Voted for legal services, \$250.00.

Article 11. Voted for street lighting as per contract, \$3,135.00.

Article 12. Voted on recommendation of finance committee not to appropriate money from surplus revenue to reduce taxation of 1927.

Article 13. Gertrude E. Cornish reported for the committee on the work of reforestation. This report was accepted and the same committee appointed: Gertrude E. Cornish, Austin M. Sweet, Joseph W. Crowshaw.

Article 14. Voted for reforestation, \$200.00.

Article 15. Voted to accept Chapter 392 Acts of 1923 an amendment to Chap. 40 General Laws relating to the collection of water bills.

Article 16. Voted to raise and appropriate the sum of \$2,000.00 as the towns proportion of the cost of building a permanent road from the end of the present state road on Main St. to the Easton line providing the state and county will appropriate the necessary amount to complete said road.

Article 17. Voted the sum of \$650. to purchase a new truck for the use of the fire warden in fighting forest-fires.

Article 18. To see if the town will vote to appoint a committee of nine to investigate the need for enlarged school accommodations at Chartley and to raise and appropriate a sum of money to carry out the work of the committee or to take any other action thereon. Voted: that the moderator appoint a committee of nine to investigate the need for enlarged school accommodations in Chartley and to report at an adjourned town meeting on Tuesday April 26, 1927 at eight o'clock P. M. with complete information including detailed plans and specifications for any proposed building and site accompanied by bona fide bids for the completion of the work and that the sum of \$100 be raised and appropriated for the work of this committee.

The committee to be appointed under Article 18 was now announced: Mabel H. Perry, Arthur E. Sweet, James A. Freeman, James J. Flaherty, E. Martin Barney, Albert F. Woodward, John J. Ulmer, Carlton Draper, Edgar M. Holmes.

Article 19. Voted to contract with the Norton Power & Electric Co. to install street lights on Leonard, Plain and Bay Streets and to raise and appropriate money therefor at the rate \$16.50 per light. (The amount to be raised the current year \$2,75.00).

Article 20. Voted to install electric street lights on Oak St. for about one mile to the residence of Wm. H. Russell and that a sufficient sum be raised and appropriated to do the work: (The amount to be raised the current year \$100.)

Article 21. Voted to authorize the moderator to appoint a committee of five members to consider the purchase of a memorial tablet to be erected in honor of the veterans of Norton who served in the World War and report at the next special or annual town meeting. The committee appointed was James C. Watson, George H. O'Brien, George H. Fuller, Arthur T. Sturdy, Milo R. Whitaker.

Article 22. In view of the action on article 21 it was voted to dismiss this article.

This vote was afterward reconsidered and the article again taken up for debate. On motion of Vinton I. Reynolds it was voted "that the committee appointed under Article 21 be empowered to plant a suitable memorial tree properly marked on the Common (Library Square) in memory of the late Harold Healy who lost his life while serving in the World War. James C. Watson assured the meeting that the fund now available would be sufficient to carry out the provisions of both this and the preceding article.

Article 23. Voted the sum of \$200 to care for the burial place of the first settlers of Norton.

Article 24. Voted the sum of \$200 to improve the small cemetery on Bay Road near Winnecunnet cemetery.

Finance committee for three years appointed by the moderator: Thomas W. Curran, Alfred W. Clapp, George H. Fuller, Arthur L. Valentine, Lena M. Whitaker.

On motion of Vinton I. Reynolds seconded by Frank A. Clapp, the meeting was adjourned to April 26, 1927 at 8 o'clock P. M. at the town hall.

Attest: GEORGE E. SMITH, Clerk of Norton

---

### Adjourned Town Meeting April 26, 1927

The meeting was called to order at eight o'clock by the moderator Homer Blandin.

James J. Flaherty gave a very complete report for the committee appointed at the annual town meeting; "not for themselves, but to render an account of their stewardship"—"we very much favor and recommend a four room brick building on the Sturdy lot—we recommend the land be taken by eminent domain with appraisal by the committee—we recommend that a special building committee be appointed and the construction be under the supervision of an architect.

Our second plan is a two room section building to be placed in the Sturdy bldg lot. This plan will afford temporary relief." On motion of Vinton I. Reynolds it was voted to accept this report. On motion of Vinton I. Reynolds it was now voted to adjourn.

### Special Town Meeting, April 26, 1927

Called at 8.30 P. M.

Article 1. To see what action the town will take for the purpose of acquiring land and providing additional school accommodations, raise and appropriate money therefor or take any action relative thereto.

Article 2. To see if the town will vote to contract with the Norton Power & Electric Company to install 15 street lights for one mile on North Worcester Street in a northerly direction from the property of Frank P. Daughaday, and to raise and appropriate for this purpose at the annual rate of \$16.50 per light.

Action on the foregoing warrant:

Article 1. Vinton I. Reynolds stated that the finance committee approved of an appropriation of \$34,000. and moved "that there be appropriated the sum of \$34,000. for the purpose of acquiring by purchase or taking by eminent domain, a lot of land consisting of the northern half of the so called Chartley Pond Plot with a frontage of 263 feet on South Worcester St. with a depth of approximately 500 feet and an area of approximately three acres, for the construction and original equipping of a new school building on the land acquired as above; and that to meet said appropriation there be raised in the tax levy of the current year the sum of \$1000, and the treasurer with the approval of the selectmen, be and hereby is authorized to borrow a sum not to exceed \$33,000. and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than 20 years, or at such earlier dates as the treasurer and selectmen may determine, and that the present committee, with the exception of the School Committee be a building committee to carry out the above vote."

Amendments were made and accepted to make the motion read "not to exceed \$34,000." and "not to exceed \$33,000." and also "to include the names of the committee on building were accepted and after a discussion the ballot was ordered and the following tellers qualified: George J. Traviss, Alfred W. Clapp, Charles O. Bruce, with the following result: Number ballots cast 258. Necessary  $2/3$  for "yes" vote 172, "Yes" ballots 132, "No" ballots 126.

Motion declared lost.

The following motion was then made by Vinton I. Reynolds as a second recommendation of the committee: "that there be appropriated the sum of \$6,500. for the purpose of providing a portable school building near the present Sturdy school and for the original equipment and furnishing of said building and for the purchase or taking by eminent domain a lot of land on the northwest side of the present building with a frontage of 50 feet on South Worcester St. and containing approximately 9000 sq. ft.; and that to meet said appropriation there be raised in the tax levy of the current year the sum of \$6,500. and that James J. Flaherty, E. Martin, Barney, Albert F. Woodward, John G. Ulmer, Carlton Draper, Edgar M. Holmes, and Arthur E. Sweet be a building committee to carry out the recommendations of the above vote." Mr. Reynold stated that this proposition was in line with the finance committees recommendations.

Dr. A. M. Round now "moved to adjourn." Moderator Homer B. Blandin, ruled that this motion to adjourn was debatable, citing Harveys Manual and on request of Mr. Reynolds a voice vote was ordered. The vote to adjourn was lost by an evident majority and the motion for a portable school was debated at length.

A motion to ballot and use the check list was made and defeated, and instead a hand vote was ordered and Charles O. Bruce, Thomas W. Curran and Dr. C. U. Davis appointed to count. Twenty-eight were reported in favor of the motion and so many hands raised in the negative as to make the count unnecessary, and the motion was declared lost.

George H. O'Brien moved "that the same committee continue research for one month with special reference to an addition on the Sturdy School building." Edgar W. Holmes said "I realize the conditions at Chartley and the need of a remedy right-away. The committee had no money to make research further than they went." Mr. Holmes expressed himself as not in favor of an addition to the Sturdy school building.

W. C. S. Wood said "the right solution has never been brought forward." Edgar M. Holmes now tendered his resignation from further committee duty and this resignation was followed by that of James J. Flaherty, of John G. Ulmer

of Carlton Draper of Arthur E. Sweet and of Albert F. Woodward. Vinton I. Reynolds also tendered his resignation from the Finance Committee. Dr. Round moved the resignation be accepted but the motion was not put by the moderator.

The motion of Mr. O'Brien was now put to vote and declared lost.

Article 2. Vinton I. Reynolds stated that the finance committee was divided, but a majority present were recorded in favor of the article. He moved to contract with the Norton Power & Electric Company as per article and it was so voted. (Amount to be raised in levy of 1927 taxes \$100.)

Voted to adjourn.

Attest: GEORGE E. SMITH, Clerk.

---

### REGISTRARS OF VOTERS

Five meetings of the Registrars have been held during the year for the purpose of certifying nomination papers and for correcting the list of voters. The dates of these meetings were February 9, February 16, February 23, October 27, November 3.

At the close of registration there were 926 names on the voting list.

ARTHUR T. STURDY, Treas.

## REPORT OF REFORESTATION COMMITTEE

March 7, 1927

Massachusetts continues to be a leader in the town forest movement, and there are now seventy-seven towns that have established and are developing town forests. Still about one fifth of the state is made up of idle forest land, and there is a great need for individuals, towns, and state to take steps towards making use of this area in growing trees. Not only do the forest reservations help control the water supply, provide bird sanctuaries, and recreation grounds, but it is only in this way that our wood-using industries can continue to live, and the cost of lumber be reduced.

In accordance with the recommendations of your reforestation committee reported at the last annual town meeting, three thousand white pines were obtained from the state, free of charge, and the open ground on the north side of the town farm was planted. On Arbor Day, as a fitting close to a study of the whole subject of forestry made during the forestry week celebrating the fiftieth anniversary of the passing of the first forestry act in this country, a portion of these trees were planted by school girls.

Of the appropriation of \$200.00 made by the town last year, \$97.62 was spent planting trees, clearing out the growth of young pines on the north side of the road, cutting out fire-lines on the east and south, and cutting some of the dead birch which a fire destroyed about two years ago. \$102.38 was returned to the town treasury.

The large pine trees on the north side of the road recommended by the state forester to be cut, were sold to Sprague and Reynolds. The total amount cut was one hundred twenty-six cords, five feet, six inches, which at \$8.00 a cord, netted \$1013.50 paid in to the town treasury. As no trees were cut that did not measure ten inches in diameter, breast high, there are left on this wood lot nearly as many trees as were cut, which in turn will be large enough for cutting in a few years.

The state forester visited our town forest in November, and according to his suggestions, the committee makes the following recommendations for the coming year:

1. That a further clearing out be made in the growth of small pines on the north side of the road.
2. That the dead birch and others destroyed by fire be entirely cut.
3. That the brush accumulated from clearing out the young growth of pines and from cutting the firelines be burned.

4. That a few of the large pines which shall be marked by the committee) on the south side of the road be sold.

In many towns of Massachusetts, the land owned as a water-shed has been made a part of the town forest.

The committee therefore further recommends:

5. That the tract of land owned by the town as a water-shed,—and containing approximately fifteen or twenty acres, be made a part of the town forest, and that any cleared spaces be planted to pines this spring, a part of these trees to be planted by the school children of the town on Arbor Day.

6. That further investigation be made in regard to means of increasing our town forest to one hundred acres.

7. That a reforestation committee be appointed to have charge of the work for the coming year.

Respectfully submitted,

GERTRUDE E. CORNISH,

Chairman,

Reforestation Committee.

---

**Report of an Audit of the Accounts of the  
Town of Norton  
For the period from Jan. 1, 1926 to Sept. 13, 1927**

---

Mr. Theodore N. Waddell,  
Director of Accounts,  
Department of Corporations and Taxation,  
State House, Boston.

Dear Sir:

As directed by you I have made an audit of the books and accounts of the town of Norton for the period from January 1, 1926 to September 13, 1927, and submit the following report thereon:

The books and accounts of the town accountant were examined and checked, the reported receipts being compared with the financial records of the several departments collecting money for the town and with the treasurer's cash book. The payments recorded on the accountant's ledger were checked to the warrants authorizing disbursements and with the treasurer's cash book.

An analysis of the ledger was made for the period of the audit, a trial balance was taken off, and a balance sheet showing the financial condition of the town as of September 13, 1927, was prepared and is appended to this report.

The appropriation accounts were examined and checked with the appropriations, transfers, and loans voted by the town as shown by the town clerk's records.

The payments of debt and interest were checked with the amounts falling due and with the cancelled bonds, notes, and coupons on file.

The books and accounts of the treasurer were examined and checked. The cash book footings were proved, the recorded receipts were checked and compared with the accountant's books and with the records of the departments making payments to the treasurer; and the payments were compared with the warrants authorizing the treasurer to disburse town funds.

The cash balance as of September 13, 1927, was verified by a reconciliation of the bank accounts with statements furnished by the banks and by an actual count of the cash in the office.

The securities held as investments of the several trust funds in the custody of the treasurer were examined and listed. The income was proved and the receipts and disbursements were examined and verified, being found to be properly recorded on the books.

The books and accounts of the collector of taxes were examined and checked, the commitments of taxes being verified and the abatements compared with the assessor's records of abatements granted. The payments to the treasurer were checked with the treasurer's books, and the outstanding accounts were checked, listed and proved to the accountant's ledger.

The outstanding accounts were further verified by sending notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

In checking the various levies it was found that, in numerous instances, the distribution of the payments as made on the collector's cash book did not agree with the commitment book. This necessitated a complete checking of the cash book entries with the postings in the commitment book. It is therefore recommended that utmost care be used in making the proper distribution in the cash book in order to prevent confusion in the various accounts.

It was also noticed that the collector made his final payment on each levy by paying a lump sum to the treasurer, this sum representing the balance of the amount shown in his warrant, less his prior payments and abatements. Payments to the treasurer should be made on the basis of actual collections, which should be entered in the collector's cash book as received.

In this connection attention is called to Section 2, Chapter 60 of the General Laws, which provides, in part, that:

In towns, not cities, he shall, once in each week or oftener, pay over to the town treasurer all money received by him during the preceding week or lesser period on account of taxes and interest.

In addition to collecting taxes for the town, the collector also collects the Norton Fire District tax; and the commitments, abatements, and the outstanding accounts for the District were therefore verified.

The tax title deeds in the possession of the treasurer were examined and listed.

The water accounts were examined and checked and the outstanding accounts listed. The commitments, the payments to the treasurer, and the outstanding balances were checked with the accountant's ledger. In checking the abatements it was found that a large number of abatements had been given to the collector which had not been reported to the accountant. It is recommended that in the future, all commitments or abatements be reported to the accountant promptly, so that accurate information concerning the various accounts may be available at all times.

The books and records of the town clerk were examined. The recorded receipts were checked with the license stubs and other records of licenses granted, and the payments to the town treasurer, as well as the payments of dog licenses to the county and of sporting licenses to the State, were checked with the treasurer's cash book and the receipts on file.

It has been the practice of the town clerk to keep these various receipts in his personal bank account, and it is recommended that they be so kept in a separate account.

An examination of the accounts of the sealer of weights and measures showed that the sealer pays his fees into the treasury once a year, in which connection attention is called to Section 34, Chapter 98, General Laws, requiring that sealers shall account for and pay into their city or town treasuries monthly all fees received.

It is also recommended that all departments receiving money for the town make payments to the treasurer as often as once in each month.

The surety bonds of the collector and treasurer were examined and found to be correct in form. The town clerk was not bonded as required by Section 13, Chapter 41, General Laws.

The bond for the treasurer of the Hick's Trust and Hick's Reserve Funds was dated in 1925 and kept in force by a continuation certificate. A separate bond should be obtained each year, similar in form to that of the town treasurer.

For the cooperation and courtesy extended by the several department officials during the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDW. H. FENTON,

Chief Accountant

## ASSESSOR'S REPORT

The following annual Assessor's Report for 1927 is herewith submitted to the taxpayers and voters for consideration—

|                                            | 1927                  | 1926                  |

The law provides for the filing of returns by each individual or business concern with the Assessors.

The following is the law—

General Laws, Chap. 59, Section 59. "A person aggrieved by the taxes assessed upon him may, within six months after the date of his tax bill, apply to the assessors for an abatement thereof; " [Note the time limit.]

Section 61. "A person shall not have an abatement, except as otherwise provided, unless he has brought in to the assessors the list of his estate as required by section twenty-nine. A tenant of real estate paying rent and under obligation to pay more than a moiety of the taxes thereon, may have an abatement although no such list was brought in. If such list is not filed within the time specified in the notice required by section twenty-nine, no part of the tax assessed on the personal estate shall be abated unless the applicant shows to the assessors a reasonable excuse for the delay or unless such tax exceeds by more than fifty per cent the amount which would have been assessed on such estate if the list had been seasonably brought in, and in such case only the excess over such fifty per cent shall be abated. . . ."

GEORGE E. SMITH, Treasurer.

### Burial Trust Funds Received

January 24—Received of Charles S. Bruce one hundred dollars the income to be used for the perpetual care of the Charles S. Bruce lot in the Center Cemetery, and also for the care of the Goff lot directly adjoining.

February 7—Received of Ruric R. Robertson one hundred dollars the income to be used for the perpetual care of lot No. 75 in the Timothy Plain Cemetery. The fund to be known as the Berenice C. Robertson Fund and with the request that any surplus shall be used for the care of other graves or the Cemetery.

July 30—Received of Mrs. Geo. H. Leonard fifty dollars the income to be used for the perpetual care of the George H. Leonard lot in the Timothy Plain Cemetery.

August 26—Received of Jerome R. Kilburn and George W. H. Kilburn executors, two hundred dollars the income to be used solely for the perpetual care of the George L. Wetherell lot in the Common Cemetery hereafter designated as The Wetherell and Kilburn lot.

August 26—Received of Elizabeth A. Russell one hundred dollars, the income to be used for the perpetual care of the Russell and Chadwick lot in the Center Cemetery.

September 12—Received of Evelyn L. Miles one hundred dollars, the income to be used for the perpetual care of the Lysander O. Makepeace lot in the Center Cemetery.

GEORGE E. SMITH,

Treasurer of Norton.

W. C. S. WOOD, Treasurer

## REPORT OF TOWN ACCOUNTANT

---

In view of the numerous questions asked about the Excess and Deficiency or Surplus account the following brief explanation is given.

In making up the tax rate the assessors must make an estimate of the amounts received from sources other than taxes; such as amounts received from the State as Income Tax, Corporation Tax, Bank Tax, and several other amounts received from the State as you will note in report of Treasurer's receipts; and the different amounts received by the Town for licenses, rent of Town Hall, interest, etc. In making these estimates they must not exceed the amounts actually received the previous year. The sum of these estimates is deducted from the sum of the appropriations.

If more than the estimate is received then the Surplus account is increased.

Also, all unexpended balances of appropriations are added to this account.

The Surplus account balance is not a cash balance, but represents what would be a cash balance if all sums coming to the Town were paid in and all bills paid.

It is not good judgment to allow this balance to become too large, neither is it wise to reduce it too much. The State recommends that a reasonable balance be retained.

The account is usually reduced by taking part of it and deducting it from the total of appropriations to reduce the tax rate.

It is not considered wise to take a large amount to make a big reduction in the tax rate in any one year, because it would simply follow that the next year the rate necessarily would be increased.

A proper balance should be retained for an emergency or to help reduce the tax levy if the Income tax returned by the State should decrease in an off year. Or a sinking fund could be created by taking part of the Surplus each year.

I would recommend that \$9,000.00 be taken from the Surplus account this year to reduce the tax levy.

In order to be better prepared to pass on the different items in the warrant I recommend that the Finance Committee begin their investigations two or three months before Town Meeting.

GEO. H. FULLER,

Town Accountant

## FINANCIAL REPORT FOR THE YEAR ENDING DEC. 31, 1927

### General Government

#### Paid Salaries:—

|                                         |         |

## ANNUAL REPORT OF THE WATER DEPARTMENT

---

The Water Commissioners respectfully submit herewith the fourth annual report of the Water Department.

Aside from the usual occasional minor leaks and repairs, the year developed few serious contingencies.

The collection of water charges continues to be a source of trouble because of the laxity shown by users in meeting these obligations. The Board has been compelled to threaten shut-off proceedings in order to secure payment of certain long standing accounts.

No better example of this laxity can be shown than in calling attention to the Treasurer's Report which shows a balance of \$2,226.23 remaining uncollected at the end of the year as against \$1,143.22 last year. The difference is part of the amount the Board ought to be able to show as a profit. Unquestionably the profit is there, but until the taxpayers meet their obligations it cannot be used to show the true condition.

The matter of gravest concern now facing the Board is the matter of replacing one of the engines at the pumping station. This particular engine has been repaired time and again, and while it continues to function, it is only a matter of time before it will be absolutely necessary to replace it. The cost of this replacement would probably be in the neighborhood of \$3,500.00

If the money earned by the department in the past three years had been left to its credit it would not be necessary to anticipate this purchase now, as the amount would probably be sufficient to buy the engine. As it is the voters must give consideration to this question and take steps to meet the eventual expense.

The department continues to be better than self supporting and more than justifies its existence and the soundness of the town's investment.

In conclusion the Board expresses its appreciation for the support accorded it and hopes the voters will take favorable action to enable a continuance of a progressive policy.

Respectfully submitted,

W. C. S. WOOD  
ALFRED W. CLAPP  
BERTRAM F. FALES

Water Commissioners

# WARRANT

FOR THE

## ANNUAL TOWN MEETING

---

Bristol ss.,

To Frank A. Clapp or either of the constables of the Town of  
Norton, Greeting:

In the name of the Commonwealth you are hereby directed to notify and warn the legal voters of the Town of Norton to meet in the Town Hall in said Norton on Monday, the fifth day of March 1928 at six o'clock A. M., then and there to act on the following articles, to wit:

Article 1. To elect one Selectman for three years, one Assessor for three years, one member of the School Committee for three years, one member of the Board of Water Commissioners for three years, also a Town Clerk, a Treasurer, three members of the Board of Public Welfare, a Collector of Taxes, nine Constables, a Tree Warden and a Moderator, all to serve for one year. Also one member of the School Committee for one year, to fill the unexpired term of Robert W. Hewins, resigned. Votes for the above named officers to be upon one ballot. Also to choose all other town officers required by law. The polls will be opened at six o'clock A. M. and may be closed at two o'clock P. M.

Article 2. To see if the town will vote to accept the report of the Town Officers.

Article 3. To determine the salaries of the Town officials for the ensuing year in accordance with Chapter 591, Section 8, Acts of 1920, viz., Town Clerk, Treasurer, Selectmen, Board of Public Welfare, Assessors, Collector of Taxes, Moderator, Tree Warden, Constables, Water Commissioners and School Committee.

Article 4. To raise and appropriate money to defray the expenses of the town for the ensuing year.

(a) For the repairs and improvements of roads.

(b) For the repairs and improvements of bridges and railings, a new cement bridge and other necessary tools and equipment and cab for the tractor.

(c) For the support of schools, school supplies, transportation, salary of the Superintendent, School Physician and Attendance Officer.

(d) For the maintenance and operating expenses of the Water Department.

(e) For the support of the Public Library.

(f) For Memorial Day exercises.

(g) For the care and repairs of the Common at the Center.

(h) For reimbursement to the Norton Fire District for water supplied to schools, public buildings, fountain and for fire protection.

(i) For payment of State Aid.

(j) For payment of Soldiers Relief.

(k) For Public Welfare, Mother's Aid and repairs at the Town Farm.

(l) For the expense of the Board of Health.

(m) For payment of Town Debt.

(n) For interest on Town Debt and Temporary loans.

(o) For expense of Forest Fires.

(p) For expense of the Police Department.

(q) For expense of the Tree Warden.

(r) For expense of the Town Hall.

(s) For registration and election expenses including salaries

(t) For general government including salaries and expenses of the following town officers, Town Clerk, Treasurer, Selectmen, Board of Public Welfare, Assessors, Collector of Taxes, Accountant and Moderator.

(u) For an allotment for a reserve fund.

(v) For reimbursement to the Norton District Nursing Association for the work of the nurse in the public schools for the current year.

(w) For the expense of the Sealer of Weights and Measures.

(x) For the expense of printing and delivering the annual Town Reports

(y) For the insurance of public buildings that expires this year, and Employer's Liability Insurance, also liability insurance for the town trucks.

(z) For the removal of snow.

Article 5. To raise and appropriate money for the suppression of gypsy and brown-tail moths.

Article 6. To raise and appropriate money for the town's proportion of the annual maintenance of the Bristol County Tuberculosis Hospital.

Article 7. To see what action the town will take to suppress the illegal sale of intoxicating liquor in the town and to raise and appropriate money in anticipation of the revenue of the present financial year.

Article 8. To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the present financial year.

Article 9. To determine the manner of collecting their taxes.

Article 10. To raise and appropriate money for legal services.

Article 11. To raise and appropriate money for street lighting according to the contract with the Norton Power and Electric Company.

Article 12. To see if the town will vote to appropriate a sum of money from the surplus revenue to reduce the tax rate of 1928.

Article 13. To hear the report of the committee on reforestation and take any action thereon.

Article 14. To see if the town will vote to raise and appropriate a sum of money to carry out the recommendation of the Reforestation Committee.

Article 15. To see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1000.00), providing the State and County will contribute the balance, to improve Richardson Avenue and North Worcester Streets from the Mansfield town line, near Mervin Leonard's toward Valentine's Corner, so called.

Article 16. To see if the town will vote to raise and appropriate one thousand dollars (\$1000.00), to be expended on Barrows Street.

Article 17. To see if the town will authorize the Selectmen to purchase or if necessary, to take action to condemn a strip or parcel of land on Main Street and raise and appropriate sufficient money for such purpose.

Article 18. To see if the town will vote to raise and appropriate money to complete the improvement of the burial place of the first settlers of Norton and the small one on Bay Street.

Article 19. To see if the town will vote to raise and appropriate money to improve a small cemetery on Washington Street and also one on Hill Street.

Article 20. To see what action the town will take for increasing the school accommodations in Chartley, and to raise and appropriate a sum of money therefor or otherwise provide for the same.

Article 21. To hear the report of the committee appointed under Article 21 of the Warrant of 1927 (Memorial Tablet) and to take any action thereon.

Article 22. To authorize the Tree Warden to remove four pine trees on Bay Street.

Article 23. To see if the town will vote to raise and appropriate the sum of six hundred dollars (\$600.00) to repair Newcomb Street between the Newcomb Home and the residence of J. M. Alexander, by petition.

Article 24. To see if the town will vote to install street lights on South Worcester Street, from the residence of James Madden to the Taunton line by petition.

Article 25. To see what action the town will take regarding placing the Hicks Trust Fund and the Hicks Reserve Fund in the hands of a Massachusetts Trust Company for care and investment, by petition.

Article 26. To see if the town will vote to change the name of the Norton Common Cemetery, so called, to be called the Chartley Cemetery or some other suitable name, as the voters may choose.

Article 27. To hear the report of any other committee and take action thereon.

And you are hereby directed to serve this warrant by posting up attested copies of the body of the same at each of the public meeting houses in said town, seven days, at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of holding said meeting.

Given under our hands and the seal of the Town of Norton this first day of February in the year nineteen hundred and twenty-eight.

## SCHOOL CALENDAR 1927-1928

## Elementary and High Schools

First term opens Sept. 7, 1927

First term closes Dec. 23, 1927

Second term opens Jan. 3, 1928

Second term closes Feb. 24, 1928

Third term opens Mar. 5, 1928

Third term closes April 27, 1928

Fourth term opens May 7, 1928

Fourth term closes:

Elementary Schools—June 15, 1928

High School—June 27, 1928

High School Graduation, June 27, 1928

## SCHOOL SESSION

High School, 8 A. M. to 1 P. M.

Elementary Schools, 9 A. M. to 12 Noon and 1 P. M. to 3 P. M.

Special Schedule for the Sturdy School:

Morning Session 8.15 A. M. to 12.15 P. M.

Afternoon Session 12.30 P. M. to 4.30 P. M.

## HOLIDAYS

January 1, February 22, April 19, Memorial Day, Oct. 12,  
Thanksgiving Day and the day following.

## NO SCHOOL SIGNALS

7.10 A. M. Three double blasts of the whistles at the plants of Sprague and Reynolds, Talbot Wool Combing Co., Defiance Mfg. Co., and the siren of the fire department, signify no session for any school for the day.

7.45 A. M. Same signal signifies no session in the elementary schools for the day.

## REPORT OF THE SCHOOL COMMITTEE

---

January 1, 1928

To the Citizens of Norton:

The Report of the School Committee for the year ending December 31, 1927 is herewith submitted.

Your Committee has endeavored to give to the citizens of Norton a first-class school program. It has kept well within the appropriation asked for, and has returned to the town the unexpended balance of \$707.65.

Buildings have been well cared for, and are in very good condition. It will be necessary to make some extra repairs this coming year.

We must again call your attention to the overcrowded conditions at Chartley, and do most earnestly recommend a new four room brick building as the most economical way for taking care of these conditions over a long period of years. A wooden frame building is a bad business proposition for any town. The cost of upkeep which includes the expense of painting, repairing, heating, etc. is very much more than that for a brick building of equal capacity.

The committee wishes herewith to thank those who have assisted in any way in keeping our schools up to their usual high standard.

Respectfully submitted,

MABEL H. PERRY, Chairman  
JAMES A. FREEMAN, Sec.  
ALBERT F. WOODWARD

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the Norton School Committee:

I have the pleasure of submitting to you my fourth annual report as superintendent of schools and the thirty-fourth in the series of reports.

### INTRODUCTION

Some of the major undertakings in the work of supervision of the teaching program will be commented upon. The maintenance of the school plant has been kept up but no extensive repair work has been done this year. The school budget has been carefully followed. A number of special school activities that have been undertaken this year will be outlined.

### SUPERVISION IN THE ELEMENTARY SCHOOLS

#### Topic 1. School Visits

Visits are made to the classrooms of the various schools constantly. Some of short duration are for the purpose of observing the general operation and management—teaching conditions such as light and heat, discipline of the room, working attitude or spirit of the pupils. Longer visits are made for the purpose of more carefully studying any aspects of the work of the rooms, observing teaching methods, giving suggestions or administering tests. The Center School is usually visited three times each week; Sturdy and Barrowsville Schools twice and the Number 8 School once.

#### Topic 2. Teachers' Meetings

Teachers' Meetings are held regularly each month on a fixed date. They continue to be the source of great help in the administration of the schools. Some of the details of the work of these meetings have been outlined in past reports.

### Topic 3. Weekly Letters

This fall I started the plan of sending out to all teachers a weekly letter. This gives information concerning all details of school work and activities. This plan aids in keeping all the schools near to the same standard. Much time usually given to such details at the teachers' meetings is thereby saved for more important undertakings. Copies of these letters you are receiving at the monthly meeting of the School Committee.

### Topic 4. Course of Study

Because of the help it gives them in planning their teaching, the teachers are appreciating the work which has been done to formulate definite courses of study. The plans as outlined last year are being continued. Constant additions and revisions are necessary.

An outline of nature work for the last half of the school year has been made, supplementing the outline started last year.

The course of study in geography which was prepared by various leaders in the teaching of this subject has been issued by our State Department of Education. This is in use in all schools. All teachers are being furnished books and equipment as fully as possible for the proper use of this outline.

The teaching in Mental Arithmetic has been extended by a new outline of "store problems" for grades 2 to 5. This addition to the course of study I prepared after receiving many valuable suggestions from the teachers.

The course of study in English which was described in last year's report stimulated the work in English. This fall the need for a new text-book more in accord with the course of study became evident. Through your action it was possible to secure new books, Practical English by Miller-Paul, in grades 7 and 8 in all schools. This particular text was selected after careful consideration of several books by a committee of teachers and this received my approval. Early in the coming year it will be possible to continue this series of English books in grades 5 and 6. A carefully prepared course of study accompanies this book. This gives in detail the work in English Grammar which was needed to supplement our previous outlines. The systematic drill in grammar and the aim to eliminate ordinary speech errors form an important contribution in the endeavor to make English instruction practical.

### Topic 5. Testing Program

This important part of the supervision of the schools has gone forward steadily. Some of the major undertakings in this field will be reported. The same general plan for drill in spelling as reported in the past has continued. A new and revised edition of the spelling lists for each grade was put in use

last September. The average scores for each school for the Winter and Spring terms of last year were: Center School, March 91%, June 90%; Sturdy School, March 94%, June 94%; Barrowsville School, March 93%, June 89%; Number 8 School, March 91%, June 86%. The results of the two tests for the fall term 1927 are given below for each grade. The first scores this fall show some falling off from the usual results but the December scores are the highest that have been made in four years. This is the result of a very intensive drive on the part of all the teachers.

#### Standard Score

Average 90%

I have continued to give personally in all classrooms tests in mental arithmetic four times a year. Daily drills in rapid calculations are most valuable both for practical use and as basis for later mathematical work. The average scores by schools last spring were: Center School March 79%, June 78%; Sturdy School March 88%, June 86%; Barrowsville School March 79%, June 81%; Number 8 School March 75%, June 79%. The October and December 1927 scores are given in detail below. The new work in store problems was included in the December tests. Although only a short time had been given to this topic the results are reasonably satisfactory. A copy of the test which I gave is given in full as it shows typical problems in use in all grades.

## MENTAL ARITHMETIC TESTS

December 1927

GRADE I The progress of the work in number concepts will be observed.

GRADE II How many are 4 and 2 and 5?  
How much is  $\frac{1}{2}$  of 10?  
How many nickels are there in a quarter?  
If you pay 4 cents for a pencil what will you pay for 2 pencils?  
If you give the store-keeper a quarter for a book which costs 10c., what change should he give you?

GRADE III How much is  $\frac{1}{4}$  of 12?  
How many are  $8+4+3+5$ ?  
If there are 24 hours in a day, how many hours are there in  $\frac{1}{3}$  of a day?  
You buy a book for 15 cents and give the store-keeper a 50c. piece. What change should you get?

GRADE IV How much is  $\frac{1}{5}$  of 45?  
Give result of:  $9 \times 5 + 5 \div 10 + 7$ .  
What change should you get if you give the store-keeper a 50c. piece for 2 toys which cost 10c. each?  
If  $\frac{1}{4}$  of a pound of candy costs 5c. what will one pound cost?

- GRADE V      What number is  $\frac{2}{3}$  of 18?  
 Add 25 and 15 and 25.  
 If  $\frac{1}{4}$  of a lb. of candy, costs 10c. what will 2 lbs. cost?  
 If you buy  $3\frac{1}{2}$  yds. of ribbon at 10c. per yd., what change should you get from a 50c. piece?
- GRADE VI      What number is  $\frac{2}{3}$  of 36?  
 Give result of:  $8 \times 6 + 2 \div 5 - 3 \times 8$ .  
 Add 24 and 9 and 11 and 7.  
 What is the cost of  $4\frac{1}{2}$  quarts of berries at 12c. per quart?
- GRADE VII      Add 18 and 17 and 15 and 19.  
 What is  $66\frac{2}{3}\%$  of 120?  
 Add  $\frac{5}{8}$  and  $\frac{1}{4}$ .  
 Give result of:  $9 \times 8 - 12 \div 3 + 16 \div 2$ .
- GRADE VIII    What is the cost of 72 yds. of cloth at  $16\frac{2}{3}\%$  per yard?  
 What number is  $62\frac{1}{2}\%$  of 24?  
 How can you find the area of your classroom?  
 Add \$1.35 and \$ .20 and \$ .15 and \$ .25.

The tests in the fundamental operations in arithmetic as compiled and given under the direction of Boston University were used last year. The results all over the state were not as satisfactory as desired and expected. Our teachers along with those in eighty towns in Massachusetts are working on a teaching plan to discover the difficulties of individual pupils and work for 100% accuracy in these fundamental processes. The emphasis is on the teaching plan. Better results should be secured this year.

The English testing program was explained in some detail in last year's report. Similar tests were given last June with approximately the same results. Tests in English grammar will be given in January.

Some informal tests in reading have been given this fall. A general survey of reading is planned in February and March.

## SUPERVISION IN THE HIGH SCHOOL

Frequent visits to high school classes are made to observe pupil progress and teaching procedure or occasionally to give tests. Plan books are kept by all teachers. These show the definite lesson plans, aims, and results. Term tests are recorded. I inspect these books carefully. At a recent teachers' meeting for high school teachers I discussed with them the

topic—college preparation in our high school—and have set the promoting of this objective as the major aim for the high school staff for this year. Mr. Randall in his report which follows has given some interesting facts on this subject. Under the present schedule Mr. Randall gives half of his time to details of supervision and administration. There is need, I believe, for a careful consideration by all, the school committee, the school staff, and the parents—of the present tendency in many high schools to lengthen the high school session and make certain changes in operation in consequence. Norwood and Franklin are two towns, not far distant, which have taken this action.

### EXAMINATION OF RETARDED PUPILS

The state department of mental diseases examined according to the law pupils in the Norton Schools. A summary of general findings follows:

|                                              |   |   |   |   |   |   |
|----------------------------------------------|---|---|---|---|---|---|
| 2 pupils reported 2 years mentally retarded. |   |   |   |   |   |   |
| 1                                            | " | " | 3 | " | " | " |
| 3                                            | " | " | 4 | " | " | " |
| 2                                            | " | " | 6 | " | " | " |
| 1                                            | " | " | 7 | " | " | " |

Of these pupils three were in the Center School, three in the Barrowsville School, and three in the Number 8 School. Two of these pupils have left school. Much of the special work recommended for these pupils can not be given with the present equipment and the large classes but such adaptation of the work to their needs as can be done is given by the teachers.

### BUDGET

The estimates as given in the budget have been closely followed. With this report I am submitting to you my report on the expenditures for 1927. This is a summary of the monthly statements which I have given the committee at each meeting. The balance for 1927 was \$707.65. My recommendations for 1928 are given also. The increase this past year due to increase in street car fare will continue. This amounts to \$540 and with an increase of pupils will be more. The main item requiring more expenditure in 1928 will be repairs.

### THE SCHOOL PLANT

Only minor repairs have been made on the school buildings. It has been possible to postpone some items in the interests of economy. These details you are aware of from the monthly

reports. Further consideration of these has been made in the formulation of the budget for 1928. The janitor service has been excellent through out the system. Careful interest and economy has been evident.

### CROWDED CONDITIONS

I gave last year a table of enrolment of pupils for the previous three years. Below, this same table is brought up to date by the addition of the *number of pupils actually enrolled as members* on the last day of school for the fall term, December 23, 1927.

|              | School Enrollment |      |      |      | Largest Number |      |
|--------------|-------------------|------|------|------|----------------|------|
|              | December          |      |      |      | in Fall Term   |      |
|              | 1924              | 1925 | 1926 | 1927 | 1926           | 1927 |
| High         | 73                | 75   | 81   | 90   | 82             | 91   |
| Center       | 188               | 194  | 200  | 206  | 208            | 209  |
| Sturdy       | 99                | 119  | 104  | 120  | 106            | 126  |
| Barrowsville | 97                | 102  | 94   | 94   | 99             | 99   |
| Number 8     | 22                | 25   | 34   | 23   | 46             | 45   |
| Total        | 479               | 515  | 513  | 533  | 541            | 570  |

An increase of 20 pupils over last year and of 54 pupils over 1924 is evident. The condition as outlined last year still exists and to an intensified degree.

The two platoon plan at the Sturdy School is the only feasible one for operating with the number enrolled and with the present building. The following table shows the percent of attendance in all grades of the Sturdy School during the middle of the school year for the last two and one half years.

### Percentage of Attendance

|                  | 1925-1926 |      |      |      | 1926-1927 |      |      |      |
|------------------|-----------|------|------|------|-----------|------|------|------|
|                  | Dec.      | Jan. | Feb. | Mar. | Dec.      | Jan. | Feb. | Mar. |
| Grades 7 & 8     | 98        | 98   | 98   | 89   | 99        | 96   | 85   | 95   |
| “ 5 & 6          | 97        | 95   | 93   | 92   | 97        | 86   | 88   | 94   |
| “ 3 & 4          | 97        | 81   | 79   | 86   | 93        | 92   | 80   | 94   |
| “ 1 & 2          | 94        | 81   | 83   | 84   | 90        | 87   | 83   | 93   |
| Average for town | 94        | 90   | 92   | 92   | 94        | 92   | 90   | 93   |

The low attendance especially in the intermediate and lower grades compared to the average for the whole town is shown. The health conditions last year are better due to the platoon system in place of two teachers in one room. The short hours, however, are a decided handicap to the educational work. A good showing is being made because of the extra effort on the part of the teachers to meet the situation. Except for the fall term the number eight school is capable of handling all enrolled. The Center School has in three rooms a larger number of desks (which are in use) than proper educational procedure can justify. Also at present it is necessary to use movable arm chairs to give all pupils a place to sit. A carefully prepared map of the town with the location of each pupil is prepared on the bulletin board in the school office. This is for the inspection and information of all. There is a need for more pupil accommodations. And justice to the pupil demands that the citizens meet this need in some manner.

Many details of general school activities could be properly set forth. The important items have received some comment. I urge through this report to you that all parents and citizens visit the schools at the times of special request and even more at any time when the regular work of the schools is being conducted.

Many valuable and interesting plans have been carried out by the special supervisors of art, music, and penmanship. The school health officials have made a careful statement of their activities. Dr. Clarence N. Davis was appointed school dentist. A careful examination of the teeth of all pupils was made and notices, giving definite information, were sent to the parents. Another examination to note the improvement will be made this year. Dr. Davis made this examination with no expense to the school department. His services are greatly appreciated. A thoughtful study of each of the supplementary reports is earnestly recommended.

I wish in closing to commend again the kind interest and helpful response of all members of the school staff. This spirit added to earnest support which each member of the school committee has given to the school program has made 1927 a profitable year.

Respectfully,

LAURENCE G. NOURSE

## HIGH SCHOOL PRINCIPAL

---

Norton, Mass., December 31, 1927

Mr. Laurence G. Nourse,

Superintendent of Schools,  
Norton, Massachusetts.

My dear Mr. Nourse:

I herewith submit the annual report of the Principal of the Norton High School.

This school year opened on September 7, 1927. September 6th was used as a day of preparation by the teachers, in order that school might start with no interruptions. The teachers reported at the usual opening time and made all necessary preparations for the opening day of school. A short teachers' meeting was held during the day to formulate plans for the year. I believe this day of preparation was of great value and hope the plan will be continued.

The enrolment at the beginning of the school year was fifty-one girls and forty boys. This is an increase of twenty pupils over that of the opening number of 1926. The entering class has thirty members. The class to enter in the Fall of 1928 will be at least thirty-five pupils. Many of the classes now overtax the capacity of some of the class rooms. If the entering classes continue to be large more room will be necessary. At present three classes meet in the main room due to their sizes. The main room should be kept for study purposes only, as ink, text and reference books are kept there.

The equipment of the school is in fine condition. The text books are all modern and are in harmony with the college requirements. Physical and chemical apparatuses are being built up gradually and at present equals any high school of this size. Many reference books have been secured during the year, but at the same time a set of modern encyclopedias would be useful at times. Much individual work is being given to the pupils; thus ready references are necessary.

During the past summer the assembly hall was beautified; the walls painted yellow and the ceilings whitened. The lighting of the room is much improved. The class of 1927 presented the school with an oak desk to be used in the French room. A chair was purchased by the school committee to go with the desk.

The school orchestra again suffered from graduation. We seem to be unable to replace this lost talent from among the entering pupils. The orchestra now consists of the piano, three violins, drums and one saxophone. The value of this orchestra at our school functions cannot be over-estimated. Mrs. Illingworth is trying hard to keep this group together by weekly rehearsals. Last May this orchestra had an evening of music and earned enough money to purchase a goodly supply of music.

With an increase in enrolment we naturally have a larger school chorus. The new song books purchased recently furnish us with fine songs. The voices are being trained for four part music. During the year we have a right to expect an Operetta or a Cantata from the chorus. At our last graduation the chorus gave us some fine music.

The faculty has, as a scholastic aim, the College Entrance Board requirements. Those who are in the college course will receive special preparatory work after the school opens on January 1928. They will return certain afternoons for assistance and before the school year ends all will have had much experience under as real examination conditions as is possible to reproduce in this school. Intensive drill will be given to and required of all pupils in the college course.

In all probability within another year visual education will be started. The Norton P. T. A. has selected for their year's work the presentation of a portable moving picture machine to the Norton school system. Pictures may be secured for little or no expense which will make the contents of the text book more real.

Physical examinations of the pupils have been made by the school physician and nurse. The necessary notices were sent to the parents. The eye and ear tests were made in accordance with the school laws. This building has been examined by the school physician and was found in a healthful condition. The school nurse has completed much follow up work.

The school lunch has not been started. A lady has been secured to operate and manage the lunch when once started. The necessary changes in the present lunch room are yet to be made, but soon something definite will be started.

Our annual Tri-School Speaking Contest with the Plainville and Wrentham High School was held at Wrentham last May. Altho we won no prizes, our representatives strengthened their ability to speak before the public which after all is of major importance. The next contest will be held at Plainville early next May.

A resignation was received from Miss Dorothy Jenks of the French department last summer. This was due to matrimonial

intentions. Miss Helen MacNabb, a graduate of Radcliffe and a resident of Cambridge, was secured for this position. The French Club has been revived by Miss MacNabb and on December 20, 1927 they entertained the Plainville High School French Club in our assembly hall. A short French play was given and French songs were sung by all.

Mrs. Rice, our drawing supervisor, has put new life into our art students. The fine work exhibited last June is ample proof. A Hand Craft Club has been organized for the art students averaging B and better. The supply room has been remodeled and meetings are held here on each Wednesday afternoon. A much finer exhibit will be made in June 1928.

Fire drills are held monthly and the average time is about forty-five seconds. I feel that if a conflagration started all of the pupils could be removed with safety.

The commercial department has produced excellent work during the past year. They have printed the school publication and programs besides printing the programs for the P. T. A. and other organizations. The small amount charged for the work is added to the department's fund. This fund is used to purchase small items to be used by the department. Following is the list of awards received during the past year. This work and the supervision of penmanship is conducted by Miss Helen Caffrey, who in turn deserves credit for the results obtained.

### SCHOOL INFORMATION

Information in regard to the number of our graduates who continue into higher institutions may be of interest. The three last classes contained forty-five graduates; eight entered a liberal college, three entered an agricultural college, three entered business college, four are training to be a nurse, one entered a medical college, four entered a State Normal school, one entered a radio school, two are attending preparatory schools and nineteen entered into daily employment. Thus 57% have made use of the higher educational opportunities which are available. Eleven have had our certification into colleges.

It is equally interesting to make a study of the individual plans of the members of the classes of 1928 and 1929. These two classes have thirty-four pupils; nine plan to enter some college, two plan to enter a State Normal School; one to study

nursing; six are undecided; three plan to attend a business college; ten are to go to work upon graduation; one each will attend a trade, medical and dental school. Among these two classes I find that 71% of the pupils plan to continue their education upon graduation.

These percentages, I believe, are higher than will be found in many high schools. Constant talks by teachers on the future welfare of the pupils together with the fact that high school pupils are a more or less select group must be considered as the salient reasons for these percentages. We hope the percentages will remain high in the future.

Without cooperation our progress would be small, I, therefore, thank the School Committee, our Superintendent, the Teachers and pupils for the fine cooperation which has existed during the past year. The cooperation of the parents in regard to regular study hours at home, in reducing absence and tardiness is solicited.

Respectfully submitted,

CHARLES S. RANDALL

## SUPERVISOR OF MUSIC

---

December 31, 1927

Mr. Laurence G. Nourse, Superintendent

Dear Sir:

Following is my report as Supervisor of Music in the Norton Schools for the year ending December 31, 1927.

In making a report year after year on the same subject the is bound to be more or less of a sameness.

We carry along our technical study of the fundamentals of music even when preparing special programs for the different holidays during our school session.

Last spring the Sturdy school gave a public concert and also the High School Orchestra gave their first public concert from which they realized twenty-six dollars to be spent on music and other necessary things pertaining to the orchestra. The Orchestra has played at several school affairs and received favorable comment.

The combined grammar school graduation is something we have been working towards for several years and was most successful.

The work in all grades is progressing favorably and it is due to the splendid work and co-operation I receive from our teachers.

We are grateful for the new Intermediate Music Books which are in use in the upper grades in Sturdy school. In September we placed the Elementary Music books in Grades III and IV in the Center school and also Sturdy. These books are of the Music Education Series. We are also using the new Fourth Reader of the New Educational Series in Grades V and VIII in the Center School. These books are just part of what we need but I hope it will be possible to add to these each year until we have a new series in use in all rooms of our school.

The children of Norton love good music and it is for us to give them such music as to build a foundation for their future desires in the art.

Yours sincerely,

ALICE M. ILLINGWORTH

## SUPERVISOR OF ART

---

December 28, 1927

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Mass.

My dear Mr. Nourse:

It is with pleasure that I submit a report of the Art Department of the public schools of Norton from February to December 1927.

Art when combined with the environment of life becomes an increasing benefit to the human race. Utility may be a part of art without subtracting from its beauty. Every handicraft or manufactured article may become a thing of beauty when art is added and still possess its utility. Drawing and design play a most important part as nearly everything we use must be designed before it is made.

A knowledge of color is indispensable as it is so important to know the right way to combine colors in one's clothing and in the home.

Art for Life's Sake expresses the aim of art education. It is possible for every one to draw as well as to write.

The month of February was devoted to poster work, design, interior decoration and lettering. In March the pupils worked on costume designing, color harmonies, cut paper construction, and illustrative work. April, May and June found us making Health posters, Home note books involving simple interior decoration problems and nature painting including flowers, landscapes and trees.

During September and October sprays of flowers, leaves and fruits were carefully studied for design motifs; color harmonies and decorative compositions were made.

In November and December the application of designs to materials in crayola using stencils was successfully tried and such articles as table runners, bags and pillow tops were decorated. Decorative papers were made and applied to useful objects. Book plate design, Interior decoration problems, stage settings, paper construction rooms, lettering posters and illustrative work has been developed.

In April an exhibition of Health Posters was given in the Grange Hall and three prizes were awarded for the finest posters.

In February an Art Club was organized in the High School consisting of fourteen of the most interested pupils. Great enthusiasm has been displayed in the development of handicrafts, such as leather tooling, linoleum block printing, tied and dyed scarfs, basketry stenciling, metal work, and book binding. Decorative paper blotter corners with harmonious blotters were made and given to each teacher in June.

At the end of the spring term exhibitions of art work were held in all the schools. The work in each school reflected excellent interest on the part of the pupils and teachers. Some posters were sent to the S. P. C. A. contest and a medal was won by Marion King of grade 8.

There was a large increase of pupils in September in both the Mechanical and Freehand drawing classes in the High School which proves a keener interest is growing.

I am grateful for the excellent co-operation and enthusiasm of the superintendent, teachers and pupils in the public schools of Norton.

It is my hope that all may learn to appreciate the beauties of nature and develop a finer sense of line, form, pattern and color which will "beautify every day living" and add the "richness of enthusiasm."

Respectfully,

ROWENA BROWN RICE

## SUPERVISOR OF PENMANSHIP

Norton, Mass., January 3, 1928

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Mass.

Dear Sir:

Following is my report as supervisor of penmanship during the past year.

The general plan of the work has been the same as that outlined in previous reports. I have kept in touch with the work in the grades through specimen papers sent in four times during the year. Occasional visits have been made to the rooms, although less supervision is necessary than when the work was first started. The awards system has been followed as before. The following tabulated report shows the percentages of awards won in grades three through eight and in the high school during the school year 1926-27. The star indicates that the award is not required, but is optional.

Miss Richardson, Miss O'Brien, Miss Howes and Miss Nyquist are working on the drills required before an examination may be written for the teacher's certificate. Mrs. Sturdy and Miss Davies have finished these drills, but have not yet written examinations for the certificate. All other grade teachers have the Palmer Method Teachers' Certificate, which is evidence that they are qualified to successfully teach writing. Whatever a supervisor may do in the way of organizing the work and suggesting methods of improvement, after all it behooves the class-room teacher who is with her pupils from day to day to see that they are kept up to the required standard of excellence and that they carry over their penmanship to all of their written work, as otherwise it is of no value.

Thanking you, the school committee and the teachers for the ready response I have always received since organized penmanship has been started,

Respectfully submitted,

HELEN J. CAFFREY

## SCHOOL PHYSICIAN

---

December 31, 1927

To: Superintendent of Schools, Laurence G. Nourse,

From: Elmer W. Clarke, M. D.

Subject: Report of School Physician

1. A physical examination of each child in the Norton Public Schools has been made, defects recorded and notices sent home.

2. Several medical and minor surgical cases have been treated during the year and possible epidemics of measles and chicken-pox checked.

3. On the day set aside as Health Day talks on health and hygiene were given by the School Nurse and myself.

4. Inspection of the schools reveals a few chances for improvement especially at Winnecunnet where a school entirely without modern improvements exists. This school is in need of lavatories and a telephone. The other schools are quite modern though at times it is necessary for more than the proper number of students to congregate in certain given rooms thus rendering the air heavy with carbon dioxide before the recitation period is over. This is true of a few rooms in the Center School and in the Chartley School. The Barrowsville School with one extra, unfinished room will probably be adequate for some time to come. Each of the four school buildings is kept scrupulously clean.

5. The School Board and the Board of Health have agreed to allow the toxin-anti-toxin preventive treatment of diphtheria to be administered to those children whose parents wish to have their children rendered immune to diphtheria. The children in the first three grades, as many of those in the higher grades as request it, and children of pre-school age will be given this treatment upon presenting to the school physician a written request for Diphtheria Prevention Treatment. The treatment will be given the first of the year without cost.

6. I wish to thank, most sincerely, the School Committee, the School Nurse, the Teachers, the Janitors, the Parents, and the School Children themselves for their earnest cooperation in carrying out the Health Program for the preceding year.

ELMER W. CLARKE

## SCHOOL NURSE

---

Norton, Mass.

December 21, 1927

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Mass.

Herein is contained the sixth annual report of the school nurse.

At the beginning of the school term the children were given a preliminary examination to determine their fitness to remain in school. This examination consisted of a rapid inspection of all the first grades for vaccination and those found unvaccinated were requested to do so at once. Every case complied with this regulation promptly.

Later on in the year a complete physical examination was given each individual child and this has been repeated in necessary cases. The main purpose of this examination is to detect contagion, cleanliness and any subnormal condition or defects the child may have. If the students, upon examination are found to have defective eyes, diseased tonsils or adenoids or carious teeth, a notice is sent to the parent or guardian in order that these defects may be corrected.

I have visited the homes of the sick, absent and excluded children and have followed up these cases to see that they returned to school as soon as possible. Cases of contagion have been reported to the proper authorities and preventive measures explained in all cases where it was needed.

Two underweight children were taken to the Health Camp for a month each this summer and returned improved in weight and general health due to the good health habits of the camp life.

I would like to see a Pre-School Clinic held in Norton. This is usually held in May and all the children planning to enter school in the fall term are examined for defects and subnormal conditions. In this way many of those suffering from diseased tonsils and adenoids, carious teeth and etc. may have a chance to have these defects corrected during the summer months, and in the fall enter the school in a healthier condition.

A program of inspection was carried out in all schools and notices sent home to all of those needing dental work done. There were some cases where the parents were unable to attend to this matter because of financial disability and our school dentist has treated some of these cases.

In closing I want to thank our superintendent, school physician, school dentist, and the teachers for their hearty co-operation in our health work.

Number and type of visits made:

---

CITIZENS CAUCUS.

---

A caucus of qualified voters of the Town of Norton was called and held in accordance with the provisions of law relating thereto at the town hall on the 8th day of February 1928 at 8 o'clock P. M. and the following nominations for town officers were made;

Town Clerk for one year, George E. Smith, Mansfield Ave.; Town Treasurer for one year, George E. Smith, Mansfield Ave.; Collector of Taxes for one year, George E. Smith, Mansfield Ave.; Selectmen for three years, Milo R. Whitaker, Main St.; Assessor for three years, Frederick M. Draper, Washington St.; Board of Public Welfare 1 year, Elmer E. Lane, John G. Adair, Milo R. Whitaker; Water Commissioner for three years, Walter C. S. Wood, Main St.; Tree Warden, Albert S. Lincoln; School Committee 3 years, Arthur L. Valentine; School Committee 1 year to fill vacancy, James A. Freeman; Constables for one year, Frank A. Clapp, John Dumont, George L. Smith, Oliver E. White, Arthur Andrews, Albert S. Lincoln, Benjamin B. Scanlon, William J. Tucker, Arthur A. Whipple, Percy Hatch, Charles M. Goslin; Moderator, Homer B. Blandin; Town Committee, Frank A. Clapp, Alden G. Walker, Arthur L. Valentine.

Chairman of Caucus was Frank A. Clapp.

Clerk of Caucus was George E. Smith.

Caucus voted that in case of death or ineligibility of a candidate the vacancy to be filled by the selectmen.

Attest

GEORGE E. SMITH, Clerk.

---

---

**Annual Town Meeting, Monday March 5, 1928**

---

The Warrant was read by the Moderator, Homer B. Blandin and the polls opened for voting at 6.10 A. M.

The ballot box was publicly opened, shown to be empty and placed in charge of Frank A. Clapp and Charles M. Goslin, constables.

The polls closed at 3.45 P. M., the register showing 417 ballots had been deposited—this number agreeing with the tellers check list.

The result of the ballot for town officers was:

Moderator, Homer B. Blandin, 323, blanks 94.

Town Clerk for one year George E. Smith 353, blanks 64.

Town Treasurer for one year George E. Smith 350, blank 67.

Collector of Taxes for one year George E. Smith 348, blanks

69.

Selectman for three years, Milo R. Whitaker 178; Harold S. Woodward 232; blanks 7.

Assessor for three years, Frederick M. Draper 330; blanks 87.

Board of Public Welfare, John G. Adair 308; Elmer E. Lane 285; Milo R. Whitaker 174; Harold S. Woodward 243; blanks 241.

Water Commissioner for three years, Walter C. S. Wood 316; blanks 101.

Tree Warden for one year, Albert S. Lincoln 312; blanks 105.

School Committee for three years, Arthur L. Valentine 322; blanks 95.

School Committee for one year James A. Freeman 266; blanks 151.

Constables for one year, Arthur Andrews 193, Stephen Benaski 165, Frank A. Clapp 300, John Dumont 158, Charles M. Goslin 188, Julius Leonard 179, Percy Hatch 132, Albert S. Lincoln 235, Walter C. Rudd 85, Benjamin B. Scanlon 223, George L. Smith 175, William J. Tucker 169, Arthur A. Whipple 182, Oliver A. White 196.

Town Committee for one year, Frank A. Clapp 322, Alden G. Walker 305, Arthur L. Valentine 307.

The following were elected by acclamation:

Measurers of Wood: Arthur E. Sweet, Walter C. S. Wood, Lewis B. Woodward, Thomas A. Beaman, E. Clifton Becker, Oliver E. White, Albert S. Lincoln, George F. Lincoln.

Measurers of Lumber: Oliver A. White, Arthur E. Sweet, Josiah E. Woodward, Daniel A. Woodward, Albert S. Lincoln.

Pound Keeper: Frank Andrews.

Field Drivers: Benjamin B. Scanlon, Julius Leonard.

Article 2. It was voted to accept the report of the town officers.

Article 3. Moved by Edgar M. Holmes for the finance committee that the salaries of the town officers be the same as last year and it was so voted—clerk \$200; treasurer \$400.00; selectmen \$200; each; accountant \$600.00; assessors \$300 each; collector of taxes \$500.00; overseers of the poor or board of public welfare \$50 each; moderator \$25.00.

## Article 4.—

(a) Voted for repairs and improvement of roads \$12,825.00.

(b) Edgar M. Holmes for the finance committee moved to recommend the raising of \$1000.00—not to include the building of a cement bridge.

F. A. Clapp said he thought it a mistake to pass up the building of a cement bridge—they prevent accidents and are an ultimate economy. The Willis bridge on Pine Street is now in a condition for renewal.

Albert S. Lincoln, Supt. of Streets was asked the approximate cost of the wooden bridge replacement and replied “about \$2,100.00” On a vote by acclamation the chair was in doubt, and by a hand vote eight voted in favor of the motion and twenty against.

Frank A. Clapp now moved the sum of \$3,250 be raised and appropriated under this article and this motion was seconded. Twenty seven voters demanded a ballot on this motion, and sixty six ballots were cast, the result was thirty eight “yes” and twenty eight “no.” The result was declared in the affirmative.

(c) For support of schools under this article voted \$44,500.

(d) For maintenance of water dept. voted \$11,000.00.

(e) For support of public library voted \$900.00.

(f) For Memorial Day exercises voted \$200.00.

(g) For care and repairs of Common (Library Square) \$185.00.

(h) For re-imbursement to the Norton Fire District for water supplied to public buildings fountains and for fire protection \$1,500.00.

(i) For payment of state aid voted \$100.00.

(j) For Soldiers Relief voted \$1,200.00.

(k) For public welfare—Mothers aid—town farm repairs \$5,000.00.

(l) For board of health expense voted \$1,000.00.

(m) For payment of town debt voted \$9,489.50.

(n) For interest on town debt and temporary loans \$7,325.00.

(o) For expense of forest fires voted \$600.00.

(p) For expense of Police Department \$1,200.00.

(q) For expense of tree warden \$300.00.

(r) For expense of town hall and purchase of chairs \$800.00.

(s) For registration and election expenses \$550.00.

(t) For general government inc. salaries voted \$4,575.00.

(u) For a reserve fund voted under this article \$1,500.00.

(v) For re-imbursement to the District Nursing Association for work of the nurse in the public schools \$750.00.

(w) For sealer of weights and measures voted for supplies \$10.00, transportation \$45.00, salary \$100.00.

(x) For printing town reports voted \$220.80.

(y) For insurance on public buildings voted \$725.00.

(z) For removal of snow voted \$500.00.

Article 5. For suppression of moths as per article \$1,400.00.

Article 6. For town's proportion of T. B. Hospital maintenance \$1,965.57.

Article 7. For suppression of sale of intoxicating liquors. This article was stricken from the warrant.

Article 8. Voted that the Treasurer with the approval of the selectmen be and hereby is authorized to borrow from time to time in anticipation of the revenue of the present municipal year beginning Jan 1, 1928, to an amount not exceeding in aggregate \$101,474.17, any debt or debts incurred under this vote to be paid from the revenue of said municipal year.

Article 9. Voted to commit the warrant to the collector and that the sum voted at this meeting be paid him.

Article 10. Voted to raise and appropriate for legal services \$250.00.

Article 11. For street lighting according to contract \$4,325.00.

Article 12. Voted to take from surplus to reduce taxation \$9,000.00.

Article 13. Voted to accept the report of the committee on re-forestation and to adopt the recommendations therein. (This report is printed in full elsewhere)

Article 14. Voted to carry on the work of reforestation \$250.00.

Article 15. Voted to appropriate \$1,000.00 from the excess and deficiency fund provided the State and County will contribute the balance, to improve Richardson avenue and North Worcester Streets from the Mansfield town line towards Valentine's Cor.

Article 16. Voted \$1,000.00 from the excess and deficiency account to be expended on Barrows Street.

Article 17. Voted \$100 to purchase or condemn a strip of land on Main St.

Article 18. Voted \$100.00 to complete the improvement of the burial places of the first settlers of Norton and the small one on Bay St.

Article 19. Voted to postpone indefinitely action on this article. (improvement of two small cemeteries)

Article 20. Voted to raise and appropriate \$100.00 for plans and specifications for increasing school accommodations at Chartley—the same to be spent under the direction of a committee of seven consisting of the school committee and four others to be appointed by the moderator; said committee to report at an adjournment of this meeting, on April 20, 1928 at eight o'clock P. M.

The committee appointed was—chairman George H. O'Brien, Arthur Ross, W. C. S. Wood, John G. Adair.

Article 21. James C. Watson chairman of the committee on the War Memorial Tablet exhibited plans that the committee had prepared. A discussion took place in which the plan for the selection of marble for the Memorial was criticised on the ground that it was not enduring and that granite would be more suitable for the purpose. Mr. Watson argued against further delay and on motion of Edgar M. Holmes for the finance committee it was voted: To appropriate the sum of \$1,526.75, the present amount of the War Memorial Fund to carry out the recommendations of the committee, and that the same committee be empowered to carry out the project to its completion including the dedication of the Memorial.

Article 22. Voted to authorize the tree warden to remove certain pines from Bay St., as per article.

Article 23. Voted \$600.00 from the excess and deficiency account to repair Newcomb Street between The Newcomb Home for Old Ladies of Norton and J. M. Alexander's residence.

Article 24. Voted to install street lights on South Worcester street from the residence of James Madden to the residence of George B. Jackson.

Article 25. Elmer E. Lane chairman of the Board of Selectmen read the opinion of the town counsel "that the custody of the Hicks Trust and Hicks Reserve Funds cannot legally be taken from the custody of the town officers of Norton."

George H. O'Brien moved that the article be dismissed from the warrant.

Motion on amendment was made by R. Clyde L'Amoureux "that the selectmen be a committee to bring the matter of the Hicks Trust Funds and the Hicks Reserve Fund to the attention of the Court of Probate or such other judicial body as the committee finds has jurisdiction, and take steps to place the above named funds in the care of a responsible Massachusetts Trust Company."

Walter C. S. Wood and Edgar M. Holmes both spoke against any attempt to disturb these funds. Mr. Wood said

the will and intentions of the late Cyrus Hicks was that the care should forever rest with the town officers of Norton.

Dr. C. N. Davis claimed that the income being received was greater average than a trust company could produce. Vinton I. Reynolds who had previously made a motion "that the funds be placed with a trust company for investment." withdrew his motion after the amendment by Mr. L'Amoureux was placed before the house and declared not a vote.

Mr. Reynolds now moved "to indefinitely postpone action" and it was so voted.

Article 26. This article to change the name of the Common Cemetery was on motion of Alden G. Walker, dismissed from the warrant.

Article 27. No committees reports were forthcoming and the meeting adjourned to April 20, 1928 at eight o'clock P. M.

GEORGE E. SMITH, Town Clerk.

---

### Record of the Adjourned Meeting.

Meeting was called to order at 8 o'clock P. M. by Homer B. Blandin moderator, who called for a report of the committee on the Chartley school. George H. O'Brien, Chairman gave the following report:

#### Report of Committee on School Accommodations at Chartley.

After going thoroughly into school conditions at the Sturdy School your Committee was unanimous in voting that something must be done as early as possible to give better accommodations to the school children of that district.

As the citizens have voted four times against the erection of a four room brick building the greater part of the efforts of the Committee have been given to the thought of an addition to the present building.

L. G. Foster, of Mansfield, was engaged to draw plans, and after a few minor changes specifications were drawn up and bids solicited.

These plans provide for a two story addition to the Sturdy School on the front, or West side,  $24\frac{1}{2}$  x 32 feet, with full size basement. The North and South walls will be blank, with

windows on the West side only, and the desks will face toward the North, bringing the light in on the left hand side of the pupil. Each room will accommodate forty scholars. There will be two entrances, one on the North and one on the South, midway of the building, between the old and new parts.

The sanitary arrangements, which have been a bone of contention for a long time, are entirely new under this plan, and there will also be a teacher's toilet and lavatory and drinking fountains on each floor. A Principal's room and a room for the School Nurse and First Aid is also provided.

The basement in the old part will be thoroughly renovated, with new plaster and cement wherever needed. The heating is taken care of by the addition of three sections to the present boiler. The plan provides for thoroughly repainting the entire building, inside and out.

The Committee realizes that taking this space in front of the present building greatly restricts the playing ground of the children and recommend that a lot of land on the North side of the school be taken or purchased, 50 x 180 feet, thus giving them more playground than they have at the present time, and in a less dangerous location. The cost of this land is included in the amount asked for by the Committee.

This proposed addition, all furnished and ready to step into for the Fall term of school, will cost \$16,000.00.

The Committee has also solicited bids for a four room brick building, from the plans presented by a previous Committee, and this building will cost, all ready for occupancy, \$32,500.00.

They have also received bids on a portable school building, same plan as previously presented, to cost \$6,500.00.

GEORGE H. O'BRIEN  
MABEL H. PERRY  
ARTHUR L. VALENTINE  
ARTHUR G. ROSS  
JOHN G. ADAIR  
W. C. S. WOOD

Members of Committee.

It was voted unanimously to accept this report and the following motion was made by George H. O'Brien: "that there be raised and appropriated the sum of sixteen thousand dollars for the purpose of building an addition to the Sturdy School so called, said addition to increase the floor space of said building,

and for the original equipment and furnishing of said addition, and for the purchase or taking by eminent domain of a lot of land on the northwest side of said building with a frontage of fifty feet on South Worcester St. and containing approximately 9000 sq. ft. and also for making certain minor repairs to said building; and for the purpose of meeting said minor repairs in the old building that there be raised in the tax levy of the current year the sum of eight hundred dollars, and for the purpose of meeting the appropriation for the construction of the addition and the acquisition of land that there be raised in the tax levy the sum of seven hundred dollars; and that the treasurer with the approval of the selectmen be and hereby is authorized to borrow the sum of \$14,500 and to issue bonds or notes of the town therefor said bonds or notes to be payable in accordance with the provisions Sec. 19 Chap. 44 of the General Laws so that the whole loan shall be paid in not more than twenty years from the date of issue of the first bond or note or at such earlier dates as the treasurer and selectmen may determine."

Vinton I. Reynolds speaking for the finance committee said "the Chartley School Committee has met the situation fairly with their plans for making a four room building. Last year's plans were out of balance and not a unit but the present ones in the opinion of the finances committee are good. He suggested that the \$16,000 saved might be used for future school needs of the town.

Dr. A. M. Round moved to amend or substitute "that the State Board of Education be requested to make a survey of the educational needs of the Town of Norton and report as promptly as convenient."

This amendment was put to vote—no one recorded as voting in the affirmative and an overwhelming vote in the negative—was declared lost.

After a short debate a ballot was ordered with the following tellers George J. Traviss, Thomas W. Curran, Alfred W. Clapp.

The result was, whole number 233, necessary for choice 156. "Yes 179—No 54" and the motion was declared carried. Moved by Vinton I. Reynolds "that the committee that has served so far be further authorized to spend the appropriation under the above vote. James A. Freeman declined to serve on the committee and the moderator appointed James B. Wetherell.

The meeting now adjourned at 9.30 o'clock.

GEORGE E. SMITH, Town Clerk.

## Presidential Primaries

Tuesday, April 24, 1928.

The Primaries were opened at four o'clock P. M. according to the Warrant. John G. Adair second selectman reading the Warrant. The following tellers were qualified by the Clerk: Clyde E. Bruce, Charles M. Goslin, Thomas W. Curran, Emma Radnor, and Katharine Cheetham.

| John J. Smith, 466 South Beach St., Fall River—One   | 1 |

## Alternate District Delegates Fifteenth Dist.

|                                                     |   |
|-----------------------------------------------------|---|
| John Ford of 70 Hambley St., Fall River—two         | 2 |
| Charles McCloskey, 172 Lousdate St., Fall River—two | 2 |

Presidential Preference:—Alfred E. Smith, three.

After the announcement of the result of the ballot by Elmer E. Lane, chairman of the Selectman, the meeting was adjourned at 9.30 P. M.

GEORGE E. SMITH, Town Clerk.

### Special Town Meeting

Friday, August 3rd at 8 o'clock P. M.

Article 1. To see if the town will vote to indemnify the Commonwealth of Massachusetts against any and all claims for land, grade and drainage damages, which may be caused by or result from the laying out alteration, construction or reconstruction of the state highway known as Mansfield Avenue or any section or relocation thereof, and will authorize the selectmen to sign an indemnifying agreement therefor in behalf of the town and raise and appropriate money therefor or take any other action with respect thereto.

Article 2. Upon petition of Howard A. Dean and others, to see if the town will vote to install street lights on Walker St. and Oak St. from the corner of North Worcester St., to the residence of Lemuel C. Wetherell and raise and appropriate money therefor.

Article 3. To see if the town will vote to release to the original abutting owners their heirs or assigns, that part of the highway that was discontinued when the road leading from the jewelry shop corner to Norton Center now known as Main St. was relocated in 1892, and any and all expense of release to be paid by the parties receiving the discontinued portion.

Moderator Homer B. Blandin was in charge of this meeting. and under Article 1 it was voted as per article and that a sum not to exceed \$500 be raised and appropriated to pay land damage and to remove rails of the electric road.

Article 2. On motion of George H. O'Brien this article was dismissed from the warrant.

Article 3. On motion of J. W. Alexander it was voted to release the land as per article in the warrant with the provisions that should the State at any time wish to widen the highway this land or a portion thereof will be released by the abutters to the town without cost to the town.

Adjourned.

GEORGE E. SMITH,  
Town Clerk.

GEORGE E. SMITH, Town Clerk.

On a petition dated September 20, 1928 and signed by fifteen citizen voters, a recount of ballots cast for Samuel Knowles and for Leonard H. Porter was received by the town clerk.

The principals were notified that a recount would be held at the town hall Tuesday evening, Sept. 25, 1928 at eight o'clock.

Samuel Knowles was represented by Wm. A. Bellamy Esq. of Taunton, and Leonard H. Porter by George H. O'Brien.

The recount was made in 45 minutes and there was found to be no change. The registrars of voters made the recount.

GEORGE E. SMITH, Clerk

### Presidential and Biennial State Election November 6.

The polls were opened at 10 o'clock A. M.—The warrant was read by Elmer E. Lane, chairman of the selectmen. The key to the ballot box was given to Frank A. Clapp, constable.

The ballot box was publicly opened and shown to be empty. The following tellers were sworn in by the town clerk: Lena Whitaker, Emma Radnor, Clyde E. Bruce, Thomas W. Curran, James C. Watson, Charles M. Goslin. The polls were closed at eight o'clock P. M. when it was shown that 1022 ballots had been cast. The counting of the ballot was finished at 12.15 A. M. and the results were announced by Chairman, Elmer E. Lane as follows:

## President and Vice President

|                                                                         |     |

### Special Town Meeting, Dec. 27, 1928

Article 1. To see what action the town will like to provide additional funds for carrying on the several departments for the year and appreciate any available funds in the treasury.

Article 2. To see if the town will vote to accept the following by law or a similar one "No person shall drive or cause to

be driven upon any improved highway in Norton, tractors, harrows, or other devices that may cause the tearing up or other injury to said roads, without a permit from the Supt. of Streets.

The meeting was called to order by Moderator Homer B. Blandin, under Art. 1. It was voted "to appropriate from money in the treasury a sufficient amount to pay the deficits in the departments as follows: Insurance \$21.60, Board of Health \$163.00, Public Welfare \$850.00, Police Dept. \$76.95."

Article 2 was dismissed from the warrant.

Adjourned at 9 o'clock P. M.

GEORGE E. SMITH,

Town Clerk

---

### BOARD OF REGISTRARS

The Board of Registrars have held eighteen meetings for certifying names on Nomination Papers and for adding names and correcting the list of qualified voters.

First National Bank, Attleboro, Mass. \$513.05

Attleboro Savings Bank, Attleboro, Mass. 399.90

\$912.95

ARTHUR T. STEADY, Treas.

## REPORT OF REFORESTATION COMMITTEE

March 5, 1928

The area of the town forests of Massachusetts has increased during the past three years over 500%, and about eighty towns now have an established town forest.

The town forest in Norton has now been established for five years, and I propose to give a short summary of the work accomplished by your committee.

### 1. AREA

The wooded land at the town farm was first set aside as a town forest, and last year the land owned by the town at the water works was added. This means that about fifty acres are included at the town farm and twenty at the water works,—making a total of seventy acres.

### 2. NUMBER OF TREES PLANTED

1923—6000 trees,—5000 pines and 1000 spruces planted at the Town farm on the south side of the road.

1924—6000 trees,—5000 pines and 1000 spruces, planted at the Town farm on the north side of the road.

1925—2000 trees,—1000 pines and 1000 spruces, planted at the Town farm in scattered spots on north and south sides.

1926—3000 pines, planted at the Town farm south side.

1927—3000 pines planted at Water Works, west side of road.

### 3. EXPENDITURES

Each year the town has shown its interest in this movement by appropriating \$200.00, making a total of \$1000.00 appropriated. Of this appropriation \$717.91 has been spent and \$282.09 returned to the town treasury.

### 4. RECEIPTS

The following amounts have been paid into the town treasury:

|          |           |      |
|----------|-----------|------|
| \$67.50  | Cord wood |      |
| 1,013.50 | Logs..... | 1926 |
| 499.93   | Logs..... | 1927 |

\$1,580.93 Total

### 5. RESULTS ACCOMPLISHED

Of the 20,000 trees planted, an average of about 1000 a year have been planted by school children, thus arousing a general interest in this great movement. In 1923 moving pic-

tures were shown in the Town Hall for the school children and in the Grange Hall for adults. Last year membership blanks were obtained from the National Forestry Association, and members of the Reforestation Committee, and teachers from the schools helped to fill them out properly. These blanks, when sent to Washington, entitled each one to a certificate of membership in the National Forestry Association. A state forester has from time to time visited the town farm to give advice, and all cutting and planting has been done under his direction. Besides the cutting of the large pines at the town farm, a grove of young pines has been carefully trimmed out, some scattered hard wood has been cut, brush burned, and the land both at the Town Farm and at the Water Works surveyed and plans drawn by Mr. Sherman of Mansfield.

As a matter of general interest to the community, I should like to say that the Pine rust has been found in this town, and that Norton is now placed in quarantine. All current bushes flowering current and gooseberry bushes must be destroyed, and no one in this district will be allowed to purchase any shrubs of these varieties. I am glad to report that Mr. Brockway of the State Department, who has charge of this district, has not found any evidence of the disease on our town forest. An infection of white aphid has injured a few of the young trees, but no extended damage has been done.

The committee wishes to express to the selectmen, the school committee, and to all citizens of Norton its appreciation for the cooperation and help given during these five years to further the interests of reforestation, and to make the Norton town forest a reality.

A recent act of the legislature establishes the Reforestation Committee in all towns on a more permanent basis. In accordance with the Acts of 1927, chapter 212, the board of selectmen on June 13, 1927, appointed the following members to the Reforestation Committee:

|                     |         |
|---------------------|---------|
| Gertrude E. Cornish | 3 years |
| A. S. Lincoln       | 2 years |
| Joseph Crowshaw     | 1 year  |

This committee reports an expenditure during 1927 of \$185.97 out of last year's appropriation of \$200.00:

|                                |        |
|--------------------------------|--------|
| Express                        | \$1.07 |
| No Trepass signs               | 1.75   |
| Mr. White, burning brush       | 7.00   |
| Mr. Sherman, surveying & plans | 15.00  |

|                           |        |
|---------------------------|--------|
| Labor, planting pines     | 36.50  |
| Cutting and burning brush | 124.65 |

7999 cu. ft. of logs at \$8.00 a cord were sold to Sprague & Reynolds, making the total receipts for the year \$499.93.

The committee proposes the following recommendations for 1928:

1. At the Town Farm:

That the trees blown over in the wind-storms of the fall and winter be sold;

That the fire-line be trimmed out and brush burned;

That scattering hard wood be cut and sold for cord wood.

2. At the Water Works, 2000 trees be planted.

3. That the town purchase at \$5.00 an acre a piece of land containing about thirty-five acres, sufficient to bring up the total of the town forest to 100 acres. Such a purchase will make it possible to take advantage of the offer of the Massachusetts Forestry Association to plant 5000 trees free of charge for any Massachusetts town that will establish a town forest of one hundred acres.

Respectfully submitted,

Gertrude E. Cornish, Chairman,

Reforestation Committee.

## ASSESSOR'S REPORT

The following annual Assessor's Report for 1928 is herewith submitted to the taxpayers and voters for consideration—

|                                               | 1928           | 1927           |

| Value of fowl assessed.....                               | 8,535.00   |
| Number of dwelling houses.....                            | 700        |
| Number of acres of land.....                              | 16,898     |

### Valuation of the Norton Fire District.

|                                                |                |
|------------------------------------------------|----------------|
| Assessed valuation of Real Estate.....         | \$1,235,200.00 |
| Assessed valuation of Personal Estate.....     | 402,700.00     |
| Total Valuation.....                           | 1,637,900.00   |
| Appropriations.....                            | 3,990.00       |
| Overlayings.....                               | 104.75         |
| Total amount of tax committed to Collector.... | 4,094.75       |
| Rate per thousand on valuation.....            | 2.50           |

The decrease in valuation of personal estate was caused mostly by Freeman & Daughaday Co. and Sprague & Reynolds moving machinery out of town.

GEORGE E. SMITH, Treasurer

### Burial Trust Funds Received

March 16—Homer L. Lane directed that interest sufficient be added to the trust fund of C. D. and O. H. Lane from the accumulated interest thereon that will make the permanent fund Two Hundred Dollars (200.00) and that the interest of the fund be used for the care and improvement of said lot in the Common Cemetery.

April 14—Received from Alice M. King One Hundred Dollars for a trust fund to be known as the Mary B. King Fund—the interest to be used for the care and improvement of the Mary B. King lot in the Common Cemetery.

October 5—Received from the estate of Lorenzo H. Francis by W. H. Swift Esq. executor, One Hundred Dollars for a perpetual care fund, the interest to be used for the care and upkeep of the Francis lot in the Babbitt Cemetery.

October 22—Received from May L. Leonard Adminx., One Hundred Dollars, the income to be used for the care of the Leonard lot in the Crane Cemetery. This fund is to be known as the Leonard Fund.

December 29—Received from Melissa Taipe One Hundred Twenty Five Dollars to be added to the Henry L. Hunt Trust Fund making a fund of One Hundred Seventy Five Dollars.

This fund is to hereafter be known as the Henry L. Hunt and William N. Taipe Fund and the income is to be used for the care of the Hunt and Taipe lot in the Common Cemetery.

December 29—Received from Melissa Taipe One Hundred Seventy Five Dollars for a trust fund to be known as the Benjamin Richmond Trust Fund—the income to be used for the care of this lot in the Common Cemetery.

December 29—Received from Melissa Taipe One Hundred Seventy Five Dollars for a fund to be known as the Benjamin H. Richmond Fund. The interest to be used for the upkeep of the Benjamin H. Richmond lot in the Common Cemetery.

GEORGE E. SMITH,

Town Clerk.

A great many of our books are in constant use at the Center School, Winneconnett School, and the House in the Pines.

Through the kind assistance of Mr. Walter Wood books are sent to East Norton and distributed under Mr. Woods' supervision thus allowing those unable to reach the library the use of its recent literature. The story hour is held each Wednesday afternoon at 3.15, the stories being told by the Wheaton students.

Yours very truly,

EDITH WASS HUBBARD,

Librarian.

## ANNUAL REPORT OF THE WATER DEPARTMENT

---

The Water Commissioners respectfully submit herewith the fifth annual report of the Water Department.

Installation of the new engine provided for in last year's special appropriation constituted the most important work of the department for 1928. A new Deisel engine of modern design is now in operation and giving good results.

The general condition of the pumping station is good.

The standpipe will require painting during the present year.

The department returns to the Town an unexpended balance of \$1123.74, and the actual net earnings of the department over and above all expenses are \$683.93.

Although the town has accepted the law whereby water charges may be collected in the same legal manner as taxes, there still continues a deplorable laxity in paying these charges.

In conclusion the Board expresses its appreciation for the support accorded it and looks to a continuance of a self supporting department.

Respectfully submitted,

W. C. S. WOOD, Chairman  
BERTRAM F. FALES  
ALFRED W. CLAPP

# WARRANT

FOR THE

## ANNUAL TOWN MEETING

---

Bristol, ss.,

To Frank A. Clapp or either of the Constables of the Town of  
Norton, Greeting:

In the name of the Commonwealth you are hereby directed to notify and warn the legal voters of the Town of Norton to meet in the Town Hall in said Norton on Monday, the fourth day of March 1929 at six o'clock A. M., then and there to act on the following articles, to wit:

Article 1. To elect one selectman for three years; one assessor for three years; one member of the School Committee for three years; one member of the Board of Water Commissioners for three years; also a town clerk, a treasurer, three members of the Board of Public Welfare, a collector of taxes; nine or any other number of constables, according to vote of the caucus; a tree warden and a moderator; all to serve for one year. Votes for the above named officers to be upon one ballot. Also to choose all other town officers required by law. The polls will be opened at six o'clock A. M., and may be closed at two o'clock P. M.

Article 2. To see if the town will vote to accept the report of the town officers.

Article 3. To determine the salaries of the town officials for the ensuing year in accordance with Chapter 591, Section 8, Acts of 1920, viz: town clerk, treasurer, selectmen, board of public welfare, assessors, collector of taxes, moderator, tree warden, constables, water commissioners and school committee.

Article 4. To raise and appropriate money to defray the expenses of the town for the ensuing year;

(a) For the repairs and improvements of roads,  
(b) For the repairs and improvements of bridges and railings, a new cement bridge, 2 dump trucks and other necessary tools and equipment,

(c) For the support of schools, school supplies, transportation, salary of the superintendent, school physician and attendance officer,

(d) For the maintenance and operating expenses of the water department, including the purchase of about 10 acres of land adjoining property now owned by the town and considered necessary by the board of water commissioners,

(e) For the support of the public library,

(f) For Memorial Day exercises,

(g) For the care and repairs of the Common at the Center,

(h) For reimbursement to the Norton fire district for water supplied to schools, public buildings, fountains and fire protection,

(i) For payment of state aid,

(j) For payment of soldier's relief,

(k) For public welfare, mother's aid and repairs at the town farm,

(l) For the expense of the board of health,

(m) For payment of the town debt,

(n) For interest on town debt and temporary loans,

(o) For expense of forest fires,

(p) For expense of the police department,

(q) For the expense of the tree warden,

(r) For the expense of the town hall,

(s) For registration and election expenses, including salaries,

(t) For general government, including salaries and expenses of the following town officers—town clerk, treasurer, selectmen, board of public welfare, assessors, collector of taxes, accountant and moderator,

(u) For an allotment for a reserve fund,

(v) For reimbursement to the Norton District Nursing Association for the work of the nurse in the public schools for the current year,

(w) For the expense of the sealer of weights and measures,

(x) For the expenses of printing and delivering the annual town reports,

(y) For insurance of public buildings that expires this year, employer's liability insurance, and liability insurance for the town trucks,

(z) For the removal of snow.

Article 5. To raise and appropriate money for the suppression of the gypsy and brown tail moths.

Article 6. To raise and appropriate money for the town's proportion of the annual maintenance of the Bristol County Tuberculosis Hospital.

Article 7. To see what action the town will take to suppress the illegal sale of intoxicating liquor in the town and to raise and appropriate money in anticipation of the revenue of the present financial year.

Article 8. To see if the town will authorize the treasurer, with the approval of the selectmen, to borrow money in anticipation of the revenue of the present financial year.

Article 9. To determine the manner of collecting their taxes.

Article 10. To raise and appropriate money for legal services.

Article 11. To raise and appropriate money for street lighting according to the contract with Norton Power and Electric Company.

Article 12. To see if the town will vote to appropriate a sum of money from the surplus revenue to reduce the tax rate of 1929.

Article 13. To hear the report of the committee on reforestation and take any action thereon.

Article 14. To see if the town will vote to raise and appropriate a sum of money to carry out the recommendation of the reforestation committee.

Article 15. To see if the town will indemnify the Commonwealth of Massachusetts against any and all claims for land, grade and drainage damages which may be caused by or result from the laying out, alteration, construction or reconstruction of the state highways on the Attleboro road and

the Mansfield road or any section or re-location thereof, and will authorize the board of selectmen to sign an indemnity agreement therefor in behalf the town and make an appropriation therefor, or take any other action with respect thereto.

Article 16. To see if the town will vote to raise and appropriate a sum of money to continue the improvement of North Worcester St., toward Valentine's Corner, providing the state and county will contribute a certain amount.

Article 17. To see if the town will vote to raise and appropriate an additional sum of \$3000.00 to improve Main St., from the present hard road to the Easton town line, providing the state, either with or without the aid of the county will contribute the balance necessary to complete said road or take any other action relative thereto.

Article 18. To see if the Town will vote to raise and appropriate a sum of money to re-surface Maple St., in a semi-permanent way from the Chartley Depot about twelve hundred feet south. By petition.

Article 19. To raise and appropriate the sum of \$30.00 to pay land damage on account of land taken at Codding's Corner during the construction of the road at that place in 1928.

Article 20. To see if the town will vote to raise and appropriate the sum of \$600.00 to improve Washington St., from a point near the residence of Percy Hinds toward Plain St., by petition.

Article 21. To see if the town will vote to raise and appropriate a sum of money to repair the side walk along South Worcester St., from the Sturdy Bros. factory to the Sturdy School. By petition.

Article 22. To see if the town will vote to raise and appropriate a sum of money to build a granolithic side walk on Main St., and Taunton Ave., from the east side of Howard St., at the junction of Main and Howard Sts., to the south side of Howard St., at the junction of Howard St., and Taunton Ave., in accordance with the provisions of Chapter 80 and Chapter 83 of the General Laws (by petition).

Article 23. To see if the town will vote to raise and appropriate the sum of (\$90) dollars to pay for the completion of the burial place of the first settlers of Norton and one on Bay St.

Article 24. To see if the town will vote to install street lights on Lincoln St., from Bay St., to the Easton town line and raise and appropriate a sum of money for that purpose (by petition.)

Article 25. To see if the town will vote to rescind a former vote whereby every voter shall receive a postal card whenever a special town meeting is called.

Article 26. To see if the town will vote to provide one or more public dumping places for rubbish.

Article 27. To see if the town will vote to raise and appropriate a sum of money to preserve the shade trees along our highways.

Article 28. To see if the town will vote to instruct the selectmen to request the Division of Fisheries and Game of the State Department of Conservation to re-stock Winnecunnet Pond in accordance with Chapter 130, Section 28 of the General Laws.

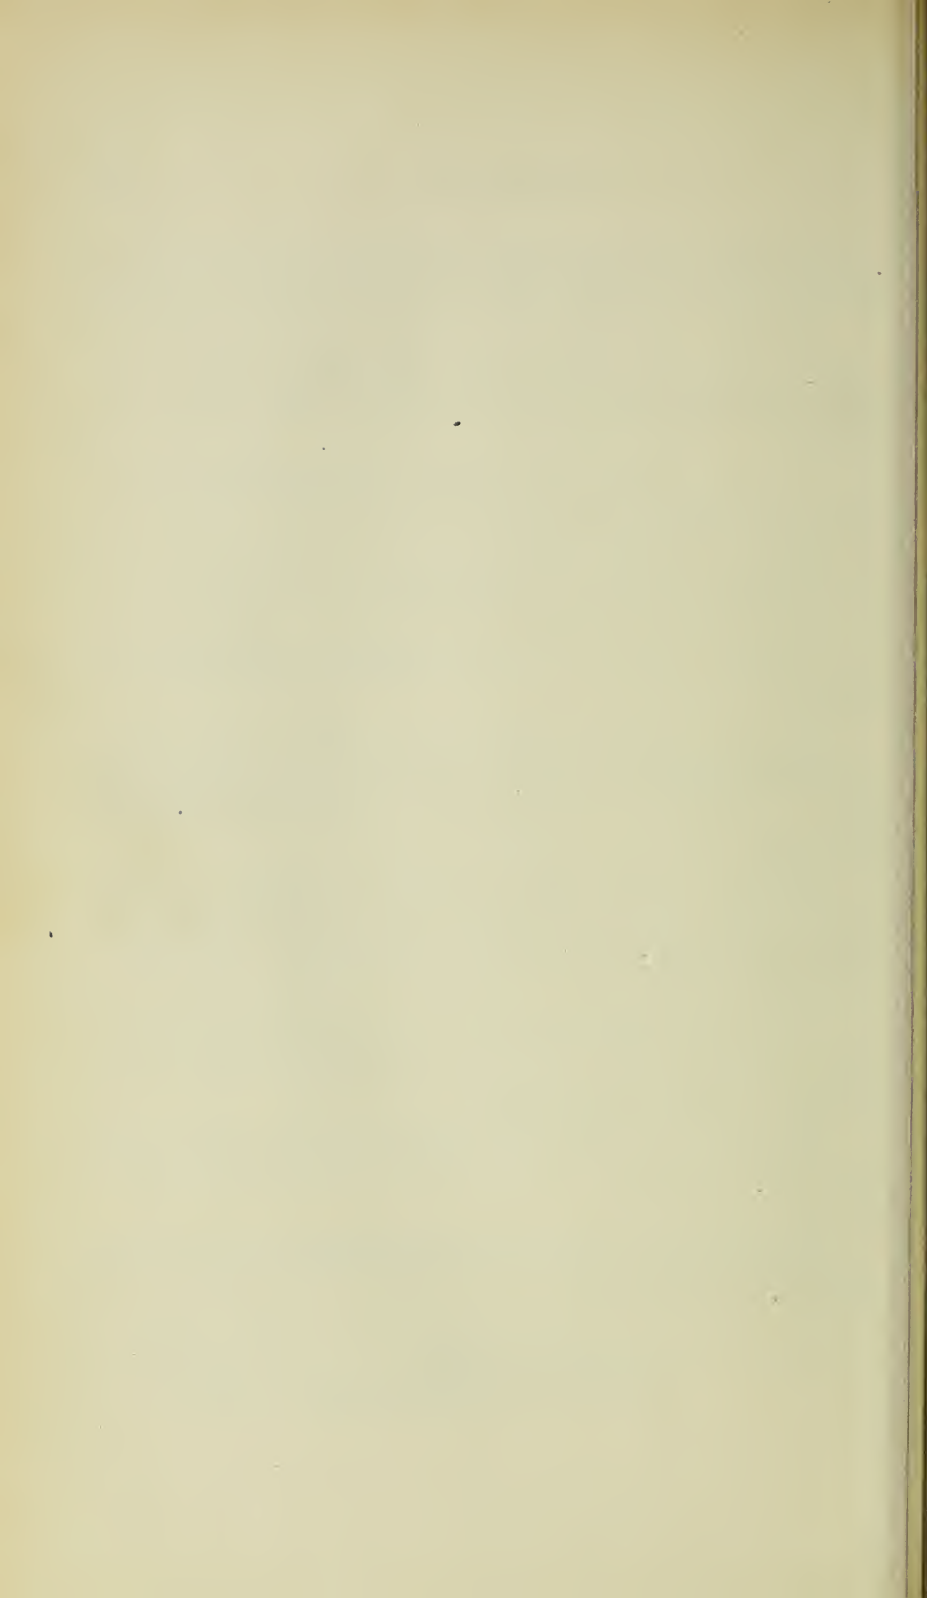

Article 29. To hear the report of the committee appointed under Article 11 of the warrant of 1927, (War Memorial) or any other committee and to elect any committee and to take any action thereon.

And you are hereby directed to serve this warrant by posting up attested copies of the body of the same at each of the public meeting houses in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the town clerk at the time and place of holding said meeting.

Given under our hands and the seal of the Town of Norton, this thirty-first day of January in the year one thousand nine hundred and twenty-nine.

## SCHOOL CALENDAR

## Elementary and High Schools

First term opens Sept. 5, 1928

First term closes Dec. 21, 1928

Second term opens Jan. 2, 1929

Second term closes Feb. 21, 1929

Third term opens Mar. 4, 1929

Third term closes April 26, 1929

Fourth term opens May 6, 1929

Fourth term closes:

Elementary schools—June 14, 1929

High School—June 28, 1929

High School Graduation, June 27, 1929

## SCHOOL SESSION

High School, 8 A. M. to 1 P. M.

Elementary Schools, 9 A. M. to 12 Noon and 1 P. M. to 3 P. M.

## HOLIDAYS

January 1, February 22, April 19, Memorial Day, Oct. 12,  
Nov. 11, Thanksgiving Day and the day following.

## NO SCHOOL SIGNALS

7.10 A. M. Three double blasts of the whistles at the plants of Sprague and Reynolds, Talbot Wool Combing Co., Defiance Mfg. Co., and the siren of the fire department, signify no session for any school for the day.

7.45 A. M. Same signal signifies no session in the elementary schools for the day.

## REPORT OF THE SCHOOL COMMITTEE

---

To the Citizens of Norton:

The annual report of the School Committee of Norton, for the year ending December 31, 1928, is herewith submitted.

The reports of the superintendent of schools, high school principal, supervisors of art, music, and penmanship, the school physician, and the school nurse have been approved by your committee and follow this report. We earnestly urge your careful and thoughtful study of these reports, as they give in detail the review of the year's work in our schools and also recommendations and plans for the future.

Joint meetings of the Norton-Plainville Superintendency Union are held annually in April. Mr. Peasley of the Plainville board is chairman and Miss Perry of the Norton board acts as secretary. The committee is unanimous in voicing its appreciation of the splendid work as superintendent of schools done by Mr. Laurence G. Nourse in both towns. In 1927 Mr. Nourse was re-elected as superintendent for three years, at a salary of \$3700.00 which was made \$4000.00, including transportation, in 1928. Three days a week Mr. Nourse spends in Norton and two in Plainville; hence Norton pays three-fifths of his salary, each town receiving partial reimbursement from the state. At the joint meeting last April, Mrs. Rowena B. Rice, art supervisor, was commended for the very superior grade of work done by her in both towns as supervisor in the grades and as instructor in the high schools. Mrs. Rice is paid at the rate of \$10.00 per day.

At the last annual town meeting, \$44,500.00 was appropriated for the support of the Norton schools. This has been divided into an estimated budget as follows:

|                     |           |
|---------------------|-----------|
| General.....        | \$450.00  |
| Teachers.....       | 24,750.00 |
| Janitors.....       | 3,328.00  |
| Transportation..... | 6,480.00  |

---

|                                     |             |
|-------------------------------------|-------------|
| Fuel and light.....                 | 2,361.00    |
| Books and supplies.....             | 2,100.00    |
| Superintendent.....                 | 2,355.00    |
| Physician.....                      | 200.00      |
| New equipment.....                  | 245.00      |
| Tuition.....                        | 350.00      |
| Repairs and janitor's supplies..... | 1,675.00    |
| Sundries.....                       | 206.00      |
|                                     | <hr/>       |
|                                     | \$44,500.00 |

Your committee has kept within this appropriation and has expended the money economically and wisely for the greatest good of the Norton schools. It has been necessary to transfer sometimes an amount from one item to another, as seemed advisable. To date, \$44,320.76 has been expended leaving a balance of \$179.24 January 1, 1929.

Twenty teachers, including supervisors, make up the staff of our Norton schools. The majority of these have enjoyed superior educational advantages and are teachers of experience. A good teacher is earnest, growing, loyal to her profession and eager to co-operate with superintendent and school committee in their projects. We have many such teachers in our schools. Their worth cannot be measured by dollars and cents.

The health of our school children has been watched and guarded by our school nurse, school physician, school dentist and last, but not least, by our faithful janitors who aim to keep their respective buildings comfortable and sanitary. Your committee granted the request of the school health department with the result that a pre-school examination of pupils about to enter school for the first time last September was conducted in all schools.

Next to teachers' salaries, the transportation item is the largest, as you will note. At present, we provide a means of conveyance for more pupils than required by the Massachusetts state laws. During the last year your committee has been urged to extend certain barge routes. This matter was considered at length, but it was deemed advisable to make no changes. Some citizens have suggested that no pupils be furnished free transportation; others say all children should be transported. We cannot please every one but have endeavored to strike a happy medium and have followed the olden poet's "golden mean."

Our school buildings are in fair condition. At the annual town meeting, a committee was appointed to investigate the school accommodations at Chartley, and two members of the school board served on said committee. Recommendations were made and money appropriated, with the result, that two new class rooms have been added to the Sturdy School; so, it is now a four-room school, two grades to a room, under one teacher. Thus, the crowded condition at this school has been alleviated, and all pupils have an equal chance for education. Money has been spent for repairs on the two old classrooms, the grounds have been graded, and additional land has been purchased to enlarge the playground. At the Barrowsville School, minor repairs have been made, and cork boards placed in one room. The Center School has had new blackboards put up in one room and in the basement, a model school lunch is in operation. Last January, your committee voted that a school lunch should be authorized under the supervision of Mr. Charles S. Randall, principal of the building. This action was taken in consideration of the fact that the Red Cross Chapter in Norton had voted to donate the sum of \$50.00 for the purpose of financing such a plan which was considered on trial. Mrs. Edith Wiswall has been a very efficient operator of the lunch room which has been conducive to the health and happiness of the children at the Center School. A lunch counter has been built, and by the untiring efforts of Mrs. Rice the room has been decorated and presents an air of charm and good taste, a great contrast to the former unattractive basement. The No. 8 School has been shingled, and electric lights have been installed. Your committee was pleased to receive a letter from a young pupil of this school, expressing thanks for the lights which made the dark days bright in the schoolroom now.

Approval has been granted the Musician Supply Company of Boston to organize school orchestras in our various schools, in co-operation with the music supervisor, Mrs. Alice Illingworth. This has been done, and the work is progressing with gratifying results.

Permission has been granted the Norton Parent-Teacher Association to use the various school buildings for its association meetings and other activities. This association has been helpful in assisting in the school lunch problem and in presenting the schools with a motion picture machine, which will prove instructive as well as entertaining to the pupils.

Your committee extends its appreciation and thanks to all who have helped them in any way make the Norton public schools better than the schools of yesterday and asks the continued support of all our townspeople to help us make the school of tomorrow beyond the dreams of today.

Respectfully submitted,

MABEL H. PERRY, Chairman  
JAMES A. FREEMAN, Sec.  
ARTHUR L. VALENTINE.

Norton, Massachusetts January 1, 1929.

---

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the Norton School Committee:

I have the pleasure of submitting to you my fifth annual report as superintendent of schools and the thirty-fifth in the series of reports.

### INTRODUCTION

I shall make brief comment on the topics as given in my previous annual reports but an extended statement of recent progress of the same activities seems unnecessary. The major part of this report will be given to presentation of (1) certain new activities (2) some interesting and valuable statistical data concerning the Norton Schools and (3) recommendations.

### REFERENCE TO REPORT FOR 1927

The plan as outlined in the five topics under "Supervision in the Elementary Schools" and "Supervision in the High School" has been faithfully continued. Much statistical data could

be included to show the progress during the past year. Reasonable progress has resulted and the work as outlined will be carried on in the future.

The conditions as described under the topic "crowded conditions" have been corrected in the Sturdy School by the vote of the town to authorize bonds and appoint a building committee. This committee has carried out its instructions carefully and used the money at its disposal very efficiently. The pupils in the Sturdy School are now on full time attendance and are working under satisfactory physical classroom conditions.

Under "recommendations" certain topics under school plant will be set forth.

## NEW ACTIVITIES

### 1. Safety Education.

The need for every possible effort to impress on the youth as well as the adults the need for personal safety on the street, in the factory and even in the home is very evident upon examination of any daily newspaper. The "lecture" on safety in the streets may not prevent a child from carelessly crossing a street or jumping ride on a truck but the constant presentation of this topic and the practice of the rules of safety in the school hours will do something to help reduce the lamentable list of accidents. The slow progress of general education will eventually teach all the power of material forces that can destroy men as well as assist them if they are not used according to the rules of the game. The new State Department of Education bulletin, "Course of Study in Safety Education", has been given to all elementary school teachers. The general objectives in this course are given as:

- I. To give children an understanding of situations involving hazard that their behavior in these situations may be intelligent.
- II. To develop habits of conduct which will enable children to meet the situations of daily life without accident.
- III. To develop habits of conduct which will function in difficult situations and in time of crisis.
- IV. To develop a generation characterized by habits of carefulness.
- V. To develop skill in control of bodily movement.

- VI. To create right attitudes including:
  - A. Respect for law and officers of the law.
  - B. Willingness to assume responsibility for the safety of self and others.
  - C. Willingness to cooperate in organized efforts to secure safety.
  - D. Interest in the social significance of safety.
- VII. To eliminate all preventable accidents.

Specific objects and means for carrying them out in concrete ways are given the teachers. It would accomplish little to have mere talks on safety each day. It is intended rather that the ideas of safety will be incorporated in the regular work of the other subjects i. e. that the reading lesson will frequently show the value of safety in various stories, that the compositions will be often about examples of safe habits and actions, that the playground activities will illustrate correct procedure etc. Thus we hope to instill ideas of safety and *with* the same efforts in the homes to see improvement in the everyday life of the children.

## 2. Reading Investigations

Many of our teachers along with teachers in Attleboro and North Attleboro took an intensive course in methods of teaching reading. This special study by these teachers showed results in the classroom. Many reading text books which have been devised to carry out new procedures in reading have been in demand and also have been more effectively used because of this study by the teachers. The willingness of the teachers to spend two hours at a lecture on one evening each week for several weeks and to do much study in preparation for these lessons is to be highly commended.

For two months an intensive drill and testing plan using the McCall-Crabbs reading tests was carried on. Both speed and comprehension in reading were improved. During this period the gain as shown by these tests was over three times the normal grade improvement.

In October another analysis of the results in reading was started with the cooperation of Mr. Forrest E. Comfort, the new instructor in Education at Wheaton College. This study will by comparison with the results of the previous testing show important results such as (1) which pupils need more help in reading, (2) the type of reading difficulties most frequently met, (3) what reading methods need emphasis. Special efforts will be made to remedy the reading errors of pupils who need more than the usual instruction.

In the Center School one of the most scientifically prepared methods of reading for the first grade was introduced as a trial this fall. Improved interest in reading on the part of the pupils together with an enlarged range of reading ability at this time of year for the first grade is already evident.

### 3. Motion Pictures.

Visual education has increasingly taken a larger place in classroom instruction. Pictures in textbooks have increased in both quantity and effectiveness. Posters, charts, maps, lantern slides, stereoscopes have long been in use in most schools. Since the passage of the law by Massachusetts legislature in 1923 making it possible to use certain kinds of motion picture machines and films in classrooms, the use of motion pictures has become quite general. The Norton Parent-Teacher Association has given to the school department a portable machine which is licensed for use in all schools in Norton. Only "safety films" which are non-inflammable can be used. Our State Department of Education has hundreds of films on many school subjects which may be secured at small rental cost and some free of any charge. The public entertainment in the town hall proved the value of the machine for entertainment. The recent use of films on "Glacier Formation", "Health", "The Honey Bee" and "The Women Workers of Ceylon" show only a beginning of the wide range of studies which may be used. I believe this new aid to teaching is practical and well worth-while.

### 4. Orchestra Classes.

Instruction for all kinds of musical instruments is being offered the pupils in the group instruction plan which is furnished in cooperation with the Musicians Supply Company of Boston. The cost is nominal. The object is to arouse and develop musical talent and thus to prepare a large number of pupils who will be available for the high school orchestra. There has been evident much interest in this undertaking. The first class met for eight weeks at the high school during the summer. The plan has been continued during the fall term and it is hoped the classes will be able to continue during the year. No expense has been incurred by the school department. Benefit to the school as well as to the individual will follow.

### 5. Lunch Room.

The lunch room in the Center and High School building was started this year. Its success is to be commended. Mr. Ran-

dall, as manager of the lunch room, will give some interesting facts concerning it.

#### 6. Library Certificates.

For some years the state library list of good books for each grade has been in use. During the past school year special efforts were used to encourage pupils to read books on this list and thus to qualify for the certificate awarded by the Norton Public Library in conjunction with the state library. Very worth-while results were evident. The following table shows the amount of reading done in the various schools:

Percent of pupils in each grade (4 to 8) who have secured a certificate from the Norton Public Library for having read satisfactorily five books from the approved state reading list:

January 1 to May 1, 1928

#### Percent of pupils receiving certificates

|              |                |  |     |
|--------------|----------------|--|-----|
| Center       |                |  |     |
| Grade 8      | 100%           |  |     |
| 7            | 100            |  |     |
| 6            | 91             |  |     |
| 5            | 95             |  |     |
| 4            | 100            |  |     |
|              | School Average |  | 97% |
| Sturdy       |                |  |     |
| Grade 8      | 50%            |  |     |
| 7            | 76             |  |     |
| 6            | 50             |  |     |
| 5            | 47             |  |     |
| 4            | 50             |  |     |
|              | School Average |  | 55% |
| Barrowsville |                |  |     |
| Grade 8      | 44             |  |     |
| 7            | 78             |  |     |
| 6            | 67             |  |     |
| 5            | 79             |  |     |
| 4            | 92             |  |     |
|              | School Average |  | 72% |
| No. 8        | None           |  |     |

About 50% of all the pupils in grades 4 to 8 of the Center School have an Honor Certificate in addition to the first certificate. This means that they have read twenty books.

## 7. Commercial Investigation.

In order to find out certain facts that would be of value in the training of the pupils in the commercial department of our high school questionnaires were sent to business firms in several cities in the state. Nineteen replies were received. The following were the results:

1. All firms except one allowed erasures on their letters, documents, etc. if erasures were neatly done. Thus the standard often set up in high schools of allowing no erasures is not generally followed—at least by the firms represented.

2. Indented paragraphs rather than block form of letter writing is practiced by a large majority.

3. The speed in shorthand dictation varied greatly—from 55 to 140 words per minute. Only one firm used dictaphones in preference to the stenographer's shorthand.

During the past year the practice of having several business men of our town dictate to the advanced class in stenography was started. This plan gives the pupils some idea of the standards of business life.

On the basis of this investigation which was carried on very creditably by the commercial teacher, Miss Helen J. Caffrey, and on the basis of the record of the graduates of the full commercial course, I believe that, for the usual office position, the high school is able to prepare those who wish to take advantage of this opportunity.

## 8. New Teachers.

Seven changes in the teaching forces have taken place since June 1928. This is an unusually large number. Most of the teachers who left had had two or three years of very successful experience in our schools. Teachers with the highest training records possible were secured. I feel the standard of the new teachers is unusually high. The directory of the teachers at the end of this report gives a brief statement in regard to each teacher. At regular meetings you as the school committee have received reports on the training and the present progress of these teachers.

## 9. State Survey Committee.

Your superintendent was appointed by the State Department of Education a member of a committee of superintendents to draw up a "Plan for a Self Survey of a Small School System." A series of conferences at Bridgewater Normal School was held. The recent surveys of several school systems were studied. A report was given at the state convention of superintendents.

The survey plan as drawn up aimed to ask a series of practical questions on all of the main activities and the management of a town's schools and as far as aspossible to give proper standards or answers for each question. The main topics of the survey were:

- I. Finance.
- II. Organization of the schools
- III. Administration
- IV. Supervision
- V. Buildings, equipment, and grounds
- VI. Teaching corps
- VII. Curriculum
- VIII. Pupil classification and progress
- IX. Community relations
- X. Health Program

Topics IV, VIII, and X were assigned to your superintendent. Much greater appreciation of many problems and help for their solution resulted from this study.

### COMPARATIVE STATISTICAL DATA

#### 1. Arithmetic Testing Program.

Reference has been made in past reports to the investigation into the teaching of the fundamentals in arithmetic which has been carried on for three years by Boston University. Last year very careful teaching plans were given all teachers in towns and cities which were cooperating on this plan. All the Norton teachers carried out the instructions faithfully. The following table shows a comparison of the average scores made in our schools with scores made by the other towns and cities. The Norton seventh and eighth grades were in general above the others. The other grades show a fair comparison although slightly lower in most cases. Some towns and cities have had full time principals or special supervisors giving intensive work to this enterprise.

## NEW ENGLAND EXPERIMENT ON MASTERY OF THE FUNDAMENTAL OF ARITHMETIC

Table showing (1) average on a total basis of 100, and (2) percentage pupils having a perfect score, for grades 3 to 8. Medians are given in all cases.

| Grade |             |         | Addi-<br>tion | Sub-<br>trac-<br>tion | Mul-<br>tiple-<br>cation | Divi-<br>sion |
|-------|-------------|---------|---------------|-----------------------|--------------------------|---------------|
| 3     | New England | Average | 90.6          | 78.6                  |                          |               |
|       |             | Percent | 52.5          | 31.0                  |                          |               |
| 3     | Norton      | Average | 88.6          | 77.0                  |                          |               |
|       |             | Percent | 48.9          | 34.9                  |                          |               |
| 4     | New England | Average | 95.6          | 92.0                  | 80.4                     |               |
|       |             | Percent | 64.8          | 58.0                  | 31.1                     |               |
| 4     | Norton      | Average | 93.0          | 80.8                  | 73.6                     |               |
|       |             | Percent | 61.1          | 35.0                  | 31.6                     |               |
| 5     | New England | Average | 96.0          | 92.0                  | 80.6                     | 85.0          |
|       |             | Percent | 68.0          | 60.0                  | 33.3                     | 44.1          |
| 5     | Norton      | Average | 95.6          | 88.2                  | 81.4                     | 80.2          |
|       |             | Percent | 62.0          | 38.2                  | 29.3                     | 22.4          |
| 6     | New England | Average | 97.2          | 96.0                  | 87.2                     | 92.6          |
|       |             | Percent | 76.0          | 66.5                  | 40.4                     | 60.0          |
| 6     | Norton      | Average | 92.8          | 94.4                  | 80.8                     | 86.0          |
|       |             | Percent | 59.7          | 49.4                  | 44.5                     | 44.8          |
| 7     | New England | Average | 97.6          | 96.4                  | 88.8                     | 93.2          |
|       |             | Percent | 79.7          | 78.3                  | 40.3                     | 75.3          |
| 7     | Norton      | Average | 99.0          | 97.4                  | 89.8                     | 92.6          |
|       |             | Percent | 89.2          | 77.8                  | 63.4                     | 63.0          |
| 8     | New England | Average | 98.0          | 95.4                  | 89.4                     | 93.6          |
|       |             | Percent | 85.0          | 73.1                  | 44.5                     | 67.6          |
| 8     | Norton      | Average | 99.4          | 98.2                  | 97.6                     | 97.8          |
|       |             | Percent | 90.9          | 78.8                  | 81.8                     | 84.9          |

## 2. Age—Grade Study

It is desirable that all pupils should progress regularly through the grades of the elementary and the classes of the high school. Because of natural ability, difference in interests and efforts some pupils go faster and others slower than the normal progress. Every effort should be exercised to reduce the amount of retarding and also to encourage greater speed when it is to the benefit of the child. Also figured on the per pupil cost of instruction it is a waste of finances to have many retarded pupils. A recent study by the State Department of Education gives the following data on this topic:

|                    | Accelerated | Retarded |
|--------------------|-------------|----------|
| Norton.....        | 16.8%       | 16.0%    |
| Attleboro.....     | 16.8        | 10.6     |
| Taunton.....       | 15.6        | 13.3     |
| Mansfield.....     | 18.3        | 11.0     |
| Easton.....        | 24.6        | 8.9      |
| State average..... | 27.7        | 10.3     |

The above comparison of data for Norton and the surrounding towns and cities shows that while about the same percent of the pupils are advanced there is in Norton a very large percent retarded. Many places use some or all of the following means to reduce retardation and to make the most progress possible: (1) special classes for retarded pupils, (2) longer school sessions with supervised study, (3) departmental teaching in upper grades, (4) Junior High School plan with special work adapted to pupils who can not do the regular academic work, (5) small classes. All of these increase the cost of supporting the schools. They do however give greater educational opportunities to the pupils.

## 3. Valuation and Expenditure.

The valuation of 1927 per pupils in average membership, June 30, 1928 of Norton was \$4,667 and Norton ranked 91 in 113 towns of its group. The expenditure for school support from local taxation per \$1,000 valuation was \$13.68 with a rank of 12. The low valuation in relation to the number of pupils to be educated creates a burden. In actual expenditure for all schools Norton's figure is \$81.57 per pupil while the average is \$92.34. Thus much less than the average amount in the state is actually spent for each Norton pupil. The expenditure for elementary school per pupil was \$64.21 while the same item for the average of the 113 towns in same group

was \$69.08. The same data for high schools was, Norton \$149.78, average of towns \$151.63. The Norton data is lower in both cases than the same data for last year and also lower than the state group averages.

#### 4. Preparation of Teachers

What proportion of the teachers are graduates of college or normal schools?

|            | Group III Towns | Norton |
|------------|-----------------|--------|
| Elementary | 63.8%           | 73%    |
| High       | 90.6            | 100    |

What proportion of the teachers have been teaching in this town two years?

|                 |       |
|-----------------|-------|
| Group III Towns | 44.8% |
| Norton          | 45.0  |

This comparison of the training of teachers and the holding power of the town on the teachers is very satisfactory when the salary schedule is considered.

### RECOMMENDATIONS

1. The budget in detail for 1929 has been submitted to you. I believe it will be possible to continue the present school activities and make the necessary repairs on the same total as last year. The total reimbursement from the state for 1928 was \$10,485.40. This is an increase of \$1,103.21 over the amount received in 1927.

This decrease in net amount necessary to support schools and the efforts of school department to qualify for these reimbursements should be noted and understood.

2. The crowded conditions at the Center School have made necessary the division of fifth and third grades and the placing of sections of three grades in one room under one teacher. This is the first time three grades of pupils have been placed in one room for several years. The transfer of all pupils possible to the Sturdy School has helped conditions at the Center School. However the above conditions in grading system has been necessary this past fall.

It is evident that the educational opportunities of each child can not help being reduced. The high school enrolment is the greatest in recent years. While no serious crowding exists at present there is room for only small increase in the present enrolment. The need of careful consideration and planning for the future of the center and High Schools by the School Committee and the town is vital.

3. The Number 8 School does not and can not offer as good instruction as the other schools of the town. Under probable conditions I would not at present recommend the abandonment of this school but however I would strongly urge that the school offer only the first three grades—the primary work. Grade four and five are now included. The average enrolment is too great for proper instruction in so many different grades. This school has a very large number of pupils staying but a few weeks at a time. It is necessary to accept these pupils. The crowding of the school—at one time 48 pupils were enrolled—from this cause adds to the already difficult situation. The proper solution is the transportation of the fourth and fifth grades to the Center School. This condition makes more advisable the careful consideration of the Center School grading system.

4. I recommend the continuation of the joint graduation exercises of the three grammar schools. The two years for which this has been tried have, I believe, justified this innovation.

5. I urge that the school staff—superintendent, supervisors, principals and teachers—realize and work to make more effective the aim of the development of the pupil rather than the advancement of the subject. The growth of the pupil's mind, the increase of his physical development and the formation of character—habits are all to be considered in the instruction during the recitation period, the study time, the recess activities, the plays, the games, the contests and any activities that are sponsored with the school label. The frequent conferences of all concerned with any group of pupils to analyze the all round progress of the pupils will be necessary. These objectives can be secured when all realize that *every act*—not merely the answering of questions in the recitation period—is vital to the development of the pupil and is the concern of the school.

#### CLOSING

The customary attached reports should be studied for further details of their respective special fields.

I wish to commend to the School Committee the loyal efforts of the school staff and also to express to the committee my appreciation of their personal kindness and to commend to the citizens of the town the active interest of the members of the committee in details of school management.

Respectfully,

LAURENCE G. NOURSE.

## HIGH SCHOOL PRINCIPAL

Norton, Mass., December 31, 1928

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Massachusetts.

My dear Mr. Nourse:

I herewith submit the annual report of the principal of the Norton High School.

The high school opened September 4, 1928; this day was used as a day of preparation also a teachers' meeting was held. The pupils assembled on September 5, 1928 and the class work started with no interruption. This day of preparation has proved its worth and should be continued.

The present enrolment of the school is fifty-two girls and forty-one boys. This is an increase of three pupils over that of the largest enrolment of 1927. The entering class contained thirty-two members out of the possible thirty-five who graduated from the grammar schools in June, 1928. Some classes overtax the capacity of their rooms and five classes are now held in the main room. I will repeat what I have already written in one of my reports that the main room should be used for a study hall only. The best studying cannot be done in the rear, when a class is being held in the front of the large room. I believe that it is only a matter of a few years when we shall need more room, if proper school conditions are to be established.

Since my last report our lunch room has been started and its success was far above our expectations. The red cross donated fifty dollars which was used to build the counter and to purchase a few supplies. Friends have contributed dishes, a refrigerator, a gas stove, and the school committee installed water and gas. The success is due to the continuous hard work and wise economy of Mrs. Wiswall. At present we have about twenty dollars for emergency cases. This Fall we found it necessary to have two women behind the counter. Sandwiches, fruit, ice cream, cocoa, milk, cake and sometimes a dessert are being served daily. Our food is sold as near cost as possible and yet pay our current expenses. The State has awarded us a certificate for the excellence of our lunch room. A summary

of the monthly reports reveals that during the year \$1461.64 was received and \$1431.47 was expended leaving a profit for the year of \$31.17. Kitchen equipment has been purchased and a bonus was presented Mrs. Wiswall. The balance on hand at present is \$21.10.

To the Parent-Teachers Association credit is due for the paint used in the decoration, to Mrs. Rice and her art class credit is due for ideas and the application of the paint. Green and yellow are the colors used, a tea room effect has been secured. The public is invited to make a visit between 9:00 A. M. and 1:00 P. M.

The equipment of this school is in excellent condition. The books are all modern. More individual work is now being done than ever before. We are training the pupils to make research and draw their own conclusions. The school requirements are gradually being raised and the College Entrance Requirements are being used on the pupils who are in the College Course. Our superintendent has given to each department anything necessary to better the conditions and the teachers show their appreciation by producing results.

The lighting of the main room, the commercial room, the basement entrance and the lunch room has been increased. Next year the indirect lighting system in the assembly hall will be completed.

The special supervisors, Music and Drawing, have done fine work. An operetta was given by the chorus and many fine comments were heard. The usual fine music was presented at graduation. The drawing classes and the art club made creditable exhibits in June. Mrs. Rice is presenting art in a manner which appeals to all of her pupils. Our drawing classes have never before reached the present stage of perfection.

Visual education is now a reality. Through the efforts of the P. T. A. a moving picture machine has been secured for use in the school system. In the future many educational reels will be shown.

The class of 1928 presented the school with an oak desk and chair; the same has been placed in the laboratory for the Science and Latin teachers.

Physical examinations of the pupils and the building have been made. The dental clinic for this school year has not been held thus far. The school nurse has attended many cases of illness and is being consulted frequently.

Miss Jean MacDiarmid resigned from the Latin department and Miss Aili Kaukonen, an honor graduate of Boston University, was secured to fill the vacancy.

The Tri-School Speaking Contest with the Wrentham and Plainville High Schools was held at Plainville last May. Miss Ellen Nygren of our school won second prize. The try-out for these school representatives is held in December. Much improvement has been noticed in the pupils' ability to stand and express themselves. The next contest will be held in Norton early next May.

Monthly fire drills are being held in accordance with the school rules. The present rate of clearing the building would insure safety for all in case of a fire.

The commercial department continues doing excellent work. Many programs for outside parties were printed during the year and the commercial fund was enlarged. A talking machine was purchased by this department for use in the type-writing room. Following is the list of typewriting awards for this year:

|                        |             | Net words per |
|------------------------|-------------|---------------|
| L. C. SMITH TYPEWRITER | AWARD       | min.          |

| Address.....                                    | Dr. J. Edgar Park       |

President of Wheaton College

Presentation of Washington and Franklin American History

Medal.....Principal Charles S. Randall  
 Presentation of Diplomas.....Miss Mabel H. Perry  
                                           Chairman of School Committee  
 Overture "Jolly Bandits"—School Orchestra...J. S. Zamecnik  
 Benediction.....Rev. G. Stanley Helps

#### Recessional

Colors: Blue and Silver  
 Motto: Deeds not Words  
 Flower: White Carnation

#### OFFICERS

President—Elwyn Parker Atwell  
 Vice-President—Marguerite Mary Mondor  
 Secretary—Ellen Marguerite Nygren  
 Treasurer—Jennie Ellen Andrews

#### GRADUATES

##### CLASSICAL COURSE

Francis Everett Lemaire                      Ellen Marguerite Nygren  
                                           Homer Louis Simmons

##### GENERAL COURSE

|                        |                      |
|------------------------|----------------------|
| Elwyn Parker Atwell    | Elsie Anna Roy       |
| Arnld Seaver Bruce     | Arthur Rubin         |
| Mary Myrtle Bollong    | Sylvia Claflin Sweet |
| Adrienne Anna Dion     | Phillip Cole Sturdy  |
| Dorothy Louise Godfrey | Mary Tokas           |

##### COMMERCIAL COURSE

|                        |                        |
|------------------------|------------------------|
| Jennie Ellen Andrews   | Marguerite Mary Mondor |
| Beulah Frances Britton | Francis Ignas Yelle    |

Since the beginning, the school paper "The Parrot" has been mimeographed by the commercial department. This fall a change was brought about and now the paper will be printed. The first issue of Volume 5 has appeared. The paper is a credit to the school and this progress is due to the progressive spirit of the editorial board and to Miss Sullivan.

The continued cooperation between the Superintendent and teachers has been marked by progress. I wish to thank the School Committee, the Superintendent, the teachers and the pupils for the support which I have received this year. I believe that I am receiving more support from the parents and that more studying is being done at home and that less absence and tardiness is taking place.

Respectfully submitted,

CHARLES S. RANDALL

## SUPERVISOR OF MUSIC

---

Norton, Mass., Dec. 26, 1928.

Mr. Laurence G. Nourse, Supt.

Desr Sir:—

Following is my report as supervisor of music in the Norton schools for the year ending Dec. 31, 1928.

"Music is a means of culture, it is one of the greatest factors in the human civilization. Not until men shall use the art with a spirit of reverence will it exercise those powers for which it is designed. What is music? Wherein consists its great power?"

Children love music and with the added interest shown from the use of our new music books in several of our classes, the children in our schools are showing favorable progress with added interest in the music study classes.

Barrowsville and Sturdy schools each gave a cantata last spring, realizing several dollars for their school treasury.

The High School Chorus presented "The Ghost of Lollipop Bay" by Chas. Cadman, the first time a staged operetta had been attempted. Their efforts were highly commendable, showing we have many of solo talent in our High School.

Since we have had class lessons for children on orchestral instruments, with Mr. Nassi as the able instructor, many children have taken advantage of this splendid opportunity to learn to play an instrument. I only wish it were possible for more parents to see their way clear to allow their children to have the same advantage. At present we have about twenty children taking lessons.

Our school orchestra at present numbers ten instruments and we are in hopes to present another orchestral concert in the early spring.

The work in all the grades at present is progressing most favorably. In two instances we were rather slow in getting started but I am pleased to say at this time the work is nearly up to standard for the time of the year.

The first half of the year is given to technical music study and the latter part to special programs and appreciation.

I am most grateful for the cooperation shown by you and our splendid teachers.

Yours sincerely,

ALICE M. ILLINGWORTH

## SUPERVISOR OF DRAWING

---

Mr. Laurence G. Nourse

Superintendent of Schools  
Norton and Plainville

My dear Mr. Nourse:

Art in the public schools has often been classed as a fad by certain critics of modern education. Perhaps this opinion was justified when it was the aim of an art course to produce pretty pictures and art teachers to develop little artists, but this is no longer true. Leaders in art education realize that every normal individual of society is a consumer; that only a few are producing and that all express their judgment in selecting and arranging material things, with this end in view we have tried to develop an appreciation of good material and good workmanship through the principle governing applied design, to develop a degree of skill in the use of tools and materials and to acquire an appreciation of beauty in both art and nature.

In the grades during the past year we have taken up the following:

Simple problems in interior decoration through the medium of colored papers, Color, Color harmonies applied to costume designs, Lettering, Poster work, Nature study, flowers, trees and birds, Design, Paper construction such as boxes, lampshades and furniture, Object drawing applied to posters.

In December the seventh and eighth grades brought materials suitable for scarfs, pillow tops handkerchiefs and were very successful in applying the tied and dyed process of dying.

In April posters were sent in the "Be kind to animal" post contest and the following pupils won prizes:

Center School

Martha Cabisius, Riga Henson—medals.

Jeanette Hamilton, Mary Yelle—Second prizes

Joseph Yelle—medal

Samuel Di Thomas—second prize

Sturdy School

Kenneth Brasier, Mary Freeman, Beatrice Dion—medals

Frances Broomhead, Barbara Jenks—second prize

Barrowsville School

Anna May Frazier, Camille Dion—medals

Beatrice Rogers—second prize

The free-hand drawing classes in the High School have worked out problems in Nature Study, Design, Object drawing, Lettering, Poster work, pastel, Pen and Ink technique, Costume design and Interior Decoration. The increase of pupils in the free-hand and mechanical drawing classes is a proof of their enthusiasm in the work.

The hand craft class which meets after school hours has shown great progress and growth.

During the May vacation the lunch room at the Center School was newly decorated. The pupils were untiring in their efforts to make this project a success and were most grateful to Mr. and Mrs. Wiswall and the Parent-Teacher Association for their generous help.

Block printing, batik dying, leather tooling, book binding, stenciling, painting parchment lampshades, decorating paper in different processes and applying to portfolios are among the year's activities of the Hand Craft Class. There is a splendid spirit in this group and we are looking forward to greater achievement.

"The Parrot", the high school paper, offered a year's subscription for the best cover design. The prize was given to Betty Holmes 1931, a member of the free-hand drawing and hand craft classes.

An exhibition of drawings and craft work of the High School and grades was held in June with an excellent attendance.

I wish to thank the Superintendent, the High School principal and teachers for their splendid cooperation and interest which has helped to make Art a reality.

Respectfully submitted,

ROWENA BROWN RICE

Supervisor of Drawing

## SUPERVISOR OF PENMANSHIP

Norton, Mass., Dec. 20, 1928

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Mass.

Dear Sir:

Following is the report of my work as supervisor of penmanship in the Norton Public Schools during the year ending December 31, 1928.

Since the opening of the schools in September visits to the grammar grades have been impossible due to a large registration in the commercial courses in the high school and consequently a full schedule. By specimen papers showing the progress of each child, which are filed at the end of each term, by occasional letters, and by the awards system, the supervisor endeavors to keep in touch with each class-room teacher.

A new feature of the work this year has been a class for the new teachers which is held every two weeks. As usual, every new teacher is required to get a certificate. At present, five Norton teachers are taking the correspondence course necessary to obtain this certificate, and two have finished the course but have not yet submitted examinations for the certificates. Six teachers have certificates.

Following is a list showing the percentages of awards won in the different rooms during the year 1927-1928. Only required awards are listed:

|                  | Primary only<br>Silver<br>Star | Gold<br>Star | Palmer<br>Method<br>Button | Merit<br>Button | Progress<br>Pin | Final<br>Certif. |
|------------------|--------------------------------|--------------|----------------------------|-----------------|-----------------|------------------|
| High School!     |                                |              | 100                        | 100             | 100             | 92.3             |
| Center, 7 & 8    |                                |              | 100                        | 97.6            | 97.6            | 69.5             |
| Sturdy, 7 & 8    |                                |              | 87.1                       | 90.3            | 58.1            | 22.6             |
| Barrows, 6, 7, 8 |                                |              | 96.5                       | 89.7            | 79.3            | 23.5             |
| Center, 5 & 6    |                                |              | 95.5                       | 45.5            | 27.3            |                  |
| Sturdy, 5 & 6    |                                |              | 89.3                       | 92.8            | 39.3            | 03.6*            |
| Barrows, 4 & 5   |                                |              | 99.2                       | 96.2            | 46.2            |                  |
| Center, 3 & 4    |                                |              | 100                        |                 |                 |                  |
| Sturdy, 3 & 4    |                                |              | 24.2                       |                 |                 |                  |
| Center, 2 & 3    | 100                            | 100          | 100                        |                 |                 |                  |
| Sturdy, 1 & 2    |                                | 98           |                            |                 |                 |                  |
| Barrows, 1, 2, 3 | 100                            | 100          | 76.9                       |                 |                 |                  |
| Center, 1        | 98                             |              |                            |                 |                 |                  |
| No. 8, 4 & 5     |                                |              | 46.7                       |                 |                 |                  |

\*Not required.

Besides these required awards, the high school certificate was won by nine pupils and the American Penman certificate by three pupils in Grades 7 & 8 of the Center School. One student of a class of eighteen was graduated from the Center School without a final certificate; five of a class of ten from the Sturdy School and six of a class of eight from Barrowsville. Only in the case of an exceptionally poor student should it be necessary to continue penmanship work in the high school. A little more effort on the part of both teachers and pupils would make this possible.

After three years of systematic work carried from grade to grade the results are beginning to be apparent in the quality of written work seen throughout the schools.

Respectfully submitted,

HELEN J. CAFFREY

---

## SCHOOL PHYSICIAN

---

December 31, 1928

Mr. Laurence G. Nourse, Superintendent

Dear Sir:

Physical examinations have been completed in all the schools defects noted, and methods of corrections advised.

The Toxin-anti-toxin prophylactic treatment for Diphtheria was given to 230 children. This work will be followed up in 1929.

Epidemics of scarlet fever, chicken pox, and measles have developed and have been taken care of with the co-operation of the school nurse, and the teachers.

Several fractures, lacerations and skin diseases have come to the attention of the school physician, and have been treated according to the need.

Each school has been inspected with regard to health conditions and several improvements have been noted, especially in the Sturdy School.

The Center School may well be proud of its lunch room which has attracted state-wide attention.

In closing, I wish to thank all who have assisted the school physician in the performance of his duties.

Signed

ELMER W. CLARKE

## SCHOOL NURSE

December 31, 1928

Mr. Laurence G. Nourse, Superintendent

Desr Sir:

This year marks the beginning of our preventive program in Diphtheria. In February, of 530 children, 220 school children and 10 Pre-School were inoculated against Diphtheria. This will be followed up in 1929 with the Schick Test, and further preventive work.

In June at the May Day Festivities, many children received the Weight and Posture Tags that are awarded by the State to those having correct posture and gaining normal weight throughout the year.

The last week in June, a Pre-School Examination was held at the school in each district under the direction of a chairman and assisted by the school doctor and nurse, and our local dentist.

During the summer vacation, several children needing tonsil and adenoid operation were taken to the Sturdy Hospital where they were cared for.

In July and August, we sent two underweight children to the Health Camp at Briggs Corner. Both returned improved in health and weight, one gaining as much as 5 pounds in 4 weeks. This Camp is supported solely by the Christmas Seal Sales money.

There have been several epidemics of pink eye, chicken-pox, and measles; and a few cases of whooping-cough and scarlet fever. During these epidemics, the children have had several examinations by the nurse to detect any possible contact cases.

During the year we have had a number of children come to us requiring dental care. Many of these cases are unable to secure the services of a family dentist. If we could have a part time paid dentist to care for some of these defects, it would help to lessen the absentees. Can we not do something definite about this problem this coming year?

In closing, I wish to thank the superintendent, principals, and teachers and all those who have assisted me in my year's work.

Very truly yours,

M. DRUSILLA RING.

### **TOWN MEETINGS**

---

Citizens' Caucus for the nominations of town officers was held at the town hall, Wednesday, February 13, 1929, at eight o'clock P. M.

The Chairman of the Caucus was Frank A. Clapp and the Clerk, George E. Smith.

Nominations and votes were as follows:—Town Clerk for one year, George E. Smith; Town Treasurer for one year, George E. Smith; Collector of Taxes for one year, George E. Smith; Selectmen for three years: Elmer E. Lane 65, William J. Tucker 38, William M. Sturdy 15, William Russell 11, Harvey Ayotte 4.

Assessor for one year, Leonard A. Witherell 52, William M. Sturdy 10.

Board of Public Welfare: Elmer E. Lane, John G. Adair, Harold S. Woodward.

Water Commissioner for three years: Bertram F. Fales.

Tree Warden: Albert S. Lincoln.

School Committee for three years: Myron T. Briggs.

Moderator: R. Clyde L'Amoureux.

Constables: Voted the nominations of Stephen Benaski and John Russell. A motion to nominate the same constables as last year did not prevail as a certified list was not at hand.

Town Committee: Frank A. Clapp, Alden G. Walker, Arthur Valentine. Voted, that in case of ineligibility or withdrawal of a candidate, the vacancy be filled by the Selectmen.

GEORGE E. SMITH, Clerk.

---

### Record of the Annual Meeting, March 4, 1929

The meeting was called to order at six o'clock A. M. by the Moderator, Homer B. Blandin, and the warrant read.

The keys of the ballot box were given to Frank A. Clapp, Constable, and the ballot box shown to be empty.

The ballots were delivered to Lena M. Whitaker, qualified teller, who receipted therefor.

The polls were declared open for voting at 6.10 A. M. and were closed at 4.10 P. M., the register showing that 519 votes had been cast—the check lists of the tellers agreeing.

The following tellers were qualified by the town clerk: Lena M. Whitaker, Henry J. Dion, Emma Radnor, James Watson, Thomas W. Curran.

The vote for town officers under Article 1, was announced by the Moderator before the close of the meeting as follows:

Town Clerk for one year: George E. Emith, four hundred sixty-seven (467); blanks, fifty-four (54).

Town Treasurer for one year: George E. Smith, four hundred sixty (460); blanks, fifty-nine (59).

Collector of Taxes, one year: George E. Smith, four hundred sixty-two (462); blanks, fifty-seven (57).

Selectmen for three years: Elmer E. Lane, two hundred seventy-nine (279); William H. Russell, ninety-one (91); William J. Tucker, one hundred thirty-three (133); blanks, sixteen (16).

Assessor for three years: Leonard A. Witherell, four hundred twenty-four (424); blanks ninety-five (95).

Board of Public Welfare for one year: John G. Adair, three hundred seventy-five (375); Elmer E. Lane, two hundred seventy-seven (277); William H. Russell, one hundred twenty-one (121); William J. Tucker, one hundred fifty-eight (158); Harold S. Woodward, three hundred eighty-two (382); blanks, two hundred fifty-four (254).

Water Commissioner for three years: Bertram F. Fales, three hundred fifty-nine (359); blanks, one hundred sixty (160).

Tree Warden for one year: Albert S. Lincoln, four hundred nineteen (419); blanks, one hundred (100).

School Committee for three years: Myron T. Briggs, four hundred twenty-seven (427); blanks, ninety-two (92).

Moderator for one year: R. Clyde L'Amoureux, three hundred ninety-three (393); Homer Blandin, two (2); blanks, one hundred twenty-four (124).

Constables for one year: Stephen Benasky, two hundred seventy-four (274); Frank A. Clapp, three hundred forty-five (345); John Dumont, two hundred forty-six (246); Charles M. Goslin, two hundred eighty-two (282); Julius Leonard, two hundred sixty (260); John Russell, two hundred eighty-four (284); Benjamin B. Scanlon, three hundred five (305); Oliver E. White, two hundred eighty-eight (288); Albert S. Lincoln, twenty-three (23); scattering, (5).

Town Committee for one year: Frank A. Clapp, four hundred twenty-two (422); Alden G. Walker, four hundred one (401); Arthur L. Valentine, four hundred six (406); scattering, one (1).

Motion was made by Frank A. Clapp, before the opening of the polls for voting, that nine constables be elected and it was so voted.

At 2.10 P. M. the Moderator called the meeting to

order and asked for nominations for other town officers, and the following were elected:

Measurers of Wood: Arthur E. Sweet, Walter C. S. Wood, Lewis B. Woodward, Thomas A. Beaman, E. Clifton Becker, Oliver E. White, Albert S. Lincoln, George F. Lincoln.

Measurers of Lumber: Oliver E. White, Arthur E. Sweet, Josiah E. Woodward, Daniel A. Woodward, Albert S. Lincoln.

Pound Keeper: Thomas A. Beaman.

Field Driver: Benjamin B. Scanlon, Julius Leonard.

Article 2. Voted to accept the report of the Town Officers.

Article 3. On motion by Vinton I. Reynolds and on recommendation of the finance Committee, the salaries and expense accounts of the town officers were voted as follows:—Moderator, \$25.00; Board of Public Welfare, \$300.00; Selectmen, \$600.00; Selectmen Expense, \$150.00; Accountant salary, \$600.00; Accountant expense, \$75.00; Treasurer's salary, \$400.00; Treasurer's expense, \$315.00; Assessors' salary, \$900.00; Assessors' expense, \$100.00; Town Clerk's salary, \$200.00; Town Clerk's expense, \$350.00; These amounts totalling \$4,900.00.

Article 4. Under this article it was voted to raise and appropriate the following money to defray the town expenses the ensuing year:—

(a) For the repairs and improvement of roads, \$12,825.00.

(b) For the repair and improvement of bridges, etc., under this article the vote was—\$2,100.00. The finance committee through Vinton I. Reynolds, recommended no appropriation for a cement bridge; the purchase of one truck and one scraper was recommended with an appropriation of \$2,100.00, and this amount was voted as above.

(c) For the support of schools, school supplies, transportation, salary of the superintendent, school physician, and attendance officer.

Recommended by the finance committee, and on motion of Vinton I. Reynolds, the sum of \$44,500.00 was voted for the purpose.

(d) For the maintainance and operating expenses of

the water department, including the purchase of about ten acres of land adjoining property now owned by the town and considered necessary by the board of water commissioners:

Recommended by the finance committee and on the motion of Vinton I. Reynolds, it was voted to raise and appropriate \$7,500 for carrying out the provisions of this article. Each of the following items of article 4 were taken up in order, and on each by the recommendation of the finance committee, and on the motion of Vinton I. Reynolds, appropriations were made as follows:

(e) For the support of the public library, \$900.00.

(f) For Memorial Day exercises, \$200.00.

(g) For the care and repair of the Common at the Center, \$150.00.

(h) For reimbursement to the Norton fire district for water supplied to schools, public buildings, fountains and fire protection, \$1,500.00.

(i) For payment of State Aid, \$1,000.00.

(j) For payment of soldiers' relief, \$1,000.00.

(k) For public welfare, mother's aid, and repairs at the town farm, \$6,000.00.

(l) For expense of the Board of Health, \$1,000.00.

(m) For payment of town debt, \$11,000.00.

(n) For interest on town debt and temporary loans, \$7,700.00.

(o) For expense of forest fires, \$500.00.

(p) For expense of the police department, \$1,200.00.

(q) For the expense of the tree warden, \$300.00.

(r) For expense of the town hall, \$600.00.

(s) For registration and election expenses, including salaries, \$350.00.

(t) For general government, including salaries and expenses of the following town officers: town clerk, treasurer, selectmen, board of public welfare, assessors, collector of taxes, accountant and moderator, \$4,900.00.

(u) For an allotment for a reserve sum, \$1,500.00.

(v) For reimbursement to the Norton District Nursing Association for the work of the nurse in the public schools for the current year, \$1,000.00.

(w) For the expense of the sealer of weights and measures, including the purchase of necessary equipment, \$240.00.

(x) For the expense of printing and delivering the annual town reports, \$240.00.

(y) For insurance of public buildings that expires this year, employer's liability insurance, and liability insurance for the town trucks, \$1,450.00.

(z) For the removal of snow, \$500.00.

Article 5. On motion by Vinton I. Reynolds and on recommendation of the finance committee, voted the sum of one thousand dollars for the suppression of gypsy and brown tail moths, \$1,000.00.

Article 6. Voted the sum of one thousand eight hundred fifty-five dollars ninety-nine cents for the town's proportion of the maintenance of the Bristol County Tuberculosis Hospital, \$1,855.99.

Article 7. This article regarding the suppression of the sale of intoxicants, was by vote stricken from the warrant.

Article 8. Voted that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow from time to time in anticipation of the revenue of the present municipal year beginning January 1, 1929 to an amount not exceeding in aggregate \$92,047.99. Any debt or debts incurred under this vote to be paid from the revenue of the said municipal year.

Article 9. Voted that the Warrant for collection be committed to the Collector and that the sum voted at this meeting be paid him.

Article 10. For legal services the sum of one hundred dollars was voted, \$100.00.

Article 11. Under this article it was voted to raise and appropriate the sum of four thousand five hundred dollars eighty-six cents for street lighting according to contract with the Norton Power and Electric Co., \$4,500.86.

Article 12. Voted to appropriate from the surplus revenue the sum of seven thousand dollars to reduce taxation, \$7,000.00.

Article 13. Miss Gertrude Cornish submitted the report of the committee on reforestation that was listened to

with close attention. This report is incorporated in the records of the town. Voted to accept this report and that the recommendations therein be adopted.

Article 14. Voted the sum of (\$200.00) two hundred dollars to carry out in the recommendations of the reforestation committee.

Article 15. This article was discussed at length, and the various lay-outs analyzed. On the several lay-outs on the Mansfield end, an informal vote was taken to get the expression of the meeting. The vote was entirely in favor of Route No. 1—that would take a small portion of land from the Common and from the Congregational Church property at the corner of Taunton Ave.

On the Attleboro lay-outs, two routes were considered and discussed. The first following the present street with a widening of the curve at Valentine's Corner and the second the lay-out made by the State Highway Department.

The following motion was made and seconded:

That Town will indemnify the Commonwealth of Massachusetts against any and all claims for land, grade and drainage damages which may be caused by or result from the laying out, alteration, construction or re-construction of the State Highways on the Attleboro road and the Mansfield road, or any section or relocation thereof.

And that the Board of Selectmen be authorized to sign an indemnity agreement therefor in behalf of the town indemnifying the Commonwealth as aforesaid.

And that the sum of five thousand three hundred fifty dollars (\$5,350), be appropriated towards the expense and damage thereof.

And that the sum of three hundred fifty dollars (\$350) be raised and appropriated in the assessment of the current year, and that the Treasurer, with the approval of the Selectmen shall issue five notes of the Town of one thousand dollars (\$1,000) each, each note payable annually that the debt may be extinguished. And that the first note shall be paid in the year 1930.

In the discussion that followed, Vinton I. Reynolds explained that in the vote to be taken, "yes" would mean in favor of the cut-off beginning at the corner at Sturdy's

shop and ending on Pleasant Street near the property of Arthur Valentine.

The following tellers were appointed by the Moderator: Arthur E. Sweet, Charles S. Randall and Charles O. Bruce.

The check list was used, and after the count of ballots it was found that one hundred eleven had voted "yes" and that six had voted "no", and the result was thus declared.

In reconciling the check list to the ballots cast there was found to be a difference of one name less than the ballot count.

It was moved, seconded and voted that the vote stand as recorded.

At this point the Moderator announced the appointments of the finance committee as follows: Edgar M. Holmes, Alden G. Walker, George H. O'Brien, Arthur Ross, James J. Flaherty.

Article 16. On recommendation of the Finance Committee and on motion by Vinton I. Reynolds, it was voted to raise and appropriate the sum of one thousand dollars (\$1,000.00) to continue the improvement of North Worcester Street towards Valentine's Corner, provided the State and County will contribute an amount, \$1,000.00.

Article 17. This article to raise money to improve Main Street to the Easton Town Line was dismissed by vote from the warrant.

Article 18. This article to raise money to re-surface Maple Street was dismissed by vote from the warrant.

Article 19. Voted to raise and appropriate thirty dollars (\$30) to pay land damage on account of land taken at Coddling's Corner during the construction of the road at that place in 1928..

Article 20. This article to raise money to improve Washington Street was by vote dismissed from the warrant.

Article 21. Voted to raise and appropriate the sum of three hundred dollars (\$300) to repair the sidewalk along So. Worcester Street from the Sturdy Brothers' factory to the Sturdy School.

Article 22. This article to raise money to build a granolithic sidewalk at the Center was dismissed from the warrant.

Article 23. Voted to raise and appropriate the sum of ninety dollars (\$90) to pay for the completion of the burial place of the first settlers of Norton.

Article 24. On recommendation of the Finance Committee and on motion by Vinton I. Reynolds, it was voted that the sum of two hundred fifty dollars (\$250.00) be raised and appropriated to install street lights on Lincoln Street from Bay Street to the Easton Town Line.

Article 25. This article to rescind the vote that every voter shall receive notice by postal, was dismissed from the warrant. The hand vote was counted, 38 yes, and 3 no.

Article 26. Voted that the Selectmen be instructed to provide one or more places for the public dumping of rubbish.

Article 27. This article to raise and appropriate money to preserve the shade trees along the highway. was by vote dismissed from the warrant.

Article 28. Voted to instruct the Selectmen to request the Division of Fisheries and Game to re-stock Winnicunnet Pond in accordance with Chapter 130, section 28, General Laws.

Article 29. James C. Watson, chairman of the Committee on the War Memorial gave a report for the committee showing that the funds had been spent in a most efficient manner in the placing of this Memorial on the Common at Library Square and the appropriate dedication exercises. On motion of R. Clyde L'Amoureux, the Committee was given a rising vote of thanks.

Adjourned at 5.30 P. M.

GEORGE E. SMITH, Town Clerk.

---

**Special Town Meeting, April 24, 1929**  
**(8 o'clock P. M.)**

Article 1. To see if the town will vote to amend the vote passed under Article 15 of the warrant for the annual town meeting, March 4, 1929, so as to provide that \$850.00 shall be raised in the tax levy of the current year, and that the Treasurer, with the approval of the Selectmen, be

authorized to borrow a sum of \$4,500.00 and to issue notes of the town therefor, payable in accordance with the provisions of Chap. 44 General Laws, so that the whole loan shall be paid in not more than five years or take any other action thereto.

Article 2. To see if the town will vote to accept as a gift from the Norton War Chest Association the fund now in their possession, the income only to be used for the purpose of caring for the memorial tablet at the Center and the surrounding grounds.

Article 3. To see if the town will vote to authorize the Selectmen to appoint an Inspector of Wires and raise and appropriate a sum of money for the services of the Inspector, in accordance with Chapter 166, Section 32, General Laws.

Article 4. To see what action the town will take to enlarge the Norton Common Cemetery and raise and appropriate a sum of money to carry out the vote of this meeting.

Article 5. To see if the town will vote to macadamize the street on the north side of the Common at the Center; the work to be done either by contract or by the town, and raise and appropriate money for that purpose or take any other action thereon.

Article 6. To see if the town will vote to accept Chapter 41, General Laws, as amended by Chapter 36, Section 4A, Acts of 1929.

Article 7. To see if the town will vote to raise and appropriate the sum of \$300.00 to purchase calcium chloride to be used on the highway.

### **Record of the above Meeting.**

About fifty citizens attended this meeting. R. Clyde L'Amoureux was Moderator and the warrant was read by the Town Clerk.

Article 1. Vinton I. Reynolds for the Finance Committee made the following motion—"that the town amend the vote passed under Article 15 of the warrant for the annual town meeting of March 4, 1929, so as to provide that \$850.00 shall be raised in the tax levy of the current

year, and that the Treasurer, with the approval of the Selectmen be authorized to borrow the sum of \$4,500.00 and to issue notes of the town therefor payable in accordance with the provisions of Chapter 44, General Laws, so that the whole loan shall be repaid in not more than five years." This motion was seconded and the vote in favor was unanimous and so declared.

Article 2. Motion was made by Vinton I. Reynolds for the Finance Committee to accept this fund and it was so voted without dissent.

Article 3. The Finance Committee reported adversely on this article and it was voted to dismiss this article from the warrant.

Article 4. It was recommended that the Cemetery Commission look into this matter and report to the Selectmen that an article pertaining thereto may be inserted in the warrant for the next annual town meeting.

Article 5. Finance Committee reported adversely on this article, and on motion by Vinton I. Reynolds, the article was dismissed from the warrant by unanimous vote.

Article 6. It was voted to accept the provisions of Chapter 41, General Laws as amended by Chapter 36, Section 4A of the Acts of 1929, relative to the appointment by town boards of their members to hold other town offices or positions.

Article 7. The Finance Committee reported adversely on this article, and it was voted to dismiss this article from the warrant.

The vote under Article 6 was as follows—voted that we accept Chapter 41, General Laws as amended and that any board of town officers be authorized to appoint any member of their board to any other office that in their opinion would be of any benefit to the town.

The meeting then adjourned.

GEORGE E. SMITH, Town Clerk.

---

**Special Town Meeting, July 19, 1929**  
**(8 o'clock P. M.)**

Article 1. To see if the town will vote to raise and

appropriate an additional sum of money to pay for the land damage and expense caused by the construction of the new highway now being built by the state.

Article 2. To see if the town will vote in accordance with the provisions of Section 5, Chapter 79 of General Laws to consent to the taking by the Department of Public Works on behalf of the Commonwealth of Massachusetts for use as a public way, a strip of land containing about 2600 square feet at the westerly end of Norton Common so called located within the limits of Library Square, bounded as follows—easterly by the easterly location line of the proposed 1929 state highway lay-out for about 174 feet, southerly, westerly and northerly by the present limits of said common as defined in part by the iron fence and in part by the back edge of a tar walk for a total distance of 238 feet as shown on a plan on file at the State House, Boston.

Article 3. To see if the town will vote to raise and appropriate an additional sum of money for repairs of bridges

Article 4. To authorize the appointment of a committee on town by-laws.

**Record of the above meeting.**

Meeting was called to order by R. C. L'Amoureux, Moderator. Warrant was read by Town Clerk, George E. Smith.

Article 1. Motion was made by George H. O'Brien on recommendation of the Finance Committee that the sum of \$2150.00 be raised and appropriated from the tax levy of the current year to cover the extra land damage and expense caused by the construction of the new highway now being built by the state. This vote was seconded and the vote in favor was unanimous.

Article 2. Motion was made by George H. O'Brien on recommendation of the Finance Committee, seconded and voted unanimously that the town will consent in accordance with the provisions of Section 5 of Chapter 79 of the General Laws to the taking by the Department of Public Works on behalf of the Commonwealth of Massachusetts by use as a public way of a strip of land containing about 2600 square feet at the westerly end of Norton Common

so-called located within the limits of Library Square, bounded as follows—easterly by the easterly location line of the proposed 1929 state highway lay-out for about 174 feet; southerly, westerly and northerly by the present limits of said Common as defined in part by an iron fence and in part by the back edge of a tar walk, for a total distance of 238 feet as shown on a plan on file in the office of said department in the State House, Boston, Massachusetts.

Article 3. George H. O'Brien explained that the extra demand for bridge appropriation was caused in part by an oil truck breaking through the Meadowbrook bridge, and on recommendation of the Finance Committee moved that the sum of \$465.00 be raised and appropriated for this purpose and it was so voted.

Article 4. Motion was made and voted that the Moderator be authorized to appoint a committee, consisting of himself and and three others, to collect the old by-laws and present these and such others as seem advisable at the next annual meeting. Moderator appointed George H. O'Brien, Elmer E. Lane and George H. Fuller.

Meeting adjourned at 9 o'clock P. M.

GEORGE E. SMITH, Clerk of Norton.

## REPORT OF REGISTRARS

---

At the close of registration, February 20, 1929, there were 1098 registered voters certified under the requirements of Section 61, Chapter 51 of the General Laws as amended by Section 4 of Chapter 209, Acts of 1921. The number was so great that it was found necessary to compile separate lists of women and men voters. Notwithstanding the care that has been taken errors and omissions may have been made. These can be corrected by notifying the clerk or by appearing before the board at meetings that are held from time to time. Notices of these meetings are posted at the Post Offices and on the bulletin boards of the Town Hall.

It may be interesting to know that the registration of 1928 was 270 and that of 1929 was 13.

The revised list to January 1, 1930, contains the names of 447 women and 554 men qualified voters, a total of 1001 names.

HOMER L. LANE,  
THOMAS W. CURRAN,  
ALBERT F. WOODWARD,  
GEORGE E. SMITH,

Registrars.

## REPORT OF REFORESTATION COMMITTEE

---

Out of a total of 200 town forests in the United States, 80 are located in Massachusetts. The interest in the town forest in Massachusetts is due largely to the splendid work of the Massachusetts Forestry Association. Through their efforts the matter of establishing town forests is brought before town meetings all over the state. Each year new towns join in this effort and do real service in conservation to the Town, the Commonwealth, and to the Nation.

On December 7, 1928, the first conference of the Massachusetts Town Forest Committee was held. This conference called by the Massachusetts Forestry Association, the first of its kind ever called in the United States, took the form of an all-day session at the State House with a luncheon at the City Club. There were present at this conference about 150 members of town forest committees from all over the state, and Norton was represented at this meeting by the chairman of your Reforestation Committee. Because of the enthusiastic response at this conference, it was voted to make plans for a second to be held sometime during the coming year.

A report on this conference has been placed in your hands. I would call your attention also to a bulletin on "Pruning for Profit as Applied to Eastern White Pines," which the chairman of your committee would be glad to get for any citizen interested, or it may be obtained directly from the Massachusetts Forestry Association or the Har-

vard Experimental Forest. This bulletin is of very practical help in giving suggestions as to when and how to prune your young pine so as to increase their value.

The Norton town forest has completed its sixth year, and your committee submits the following report for the year 1928:

Two thousand four-year old white pines were obtained from the State free of charge, and were planted by the school children and by hired planters during Forestry Week. A number of school children through this planting became members of the National Forestry Association at Washington. These two thousand trees were planted at the Water Works on the west side of the road back of those planted last year. This makes a total of 5,000 pines now planted at the Water Works which, added to 17,000 trees planted at the Town Farm, makes in all 22,000 trees planted since 1923.

The fire-line on the south side of the road at the town farm has been trimmed out and brush burned.

A roadway has been cleared through the town forest on the North side of the road at the Town Farm. This will make the distant portions of the planted area more accessible, and would be useful in case of fire.

Cord wood and blown over pines have been sold to the amount of \$25.00.

Last March the town appropriated \$250.00 for the town forest. The Committee reports the following expenditures:

|                                          |                |
|------------------------------------------|----------------|
| Planting trees,                          | \$16.50        |
| Labor in trimming out and burning brush, | 62.00          |
| Purchasing new land,                     | 163.50         |
| Total,                                   | <hr/> \$242.00 |

The land purchased includes 11 acres bought from the heirs of Reuben T. Lincoln, and 21 acres, 107 square rods bought from E. R. Lincoln.

These lots are located on Plain Street, and were purchased at \$5.00 an acre.

This increases the acreage owned by the town of Norton as a Town Forest to something over 100 acres.

Your chairman has communicated with the Secretary of the Massachusetts Forestry Association and has received a reply saying that this Association will furnish and plant free of charge 5,000 trees on our town forest this spring.

The Committee proposes the following recommendations for 1929.

1. That the offer of the Massachusetts Forestry Association be accepted, namely, that 5,000 trees be planted free of charge.

2. That Mr. Sherman be engaged to draw plans and make blue prints of the land owned at the town farm and of the new land on Plain Street.

3. That the State Forester be asked to visit our forest and that his advice be followed in the matter of further planting and giving necessary care to the town forest within the limits of the town's appropriation for the coming year.

Respectfully submitted,

GERTRUDE E. CORNISH,

Chairman Reforestation Committee.

---

## LIST OF JURORS

---

### Jurors Drawn in 1929

List of Jurors 1929, prepared July 1, 1929, in accordance with Chapter 345, Acts of 1907 and amendments thereto.

|                     |          |
|---------------------|----------|
| Babson, Alfred W.   | Farmer   |
| Beaman, Thomas A.   | Farmer   |
| Codding, William E. | Farmer   |
| Collette, Donald A. | Jeweler  |
| Clapp, Frank A.     | Farmer   |
| Dumont, John        | Fireman  |
| Durgin, Frank T.    | Salesman |

|                       |                |

| Number of Polls assessed .....                                    | 792         |                |
| Horses .....                                                      | 125         |                |
| Cows .....                                                        | 384         |                |
| Other neat cattle .....                                           | 60          |                |
| Goats .....                                                       | 12          |                |
| Sheep .....                                                       | 3           |                |
| Swine .....                                                       | 43          |                |
| Foxes .....                                                       | 30          |                |
| Fowl .....                                                        | 8,020       |                |
| Value of fowl .....                                               |             | \$10,195.00    |
| Number of dwelling houses .....                                   | 702         |                |
| Number of acres of land .....                                     | 16,898      |                |

**Norton Fire District**

|                                                |                |
|------------------------------------------------|----------------|
| Assessed value of real estate .....            | \$1,242,975.00 |
| Assessed value of personal estate .....        | 302,650.00     |
| Total valuation .....                          | 1,545,625.00   |
| Appropriations .....                           | 4,450.00       |
| Overlayings .....                              | 32.31          |
| Total amount of tax committed to Collector.... | 4,482.31       |
| Rate per thousand of valuation .....           | 2.90           |

**Automobile Excise Tax**

|                                                   |            |
|---------------------------------------------------|------------|
| Number of Automobiles assessed .....              | 923        |
| Assessed value of Automobiles .....               | 265,090.00 |
| Rate per thousand of valuation, (State Rate)..... | 29.65      |

It will be noted that there was a decrease in value of Personal Estate which was caused by the Automobile being taken out of this class of property but the Excise Tax placed on the Automobile more than made up this decrease.

| Collected \$8.50                       |          |

GEORGE H. STORER,

Milk Inspector.

## ANNUAL REPORT OF THE WATER DEPARTMENT

---

The Water Commissioners respectfully submit herewith the sixth annual report of the Water Department.

The general condition of the pumping station continues to be good, with the engine giving satisfactory service. Other property is in good repair, including the stand-pipe which was given a coat of paint.

The Treasurer's statement given elsewhere shows the committment, receipts and expenses of the department, suffice it to call attention here to the net profit of \$1,531.23 which was accomplished despite unusual heavy expenses due to the construction of the new road, and the purchase of land and building of a dam at the pumping station for protective purposes and future development.

Unpaid water charges, which have always been a source of trouble, though smaller in total at the beginning of the year, are due to be handled in such way as to come under the provisions of the law passed and accepted by the town which makes them collectable by law in the same manner as taxes.

In conclusion the Board expresses its appreciation for the continued support accorded it, and looks to a continuance of the same.

Respectfully submitted,

W. C. S. WOOD, Chairman,  
ALFRED W. CLAPP,  
BERTRAM F. FALES,

Water Commissioners.

W. C. S. WOOD, Treasurer.

## REPORT OF CEMETERY COMMISSION

The Cemetery Commission has now been in operation seven years and it seems wise to give an account of its operations.

It is not intended in this report to publish in full the accomplishments of these years but rather to emphasize the principal functions of the Cemetery Commissioners and give a picture of the present status quo of their work.

Three Commissioners are appointed by the Selectmen.

They meet monthly and discuss problems of cemetery care, distribution of perpetual care funds, hiring workers and suggesting amount of money needed for perpetual care of specific lots, (one hundred dollars being the minimum accepted).

Each Commissioner is responsible for the upkeep of a group of cemeteries. The grouping and apportionment is as follows:—

Oliver E. White—Common, Crane's and Woodward Cemeteries.

M. Florence Williams—Centre, Winnicunnett and White Cemeteries.

Clyde E. Bruce—Timothy Plain and Babbitt Cemeteries.

Requests for burial rights, complaints about cemeteries, suggestions for improvement, or any communications whatsoever should be addressed to the Commissioner in charge of the cemetery under consideration.

Bills covering all expenditures in each Commissioner's district are signed by same and handed in monthly to the Town Accountant.

Beyond the usual mowing and cleaning up of the grounds, the outstanding features of the Commissioner's work have been:—

Common Cemetery—Much regrading and seeding.

Centre Cemetery—Surveying of new part—opening of two drives in same; tree planting along drive; filling in of Centre and removal of fence between old and new part.

Winnicunnett Cemetery—Rebuilding boundary wall; re-

grading and seeding entire cemetery; new Tool House, (in emergency to be used for Receiving Room).

Timothy Plain Cemetery—Re-surfacing drive.

Babbitt Cemetery—Regrading and seeding.

Commissioner C. E. Bruce has undertaken the numbering and identification of interments in all the cemeteries, a duty which has lapsed for the past twenty years.

In conclusion the Commissioners make an earnest request of lot owners who are not safe-guarded by perpetual care (the best and surest way to have a uniformity of upkeep in any cemetery) that they make a vital effort to keep their lots in a creditable condition.

Trim, cared-for lots, surrounded by unkempt ones, produce a ruinous effect. Franklin's old saying, "That a town is known by its Cemeteries", is fully as significant today. The hearty co-operation of many is essential and our Commission is fortunate in having friends who respond heartily and promptly to a call for help in this service of making our cemeteries more loved and appreciated.

We want results that will make them truly "Gardens of the Dead", that will make them an increased delight, sometimes a solace, and always a source of keen pride for Norton folk.

M. FLORENCE WILLIAMS,  
OLIVER E. WHITE,  
CLYDE E. BRUCE.

GEORGE E. SMITH, Treasurer.

I have examined the books of the Treasurer, verified cash on hand and in Bank and certify that the above is a true record of receipts and disbursements for the year ended December 31, 1929.

GEORGE H. FULLER, Town Accountant.

Bristol ss. Norton, Mass., January 25, 1930.

Personally appeared before me the above George H. Fuller on January 25, 1930, who made oath that the above statement is true.

Signed before me on January 25, 1930.

G. LESTER HEWITT, Notary Public.

My Commission Expires Oct. 2, 1936.

**WARRANT**  
**for the**  
**ANNUAL TOWN MEETING**

---

Bristol, ss.

To Frank A. Clapp or either of the Constables of the Town of Norton, Greeting :

In the name of the Commonwealth you are hereby directed to notify and warn the legal voters of the Town of Norton, to meet in the Town Hall in said Norton on Monday the third day of March, 1930, at six o'clock A. M., then and there to act on the following articles, to wit:

Article 1. To elect one selectman for three years, one assessor for three years, one member of the school committee for three years, one member of the Board of Water Commissioners for three years, also a Town Clerk, a Treasurer, three members of the Board of Public Welfare, a Collector of Taxes, one or more Constables, a Tree Warden, and a Moderator, all to serve for one year. Votes for the above-named officers to be upon one ballot. Also to choose all other town officers required by law. The polls will be opened at six o'clock A. M., and may be closed at two o'clock P. M.

Article 2. To see if the town will vote to accept the report of the town officers.

Article 3. To determine the salaries of the town officials for the ensuing year in accordance with Chapter 591, Section 8, Acts of 1920, viz.: Town Clerk, Treasurer, Selectmen, Board of Public Welfare, Assessors, Collector of Taxes, Moderator, Tree Warden, Constables, Water Commissioners, and School Committee.

Article 4. To raise and appropriate money to defray the expenses of the town for the ensuing year.

(a) for the repairs and improvements of roads.

(b) For the repairs and improvements of bridges and railings, a new cement bridge and for the purchase of a truck and a tractor and other necessary tools and equipment.

(c) For the support of schools, school supplies, transportation, salary of the superintendent, school physician and attendance officer and to include the painting of the school at the Center.

(d) For the maintenance and operating expenses of the Water Department.

(e) For the support of the Public Library.

(f) For Memorial Day Exercises.

(g) For the care and repairs of the Common at the Center.

(h) For reimbursement to the Norton Fire District for water supplied to Schools, Public Buildings, Fountains and Fire Protection.

(i) For payment of State Aid.

(j) For payment of Soldiers' Relief.

(k) For Public Welfare and Mother's Aid.

(l) For the expense of the Board of Health.

(m) For payment of the Town Debt.

(n) For interest on Town Debt and Temporary Loans.

(o) For expense of Forest Fires.

(p) For expense of the Police Department.

(q) For the expense of the Tree Warden.

(r) For the expense of the Town Hall.

(s) For Registration and Election expenses, including Salaries.

(t) For General Government, including salaries and expenses of the following town officers:—Town Clerk, Treasurer, Selectmen, Board of Public Welfare, Assessors, Collector of Taxes, Accountant and Moderator.

(u) For an allotment for a Reserve Fund.

(v) For reimbursement to the Norton District Nursing Association for the work of the Nurse in the public schools for the current year.

(w) For the expense of the sealer of weights and measures.

(x) For the printing and delivering of the annual town reports.

(y) For the insurance of public buildings, employer's liability insurance and liability insurance for the town trucks.

(z) For the removal of snow.

Article 5. To raise and appropriate money for the suppression of the gypsy and brown tail moth.

Article 6. To raise and appropriate money for the town's proportion of the annual maintenance of the Bristol County Tuberculosis Hospital.

Article 7. To see what action the town will take to suppress the illegal sale of intoxicating liquor in the town and raise and appropriate money therefor.

Article 8. To see if the town will authorize the treasurer with the approval of the selectmen to borrow money in anticipation of the revenue of the present financial year to an amount not exceeding in the aggregate \$82,-501.07 and to issue notes therefor payable within one year and to be paid from the revenue of 1930.

Article 9. To determine the manner of collecting their taxes.

Article 10. To raise and appropriate money for legal services.

Article 11. To raise and appropriate money for street lighting.

Article 12. To see if the town will vote to appropriate a sum of money from the surplus revenue to reduce the tax rate of 1930.

Article 13. To see if the town will vote to raise and appropriate a sum of money for repairs at the town farm.

Article 14. To hear the report of the committee on reforestation and take any action thereon.

Article 15. To see if the town will vote to raise and appropriate a sum of money to carry out the recommendation of the reforestation committee.

Article 16. To see if the town will vote to raise and appropriate the sum of \$1,000.00, to be used in conjunction with \$5,000.00 already allotted by the state and county to continue the improvement of North Worcester Street and \$100.00 for any possible land damage that may arise.

Article 17. To see if the town will vote to raise and

appropriate the sum of \$8,000.00, together with an allotment of \$20,000.00 from the state and an allotment from the county of \$10,000.00 and the transfer of \$2,000.00 voted for this purpose in 1928 and now in the treasury, to complete the road (Main Street) from the present hard road near the house owned by the heirs of Judge Lloyd White to the Easton and Norton town line as laid out by the state engineers, \$2,000.00 to be raised in the tax levy of 1930, the balance to be obtained by a loan to be paid in three equal yearly payments of \$2,000.00 each or take any other action thereon.

Article 18. To see if the town will vote to raise and appropriate a sum of money to improve Sturdy Street. By petition.

Article 19. To see if the town will vote to raise and appropriate a sum of money to improve the street north of the Common.

Article 20. To see if the town will vote to raise and appropriate the sum of \$1000.00, to resurface Leonard Street with an oil bound gravel. By petition.

Article 21. To see if the town will vote to raise and appropriate the sum of \$600.00 to build a semi-permanent road on Washington Street continuing the road already constructed beginning between P. L. Hinds and Miss Emma Draper's and extending south. By petition.

Article 22. To see if the town will vote to raise and appropriate the sum of \$500.00 to straighten and otherwise improve Plain Street near Clifton Becker's residence.

Article 23. To see if the town will vote to install street lights on Barrows Street from the present lights near the bridge to the old Catholic Church and raise and appropriate money for that purpose or take any other action thereon. By petition.

Article 24. To see if the town will vote to raise and appropriate money for the purpose of installing street lights on Pine Street from the Trinitarian Church to the bridge near the old Cider Mill. By petition.

Article 25. To see if the town will vote to raise and appropriate a sum of money to curb the street at the corner near the church and the part abutting on land owned by

Albert S. Hopkins and the north side of the Common or any part of the same.

Article 26. To see if the town will vote to raise and appropriate a sum of money to install new and better lights around the Common, the lights now there to be removed and two of them to be installed at Chartley Corner, the others to be used wherever needed.

Article 27. To see if the town will vote to raise and appropriate money to install a beacon or other device at the end of Mansfield Avenue, and Main Street, and at Chartley Corner for the protection of the public.

Article 28. To raise and appropriate the sum of \$50 to paint and repair the fire station at Chartley.

Article 29. To see if the town will vote to raise and appropriate a sum of money for the repairs of sidewalks.

Article 30. To hear the report of the cemetery commission regarding the enlargement of the Norton Common Cemetery as voted at a special town meeting held April 24, 1929, and raise and appropriate money to carry out the recommendation or take any other action thereon.

Article 31. To see if the town will vote to sell the rights of burial in the cemeteries owned by them in accordance with Chapter 114, Sections 10 and 15, General Laws.

Article 32. To see if the town will vote to hold the business session of the annual town meeting at a date other than that held for the election of town officers in accordance with Chapter 39, Section 22, General Laws.

Article 33. To see if the town will vote to accept the proposed by-laws as prepared by the committee chosen at town meeting subject to Chapter 40, Section 32.

Article 34. To see if the town will vote to authorize any board of town officers to appoint any of their members to any other office according to Chapter 36 of the Acts of 1929.

Article 35. To see if the town will vote to turn the overlay surplus in the treasury into the excess and deficiency account.

Article 36. To see if the town will vote to turn back into the excess and deficiency account the balance of the appropriation granted at a special town meeting held Au-

gust 3, 1928, for removing rails and paying land damages on Mansfield Avenue.

Article 37. To see if the town will vote the churches and schools the use of the town hall entirely free of charge for purposes subject to the approval of the selectmen.

Article 38. To see if the town will vote to change the name of Library Square beginning at the end of Mansfield Avenue, that part west of the Common to be named Mansfield Avenue, and the part east of the Common to be named Main Street, and the north side to be named Library Street.

Article 39. To change the name to Smith Street of that part of Mansfield Avenue beginning at the reservoir where the new road begins and ending where the new road comes out near the residence of Alden G. Walker and the new part to be named Mansfield Avenue.

Article 40. To name the new road from Chartley Corner to the Attleboro and Norton town line, Main Street.

And you are hereby directed to serve this warrant by posting up attested copies of the body of the same at each of the public meeting houses in said town seven days at least before the time of holding said meeting.

Given under our hands and the seal of the Town of Norton this third day of February in the year one thousand nine hundred and thirty.

ELMER E. LANE,  
JOHN G. ADAIR,  
HAROLD S. WOODWARD,

Selectmen of Norton.

**No School Signals**

7.10 A. M. Three double blasts of the whistles at the plants of Sprague and Reynolds, Talbot Wool Combing Co., Defiance Mfg. Co., and the siren of the Fire Department, signify no session for any school for the day.

7.45 A. M. Same signal signifies no session in the elementary schools for the day.

## REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norton:

The annual report of the School Committee of Norton, for the year ending December 31, 1929, is herewith submitted.

The Committee has carefully analyzed the reports of the Superintendent and his assistants. We hope these reports will receive your detailed examination, for they show the major activities of the past year and also present some of the problems which are under consideration by the School Committee. We are glad to continue our endorsement of the administration of the school, as stated in our report for the preceding year.

The budget for the past year was \$44,500.00. The table below shows (1) how this total was distributed in our estimate, (2) what was actually spent under each item, and (3) how this compares with the expenditures for 1928. The same total of \$44,500.00 will be necessary for 1930.

### Norton School Committee—1929

|                          | Budget             | Expended<br>1929   | Expended<br>1928   |
|--------------------------|--------------------|--------------------|--------------------|
| General .....            | \$ 450.00          | \$ 513.94          | \$ 432.25          |
| Teachers .....           | 24,685.00          | 24,550.28          | 24,468.74          |
| Janitors .....           | 3,396.00           | 3,400.07           | 3,289.00           |

| Books and Supplies ..... | 2,100.00           | 2,058.26           | 2,432.19           |
| Superintendent .....     | 2,400.00           | 2,400.00           | 2,400.00           |
| Physician .....          | 200.00             | 200.00             | 200.00             |
| New Equipment .....      | 245.00             | 245.00             | 245.00             |
| Tuition .....            | 100.00             | 205.94             |                    |
| Repairs and Janitors'    |                    |                    |                    |
| Supplies .....           | 1,675.00           | 1,756.46           | 1,984.21           |
| Sundries .....           | 192.00             | 274.83             | 218.91             |
| <b>Totals .....</b>      | <b>\$44,500.00</b> | <b>\$44,408.72</b> | <b>\$44,320.76</b> |

The general maintenance of the school buildings is satisfactory. The minor repairs and improvements have been made. The largest item for repairs was the shingling of the high school roof. Although a portion of the roof had had fire resisting shingles for some time, the main roof had been the source of danger and the cause of continual leaks for several years. A very thorough repair of the roof was made. All the old shingles were removed and the best quality of modern shingles put on. The roof is, as far as possible to predict, in excellent condition for many years to come.

The high school building has not been painted since 1922. The painting of this building has been under consideration for the past three years, but the need for more urgent repairs has prevented any request for an appropriation for this purpose. It appears to us that this work is now essential. Estimates will be secured and a special appropriation will be asked for in the town warrant. If the citizens approve of this plan, specifications will be given and the bids secured for carrying out the work.

The over-taxing of school facilities at the Center and High School building continues. A careful study of the situation will be made during this year, and the advice and suggestions of other town officials and interested citizens secured before making any formal request or recommendation to the town.

The changes on the teaching staff have been about average in number. Every effort possible to secure strong teachers and to hold their services is used.

The transportation of school pupils is an item which is important in the school budget. It was with difficulty that the amount was kept within the estimated total. The present accommodations are more crowded than we deem advisable. On the present expenditure, no enlargement of present accommodations seems possible.

The committee receives at its monthly meeting numerous reports from the Superintendent and assistants concerning finances, health conditions, school lunch, attendance, school activities, and the general educational progress.

The reports to the State Department of Education, as required by law, have been duly completed. We are pleased

to report the following items of reimbursement to our town on account of schools. It will be noted, that there is an increase this year of \$773.22. The total, \$11,342.94, is over one-fourth of the annual school budget.

### Reimbursements from the State

|                                  | 1928        | 1929        |
|----------------------------------|-------------|-------------|
| General School Fund Part I.....  | \$ 5,060.00 | \$ 5,327.50 |
| General School Fund Part II..... | 4,267.58    | 4,799.74    |
| Superintendent's Salary .....    | 1,157.82    | 1,153.93    |
| Tuition of State Wards .....     | 84.32       | 61.77       |
|                                  | <hr/>       | <hr/>       |
|                                  | \$10,569.72 | \$11,342.94 |

We wish to commend the increased interest on the part of the parents and citizens in the welfare of the school and to express our appreciation of the generous support. A continuation of this spirit will redound to the advancement of the educational opportunity of the youth of the town.

Respectfully submitted,

MABEL H. PERRY, Chairman,  
MYRON T. BRIGGS, Secretary,  
ARTHUR L. VALENTINE.

January 1, 1930.

### REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Norton School Committee:

I have the pleasure of submitting to you my sixth annual report as Superintendent of Schools and the thirty-sixth in the series of reports. I shall give briefly and exactly some of the major activities of your Superintendent during the past year and certain aims and hopes for the future.

Upon examination of the question, it is evident that the selection of teachers is the most important single func-

tion of a Superintendent. For the welfare of the children concerned and the progress of the school system the recommendation of the Superintendent to the School Committee in regard to the election of a teacher is a vital matter. About one-third of our teaching staff is replaced each year, the greater number of changes occurring in the elementary grades. Under our salary schedule this condition is sure to continue and probably increase. Therefore in our town the responsibility for selection of teachers is very great. I have given much time and thought to this matter during the past year. I conceive it the duty of the Superintendent to visit several of our State Normal Schools and Colleges and to be in constant contact with the State Department of Education in regard to prospective teachers. By personal acquaintance with the principals and instructors in various teacher-training institutions the Superintendent can secure more definite, specific, and worth while information concerning the graduates of these institutions than school records and testimonials can possibly furnish.

The students in our Normal Schools and Colleges receive a satisfactory and adequate preparation for the task of teaching. It is this personal contact of the Superintendent through acquaintance and association with the instructors that makes possible the selection of those students possessing to an unusual degree the vital qualifications—earnestness of purpose, co-operative spirit, willingness to work hard and long, and a pleasing personality. I have found a very valuable source of information in regard to candidates in the Teachers' Registration Bureau of the State Department of Education. Mr. Harry E. Gardner, a former Principal of the Norton High School, is in charge of the Bureau. His assistance has been on many occasions responsible for the discovery of strong teachers for our schools.

Six changes in the school staff have taken place during the past year. I believe the selections fulfill the standards which have been mentioned. An examination of the statistics at the end of this report will show the details of these changes. I believe there is ample evidence to show that both those new to the schools and those who have fortunately for the system continued their service are not only maintaining past standards, but are striving for greater

efficiency in securing the highest development of the individual pupil.

Another important detail in the administration of the schools is the selection of text books and general school supplies. Over two thousand dollars are spent each year under this item. The need for this expenditure is beyond question. The principle of free books and supplies is a firmly fixed rule in this commonwealth. The surest way for anyone to be convinced that this amount is not greater than is needed is to visit classrooms to see the equipment, its condition, its amount, and its use. The careful study of the relative cost and value of different items is considered in the purchase of supplies. The teachers are given opportunity to have a part in the determination of books and equipment which they feel are most needed in their respective tasks. A careful budgeting of each teacher's books and supplies is made at the end of each term for the next period. A detailed system for control of materials has been inaugurated since last September. An accumulative inventory of books as purchased showing when and where they are placed is kept for reference in the school office. Each teacher has an inventory of the equipment which is submitted to the office.

It is an important item in the activities of the Superintendent to see that there is adequate and economical maintenance of the school plant. During the summer vacation the larger repairs and alterations are made. By careful planning of the future needs these major repairs can be divided over successive years so that only one or two of these will occur each year. Also the continuous checking of the condition of equipment and buildings to discover and make minor repairs does much to prevent greater expenditure at a later time. The careful work of the janitors is of great value in this matter.

The annual school budget which is the result of a careful estimate of the approaching year's needs, must, when it has been adopted, be carefully administered by the Superintendent. The changing conditions, containing needs which could not be foretold, must be met without curtailing the regular estimated activities. The monthly financial reports (checked in total amount by the town accountant)

furnish the School Committee an accurate statement of expenditure under each item of the budget.

The second main heading under which I am reporting the work of the Superintendent, is supervision. I have given two or three pages to statistics in each annual report on the results of my personal and some standardized tests which had been given. During the past year even more work in this field has been done. Spelling tests based on the regular course of study have been given in all elementary schools five times. The Mental Arithmetic tests following the general plan outlined previously have been given in all grades several times. Several new types of problems have been drawn up for advancing the work in this subject. Standardized reading tests and intelligence tests were given with the assistance of Professor Comfort at Wheaton College. The results were studied carefully and suggestions given in regard to individual pupils who needed special help. In the High School in addition to the regular examinations standardized tests were given in Latin, French, and Mathematics. The general results of the tests in all grades showed satisfactory progress and in most cases scores equal to or above the standard. During this year in addition to continuing the above plans the progress in English in both grades and High School will be studied by means of standard tests.

I wish to give an account of the general procedure and principles involved in the attempt to evaluate, guide, and stimulate the teaching process. Such an account is more fundamental and worth while but not as easy to set forth as the results of a series of standard tests.

The need for supervision of classroom procedure and activities is widely recognized. In handling large groups in several different buildings the same general standard for amount and quality of work is necessary. Educational results should compare favorably with those in other school systems and with experimental standards. There is an especially great need for general oversight in a small town where changes in teachers are frequent, well defined policies and courses of study are not generally well established, and principals spend part or all of their time in teaching. There is most of all a need for someone who is able with a view of the whole system to co-ordinate the efforts of each

part and guide them towards meeting the objectives of the complete educational program.

The spirit of supervision determines the quality and effectiveness of it. Control must be exerted through helpful guidance. Criticism in itself in even its broad meaning is of little value. Dictation is equally ineffective. The best results are secured by a careful analysis of the classroom procedure, the methods and principles involved, and the educational results. This should be followed by both an appreciation of the valuable elements and a presentation of ways and means of increasing the effectiveness of the procedure. There must be present the spirit of co-operative effort in the attempt to meet the many unsolved problems in the path of steady growth, in both educational philosophy and practice, following the onward march of civilization.

I feel the response of the teaching staff has been most whole hearted. The professional spirit has been aroused so that there is not only a willingness but a desire to follow any practical suggestion for improvement and to enter enthusiastically any campaign that has for its aim the advancement of our educational practice.

Some of the concrete means by which these activities are carried out may be mentioned: (1) visits by the Superintendent to the classrooms to note progress, discover needs, give encouragement, suggest further steps, demonstrate procedures, give examinations, etc.; (2) conferences with individual teachers at close of school for careful analysis of problems; (3) teachers' meetings for presentation of general plans and discussions; (4) letters to all teachers giving many details of activities under discussion; (5) a plan for professional reading by the teachers; (6) arrangements for attendance at lectures given locally or in nearby cities by noted experts. All of these means have been in use during the past year.

Closely allied to the principle of supervision is the responsibility on the part of the Superintendent to be the guiding force in shaping the work of the system. He must set standards and goals, stimulate interest to strive towards them and suggest means for reaching these objectives. No one can originate such an ideal accomplishment. He must

build on the old by first filling himself with the best that can be gained from others. Thus he must devote time to professional study analysis of school problems, attend lectures by leading thinkers on educational and social movements, take part in group discussions with others engaged in similar tasks and attend conferences and conventions where these topics will be treated by recognized leaders.

One important objective before all of us in the Norton School system at present is the attempt to study the individual child—to make class procedure, educational standards, time schedules, and subject matter, while worthy and necessary in themselves, secondary to knowing, reaching, and fulfilling the needs of the individual child. Under our conditions—large classes and two or three grades in a room—it is not possible to meet this objective as fully as it should be done. It is significant that the interest in educational matters has turned from the subject matter to interest in the development of the pupil himself. During the past year, by means of a lecture, teachers' meetings for study and conference on means of analyzing the accomplishments, needs, habits, possibilities, etc., of each pupil, and by conferences with each teacher, an attempt has been made to make a beginning in this important work. A pupil should be able to look back on his school days and say that his teachers were, next to his parents, the ones who were most interested and helpful in his educational growth.

As the executive agent of the School Committee the Superintendent must be active in carrying out the policies adopted by the Committee. Countless details of administration affecting all pupils, teachers, and all who do business with the School Department come up for action. The financial status of the department must be maintained in accordance with the budget. These details are important for the smooth operation of the school system.

I recommend to the School Committee special consideration of the following topics.

1. An analysis of the means for relief from the crowded conditions at the Center School is very necessary. The report of the high school principal refers to the conditions there. In the grades in the Center School three rooms have more pupils than desks. This is after placing more

desks in the rooms than is wise for proper conditions. The enrollment has grown from one hundred and ninety to two hundred and twenty-one pupils. The first grade room now is obliged to accommodate a section of the second grade. The seventh grade is also divided between two rooms. Each room has two grades or sections of grades in it. This situation was discussed last year. It has grown worse rather than better. I urge early consideration of this problem.

2. The painting of the Center and High School building is essential. I suggest the securing of estimates or bids and the placing of an article in the town warrant for a special appropriation to cover the expense.

3. The Sturdy School was recently enlarged and renovated. The only major item not completed was the installation of the new type desks in the primary room. I suggest that this be now done.

4. It would be a help to the operation of the high school classes if the graduation of the Senior Class could be carried out a week or ten days before the actual close of the term for the remainder of the school. The practice is in use in a number of high schools.

5. The unfinished room in the Barrowsville School could be made at relatively small expense into a most useful room for physical exercises and play room at recess and noon hours during the winter term. It could be used by the school nurse and physician and as an assembly room for school functions and other community meetings. These uses would not interfere with the use of this room for classroom work at any time that this was needed. I recommend the study of this possibility and its cost.

6. The high school salary schedule allows only the securing teachers directly from colleges and the holding of them for about two years. I urge that the maximum be increased in order to hold teachers longer and secure, when changes occur, teachers with one or two years of experience. The difference in expenditure under such a plan would give increased returns far greater than in hardly any other manner. Also the designation of an assistant principal and the assignment of certain responsibilities in the high school would be advisable.

Many special school and associated activities have been carried on very successfully. These are a part of the established program which is well known.

The reports of high school principal, special supervisors and others who have special responsibilities are attached to this report. These all merit careful reading and consideration. The report of Dr. Clarence N. Davis on the dental work in the schools requires special attention as it is the first published report on the dental work which he has conducted faithfully and at no expense to the town.

I appreciate the kind co-operation and support of the School Committee. I have endeavored to return this in full measure and thus we have unitedly worked for the steady progress of public education in our town.

Respectfully submitted,

LAURENCE G. NOURSE,

Superintendent of Schools.

---

## REPORT OF THE HIGH SCHOOL PRINCIPAL

---

Norton, Mass., December 31, 1929

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Massachusetts.

My dear Mr. Nourse:

I herewith submit the annual report of the principal of the Norton High School.

The active school year opened on September 4, 1929, with a full school program, and all possible progress was made. September 3, 1929 was used as a day of preparation by the teachers, also a teachers' meeting was held to formulate plans. This day of preparation is greatly appreciated by the teachers, as it gives them time to repair and distribute books, etc.

The enrollment this year has surpassed the enrollments for many years, namely 107. At present, we have sixty

girls and forty-three boys. The main room accommodates ninety-one pupils, and the remainder uses the bookkeeping room as a home room. The crowded conditions are obvious, when the main room is used as a combination study and recitation room for four periods each day. The drawing classes use the main room, as no other room is large enough. I maintain that proper study periods cannot be held, while a recitation is being held in the same room. We shall need more room soon, if a normal gain is maintained each year, in the high school population.

Miss Helen MacNabb of the French Department resigned in June to accept a position in the Athol, Mass. High School. Miss Jean Blair, a graduate of Boston University, was secured to take her place. Miss Grace Sullivan resigned on December 20, 1929, to enter matrimony. Mr. James L. Heggie, a graduate of Boston University has been secured for the position.

I believe the school standards are higher than they were a few years ago. More frequent examinations are being held, and more individual instruction is being carried on. Each afternoon finds many pupils back for help in some subject. For the most part, examinations made from, or equal to, the College Board examinations are being given in June. Those who are to take the College Board examination are given extra preparation outside of the regular school time. Those entering college do a grade of college work equal to the graduates from other high schools. The school equipment is in excellent order and the Superintendent furnishes anything which will better the working conditions of the school.

The lunch room at the Center School is in a flourishing condition and is under the wise leadership of Mrs. Wiswall. During the past year, we did nearly \$1500 in business. Food is sold as near cost as is possible and yet allow us to pay our expenses. The public is invited to visit our lunch room any school day. Our lunch room received a certificate from the Massachusetts Society for Better Homes in America. This honor we prize very highly.

The Class of 1929 presented the school with a bronze plaque upon which is printed Roosevelt's Creed. This plaque is located on the the rear wall of the assembly hall.

Greater activity along the line of visual education has taken place this year. During the year, several educational films have been shown to the school. I wish it were possible for us to have a film fund. Some of the best films cost more than we can afford; those we have had were either free or a dollar or two for rental fees. I predict further progress along this line of education next year.

This school building is receiving an ever increased usage. It is used each month by the Parent Teacher Association and each week by the following: the Art Club, School Orchestra, Instrumental Music Classes, Girl Scouts, Assembly for the grades, class rehearsals, and sewing clubs. This additional use costs the town but little more than it would for just school alone. I believe that the public will approve of this extra usage, as the school is an expensive plant to remain idle.

Physical education is handicapped, but we are doing what we can under the present crowded conditions. When the weather permits, the school goes out of doors; when we are unable to go out of doors, the pupils are divided and sent to the different class rooms. The principal has charge of the boys, and some one of the lady teachers leads the girls. With a longer school day and FREE use of the Town Hall, we could do more and better work.

A high school of our size is in need of a hall, where class plays and school functions may be conducted at less cost. The rental of the Town Hall has caused a deficit at some of the school dances. Our main room is unfit for school functions; it is small, and the desks and chairs are stationary. The Town Hall should become the gymnasium of the high school; rent should be abolished for school events; and then, basketball and gymnasium classes could be started. If an article could be inserted in the annual Town Warrant, I believe the citizens would vote for the free use of the town hall, to the schools, under the direction of the Superintendent of schools.

Baseball had a successful season. We won a little over one-half of the games played. This is our only sport, and it is difficult to finance it. When we have our annual drive in the spring, I hope there may be a greater response. Collections at the games net very little cash.

The school physician and nurse have made the required inspections and find that all is well. The annual physical inspection of the pupils was completed early in the school year. The school dentist examined the entering pupils only, and from now on and through the grades, they will be examined each year.

The annual Inter-School Speaking Contest was held in Norton last May. This contest stimulates more pupils into competition each year.

Fire drills are held each month, and this building containing three hundred and twenty-five pupils can be cleared in fifty seconds. Several lines of traffic move at the same time through each exit.

The commercial department continues to be useful in printing programs, notices etc. The department bought a timer, for the speed tests, from their fund.

Following are the awards won in the typewriting department during the year:

| <b>Remington Typewriter</b>   | <b>Award</b> | <b>Net Rate</b> |
|-------------------------------|--------------|-----------------|
| Martha Freeman                | Certificate  | 35.0            |
| Ferdinand Sousa               | Certificate  | 27.6            |
| Helen Whitcomb                | Certificate  | 28.7            |
| Althea Woodward               | Certificate  | 33.0            |
| Florence Scott                | Certificate  | 26.5            |
| Clara Cabisius                | Certificate  | 33.0            |
| Elliot Robbins                | Certificate  | 33.3            |

| Ferdinand Sousa   | Certificate | 39.9     |

Following is the Graduation Program for 1929.

## TWENTY-THIRD GRADUATION OF THE NORTON HIGH SCHOOL

### CLASS OF 1929

Friday, June 28, 1929 Eight o'clock P. M.

#### Processional

Invocation .....Rev. G. Stanley Helps  
 Address of Welcome .....Henri A. Yelle  
 "When the World is New", School Chorus.....E. S. Hosmer  
 Class Prophecy .....Evelyn L. Biscoe  
 Class History .....Dorothy E. Schwerdtfeger

|                                                    |                                     |
|----------------------------------------------------|-------------------------------------|
| "Dance of the Fairies", School Orchestra.....      | J. S. Zamecnik                      |
| Class Poem .....                                   | Bertrand R. Easton                  |
| Class Will .....                                   | Barbara H. Honney                   |
| "A Dream Boat Passes By", School Chorus            | Edwin H. Lemare                     |
| Address, "Life's Response to Earnest Efforts"..... |                                     |
|                                                    | Rev. Simeon Cozad, Mansfield, Mass. |
| Presentation of Washington and Franklin History    |                                     |
| Medal .....                                        | Principal Charles S. Randall        |
| Presentation of Diplomas .....                     | Miss Mabel H. Perry                 |
|                                                    | Chairman of School Committee        |
| "Spirit of Youth" School Orchestra.....            | E. V. Dahlquist                     |
| Benediction .....                                  | Rev. William J. Huizinga            |

#### Recessional

Colors: Old Rose and Silver

Motto: En Avant (Forward)

Flower: Pink Rose Bud

#### Officers

President, Henri Yelle

Vice-President, Barbara Honney

Secretary, Katherine Jackson

Treasurer, Dorothy E. Schwerdtfeger

#### GRADUATES

##### Classical Course

Evelyn Louise Biscoe

Eleanor Frances Bruce

Eunice Lucille Morgan

##### General Course

Barbara Helen Honney

V. Revere Reynolds

Herbert N. Hyland

Ruth Mable Scott

Katherine May Jackson

Genevieve Marguerite Simmons

Michael Radevicz

Winnifred Ruth Witherell

Henri A. Yelle

##### Commercial Course

Bertrand R. Easton

Alfred G. Grund

Dorothy E. Schwerdtfeger

The school paper, "The Parrot", has been printed by a printer for one year. The difficulty of financing this paper

is increasing each year. It is difficult to get the required advertisements, as different Chambers of Commerce have strict rules about advertising. It is impossible to get one advertisement in a nearby city. The officers are working hard, and we all wish for a prosperous year for our school paper.

Excellent co-operation exists between the teachers and the superintendent, and the co-operation between the teachers and myself couldn't be better. This assures progress along all lines of school activity. I wish to thank the School Committee, the Superintendent and the teachers for the support which I have received this year. The parents are co-operating with me, and both absence and tardiness are at a low ebb.

Respectfully submitted,

CHARLES S. RANDALL.

---

### SUPERVISOR OF MUSIC

---

Mr. Laurence G. Nourse,  
Superintendent of Schools,

Dear Sir:

Following is my report as Supervisor of Music in the Norton Schools for the year ending December 31, 1929.

Using the new books of the Music Education Series, which we have in nearly all of our rooms now, the study of music is progressing most satisfactorily at present, in our schools.

The first and second grades are practically doing rote work with simple notation and reading the latter part of the second grade. In the second grade at the Center, we have used our Toy Symphony Orchestra, working out rhythm and time.

A group use the instruments which include small drums, tin triangles, castanet, two tambourines, cymbals,

bells, and sandpaper blocks. We used the "Scarf Dance" by Cecile Chaminade for our first composition; a small group of children sang the words, while the other group played instruments. It is really most inspiring to see the appreciation and effort the children put into this form of rhythmic expression. I am most anxious to start the same kind of work in the Barrowsville and the Sturdy School, but the instruments cost about fifteen dollars a set, and the above schools have no funds available for such use at present.

The fourth, to the sixth grades with their new Elementary and Intermediate Music books are all doing splendid work. The seventh and eighth grades have the new fourth reader which contains the hardest music we have ever used. The seventh and eighth grades from the Sturdy School presented "The Legend of Sleepy Hollow" the first of June, the only grammar grades to present a cantata this year. It was splendidly done, reflecting great credit on Mrs. Sturdy.

Last June, for Grammar Graduation, was the first time we have used only the eighth grades for singing. We presented "Spring Cometh" by Kountz, and it was much enjoyed.

The orchestra this past year has done splendid work, keeping up their interest in rehearsals and playing at many of the school affairs and graduations.

I am glad to be able to report that at the present time there are over twenty taking instrumental lessons from Mr. Weeman of the Boston Music Bureau. We hope for better success than with the concern employed before.

We need new music in the High School. The last books we had in 1925, and we have used them, until the songs are practically rote now.

"Singing is the universal medium of musical expression, and assembly or group singing contributes vitally to the artistic and spiritual nature as well as to the growth of individuality and character."

Thanks for your co-operation and support.

Respectfully submitted,

ALICE M. ILLINGWORTH.

## SUPERVISOR OF DRAWING

---

My dear Mr. Nourse:

I herewith submit my report as Supervisor of Drawing in the Norton Schools.

An outline is given to every grade teacher each month, which is to be carefully followed. The supervisor visits all of the rooms on a regular schedule. There is excellent co-operation on the part of the teachers and pupils. The problems worked out this past year have been similar to previous years, with a greater degree of excellence.

Posters were made for the "Be Kind to Animals" contest by pupils in all grades, and several medals were won.

In the High School, the classes in Mechanical and Free Hand Drawing have increased greatly in size and interest. The quality of the work in both of these classes is finer with a better appreciation of the beautiful.

The Hand Craft Class which meets after school hours continues to be very enthusiastic. Many useful objects have been completed, such as wall hangings in batik, leather tooled pocket books, block printed scarfs, pillows, etc. We are hoping to have a course in metal work in the Hand Craft Class in the future.

An exhibition of drawings and hand craft work from Grades I-VIII and the High School Mechanical and Free-Hand Classes was held in June, with a very large attendance which was most gratifying.

I am most grateful for the kindly appreciation and co-operation of the School Committee, Superintendent, Principals, and teachers, who have helped to make "Art" more vital this past year.

Respectfully submitted,

ROWENA BROWN RICE,

Supervisor of Drawing.

## SUPERVISOR OF PENMANSHIP

---

Norton, Mass., December 30, 1929.

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Mass.

Dear Sir:

I herewith submit my report as Supervisor of Penmanship during the past year.

A full schedule in the commercial department of the high school makes it impossible to give to the work the time required for proper supervision. However, by following the plan outlined in the report of last year, it has been possible to keep in touch with the work done in the grades.

Three new teachers are taking the normal training course leading to the teacher's certificate in writing. Classes are held on alternate Tuesdays for these teachers and for any others who care to attend. With the exception of the new teachers who are taking this course and one of the older teachers, all others have certificates.

As in past years, the goal for achievement in the grades is the final certificate. Eighth grade teachers are urged to put more effort into the work in writing, if any pupils come to them without final certificates, so that their graduates may not have this additional course to carry in high school. This year, however, there are nineteen students in the freshman class, who did not attain the required degree of excellence in the grades, and therefore are required to work for their penmanship certificates besides carrying the regular high school subjects. It is hoped that this number will be reduced to a minimum next year.

Following is a tabulated report showing the percentages of required awards won in the different rooms during the past year:

|                            | Silver<br>Star | Gold<br>Star | Palmer<br>Method<br>Button | Merit<br>Button | Progress<br>Pin | Final<br>Certificate |
|----------------------------|----------------|--------------|----------------------------|-----------------|-----------------|----------------------|
| High School                |                |              | 100                        | 100             | 100             | 85.7                 |
| Center, 7, 8               |                |              | 100                        | 97.6            | 90              | 63.4                 |
| Sturdy, 7, 8               |                |              | 90                         | 83.9            | 64.5            | 25.8                 |
| Barrows-<br>ville, 6, 7, 8 |                |              | 96.4                       | 96.4            | 85.2            | 53.8                 |
| Center, 5, 6               |                |              | 85.7                       | 78.6            | 45.2            | Gr.7,8               |
| Sturdy, 5, 6               |                |              | 90                         | 83.9            | 25.8            |                      |
| Barrows-<br>ville, 4, 5    |                |              | 91.3                       | 78.3            | 21.7            |                      |
| Center, 3, 4, 5            |                |              | 92.4                       |                 |                 |                      |
| Sturdy, 3, 4               |                |              | 76.5                       | 38.2*           |                 |                      |
| Center, 2, 3               | 80.5           | 90           | 100 (Gr. 3)                |                 |                 |                      |
| Sturdy, 1, 2               | 100            | 100          |                            |                 |                 |                      |
| Barrows-<br>ville, 1, 2, 3 | 100            | 94.1         | 88.9 (Gr. 3)               |                 |                 |                      |
| Center, 1                  | 75             |              |                            |                 |                 |                      |
| Number 8, 4, 5             |                |              | 21.9                       |                 |                 |                      |

\*Not required.

To win the award required for each grade, a certain degree of skill and perfection must be attained, but if this is not carried over into all other writing, the time spent in working for the award is wasted, and the award itself does not mean anything. The help of the parents and teachers is asked in encouraging the pupils in both grammar and high school to carry over the work done in the penmanship class to **all** written work.

In closing, I wish to thank the Superintendent and Teachers for their co-operation in trying to raise the standard of the writing in the Norton Schools.

Respectfully submitted,

HELEN J. CAFFREY,

Supervisor of Penmanship.

**SCHOOL PHYSICIAN**

---

Mr. L. G. Nourse,  
Superintendent of Schools,  
Norton, Mass.

Dear Sir:

All students attending the Norton Public Schools have been examined according to the specifications of the Department of Public Health, and wherever departures from the normal were noted, the individuals suffering from same were advised relative to the correction of their defects.

In most instances, I am happy to say, the corrections were made, and much improvement noted.

The summer round-up work was a success, and I wish to thank all who participated in the work as well as the parents who brought their children for examination. A check-up of the child's physical condition before sending him to school is of great importance in assuring him of a good start in school life.

The Diphtheria Prevention work also was a success. More and more people are being convinced that by use of the Diphtheria Toxin Anti-Toxin, this dread disease may be practically stamped out.

There were a small number of children treated at my office who received minor cuts and abrasions while playing at school during recess.

Health conditions in the schools are good due to the efforts of the School Nurse, teachers, and janitors, and I wish to thank them.

I trust that such splendid co-operation on the part of the above is appreciated by all.

Yours very truly,

ELMER W. CLARKE.

## SCHOOL DENTIST

---

Mr. Laurence G. Nourse,  
Superintendent of Schools,  
Norton, Massachusetts.

My dear Mr. Nourse:

I enclose the report requested by you, of the dental work done in the Norton Public Schools.

This being the first report of this work to be presented, may I review briefly what has been done over the entire period that this work has been carried on.

The School Dentist was appointed by the School Committee in April, 1926, and the work has been carried on since that time under the auspices of the Norton District Nursing Association, of which body I have the honor of being President.

During April and May of the year 1926, using a portable Dental Chair, supplied by the above association, I visited all the schools of Norton and made a thorough examination of the teeth of all the pupils—504 in all. The condition found in a great many cases was distressing, but a chart of each child's mouth, giving the result of the examination was sent to the parent, together with a leaflet which had been prepared to accompany the chart, explaining the condition found and the necessity of taking the child to the family dentist.

This general examination, if it accomplished nothing more, certainly brought to the attention of the parents the necessity of dental care, but it also proved that such an examination each year was too much of a task, and the benefit to be derived from it too uncertain.

During 1928, a pre-school Clinic was held. This was a success so far as these younger children were concerned, but we still had not arrived at any satisfactory conclusion regarding any systematic work with the regular pupils.

Early in 1929, our District Nurse solved the problem by suggesting to me that we examine carefully all the first grade children and do whatever work was necessary to give

them their Dental Certificates. I heartily agreed with this proposal. The work was done, and the following table illustrates the results accomplished.

### RESULT OF EXAMINATION OF 1ST GRADE PUPILS APRIL, 1929

Number found with perfect teeth, 3.

These children needing treatment were brought to my office by the District Nurse, and the required work done. Results of the examination have been kept on record, and this year, I will examine these same children, now second grade pupils, and also take up this year's first grade as last year.

The pre-school clinic was again tried this year in June, and 26 children were examined, who were to begin school in September. Of those examined, five were found perfect. This pre-school Clinic appeals to me strongly, for each child is accompanied by the mother and the School Physician, Dentist, and Nurse are in a position to explain to her directly what the trouble is and the remedy.

In closing, I wish to thank those ladies of Norton who assisted in the Clinics, the Superintendent of Schools, the High School Principal, all teachers who have always been anxious to co-operate in this work, and Miss Ring who has assisted me in every way possible and to whose efforts much of the success of the Dental Clinic is due.

Respectfully submitted,

CLARENCE N. DAVIS.

---

## SCHOOL NURSE

---

Mr. Laurence G. Nourse,  
Superintendent of Schools,

Dear Sir:

The health of our children is an asset to our community. This year marks the beginning of a definite dental program which we hope may be carried on indefinitely. The School Dentist examined all first graders, and wherever defects were noted, a notice was sent to the parents. Those who were unable to go to their own dentist were cared for at the Clinic, free of charge. This was made possible by the District Nursing Association, and ten patients were cared for at the Clinic.

The Diphtheria Prevention work, which was started a year ago, was followed up with the Schick Test this year. All those who showed a positive reaction to the test were given treatment again. This year, we inoculated 140 children with the preventive serum; eleven of these were pre-school children.

In June, May Day or Health Day was celebrated in the schools. Weight and Posture tags were given this year as previously. This year we gave out 60 T cards for good teeth. Ten of these cases had been cared for at our Dental Clinic, 5 others were given to those who brought signed certificates from their own dentists. Arm bands were given to the first-graders who received all three cards.

Later in June, a pre-school examination was held at the school, under the supervision of the Parent-Teachers' Association. Thirty-one pre-school children were examined by the School Physician, Dentist, and Nurse. A notice of defects was sent to the parents of the children who were not accompanied by their parents at the examination. The aim of this examination is for the correction of defects, before the child enters school in the fall. Twenty-six of the thirty-one examined were found to have remedial defects.

Six children (three or more years retarded in school) have been examined by the State Mental Clinic. A pre-

liminary questionnaire was checked up by the School Nurse who made a home visit on each case. In this way, it can be determined whether a child is suffering from a mental or a physical handicap.

During the summer vacation, several children needing tonsil and adenoid operations were cared for at the Sturdy Hospital. Two underweight children were taken to the Health Camp at Briggs Corner and returned with marked physical improvement. This Camp is supported by the Christmas Seal Sale money.

Measles and impetigo have been our only serious epidemics this year. During epidemics, classroom inspections are held frequently to detect any possible contact cases.

Exceedingly good health has prevailed in the Norton Schools, this past year. Fewer epidemics, defects, etc., show that all our efforts have not been in vain.

In closing I wish to thank the Superintendent, Principals, classroom teachers and all those who have in any way made this year successful.

Respectfully submitted,

M. DRUSILLA RING, R. N.,

School Nurse.
